Note: For Project Bidding, repayment of the entire PEMD contribution is required if the applicant is successful in obtaining any contract deemed by the Department to be related to the effort. However, in cases where the contract obtained is less than 5 per cent of that anticipated, EAITC may agree to a reduced repayment.

If PEMD assistance is provided more than once to the same applicant for activities in the same market area, sales made in that market area must be reported for each of the PEMD projects and repayment made accordingly. Each project is a separate entity, with its own PEMD contribution and agreement.
