

13. In the light of disturbing evidence of irregularities concerning some projects, your Committee RECOMMENDS that all the Company's projects be reviewed and evaluated.

SAULNIER EVIDENCE

V. In the course of the hearings, your Committee received the evidence of the Chairman of the Executive Committee of the City of Montreal, Mr. Lucien Saulnier, and of Maître Michel Côté, Attorney in Chief of the City of Montreal. They produced evidence to support the view of the municipal authorities of Montreal that there are serious problems of subversion involving the security of the country. They presented a great deal of evidence pertaining to very serious disturbances which have occurred in Montreal and in which individuals connected with the Company obviously participated. They suggested that the involvement of these individuals in allegedly subversive activities in the Montreal area represented only a small portion of subversive activities threatening the State and urged that your Committee recommend the institution of a Royal Commission to inquire generally into subversion in Canada. In view of the necessarily limited amount of evidence presented to your Committee, and in view of the restrictions imposed on your Committee's inquiry by its terms of reference, your Committee suggests, with respect, that Mr. Saulnier's evidence and representations be given further study and consideration by the appropriate Ministers of the Crown.

A copy of the relevant Minutes of Proceedings and Evidence (*Issues Nos. 1 to 16 inclusive*) is tabled.

(*The Minutes of Proceedings and Evidence accompanying the said Report recorded as Appendix No. 10 to the Journals*).
