Stephen Tadman General Manager; Sales & Marketing

Artmet Systems Inc. is a western Canadian manufacturer of a full range of commercial Office and Institutional furniture. The product offering includes Systems Furniture, Laminated Modular Casegoods, Wood Executive Furniture, School Desks, Library Shelving, and Ergonomic Seating. The majority of modular furniture is manufactured utilizing KD construction, which minimizes freight cubic requirements.

Artmet Systems Inc. currently markets through sales offices in major Canadian cities. The Company is interested in expanding its distribution into the United States, with particular emphasis on the west coast.
