

FEDERAL PLAN OF GOVERNMENT TO SOLVE HOME RULE PROBLEM

Suggestion Was Made by Sir Edward Grey in Speech in Commons — Otherwise Imperial Parliament is in Danger of Going Under, He Said.

LONDON, March 31.—The establishment of a federal system of government for the British Isles was suggested to the house of commons today by Sir Edward Grey, as a solution of the home rule problem.

Sir Edward Grey added that if there had been a general election last week it would have been upon a much graver issue than home rule. If the army took active sides in politics the country would have faced a graver problem than it had faced in the last three centuries.

The foreign secretary said that if there was any question raised of government by parliament without interference, he himself took a stand as firm as that of any labor member.

Sir Edward Grey said he believed that if the difficulty was not solved by the federal system, the country would go under through the sheer inability of parliament to transact its business. If he added an election could be assured on the terms of securing the abolition of plural voting and of placing home rule and the federal system on the statute book, the method would be worthy of consideration.

FAKE TELEGRAM CAUSED TROUBLE

Father and Son Taken Into Custody on Conspiracy Charge.

For a matter of nearly six months now two rival fish dealers in "The Ward," Samuel Wronolowski of 104 Elizabeth street, and P. Robinsky, 333 Elizabeth street, have each been sitting up nights brooding ways and means of putting the other fellow out of business.

Solomon reasoned that, as Robinsky had set up business to sell all the fish in "The Ward," he couldn't have too many of them on hand, and so he dispatched a telegram in his father's name to a Belleville fish supply company, to deliver to him immediately five cases of fish, a quantity which, as the Belleville concern realized, Robinsky could never have time allowed for keeping dead fish in a healthy condition.

Solomon evidently did not realize that "faking" telegrams constitutes forgery, just as much as signing another man's name to a cheque. Father and son will appear today in police court.

CROOKED DEALINGS CANNOT BE PROVED

Detectographs Would Have Revealed Sinister Doings Regarding N. T. R.

the country might have direct evidence of crooked dealing which could now only be inferred from the undisputed facts of the case.

Mr. Lechance (Quebec Centre) followed, also in French, speaking largely from the standpoint of Quebec City. He declared that the present government had degraded the standard of the National Transcontinental between Ontario and Quebec, and had made changes in the terminals at Quebec City against which the chamber of commerce had strongly protested.

Mr. McCurdy (Queens and Shelburne) said as a Canadian he was sincerely disappointed that the Liberals of the province to explain all the enormous discrepancy between the estimated cost of the road and its actual cost, in 1903, after making the best expert advice obtainable, the then minister of finance, Hon. W. S. Fielding, a careful and cautious man had declared that the road from Montreal to Winnipeg would not cost over \$61,000,000.

Mr. Lechance (Quebec Centre) followed, also in French, speaking largely from the standpoint of Quebec City. He declared that the present government had degraded the standard of the National Transcontinental between Ontario and Quebec, and had made changes in the terminals at Quebec City against which the chamber of commerce had strongly protested.

WILSON'S STAND WAS SUPPORTED

Repeal of Panama Tolls Exemption Easily Carried in Congress.

the speaker was triumphant in defeat, for the entire legislative assemblage, in which were many senators, rose on a mass to cheer him.

President Wilson was at dinner when the result of the vote was announced. He was gratified, but made no comment.

In the senate the bill will be referred to the committee on inter-oceanic canals, of which Senator O'Gorman of New York is a vigorous opponent of the measure, is chairman. Senator O'Gorman has said he would call a meeting of the committee at once to consider the bill.

Mr. Lechance (Quebec Centre) followed, also in French, speaking largely from the standpoint of Quebec City. He declared that the present government had degraded the standard of the National Transcontinental between Ontario and Quebec, and had made changes in the terminals at Quebec City against which the chamber of commerce had strongly protested.

HOTEL MANAGER WAS IGNORANT

Did Not Know That Ropes Should Have Been in Every Room—No City Officials Will Be Shielded; Says Corporation Counsel at Woodbine Inquest.

George A. Spear, managing director, and William Gray, assistant manager, of the Woodbine Hotel, both swore ignorance of the provincial regulations calling for fire escapes or fire ropes in each room of a hotel, at the sitting of the inquest last night.

Stranger tales were told by several witnesses of electric shocks received from metal fittings in the hotel, and Manager Spear gave evidence of a small fire which originated at a push button in room 304, and which required only when there were no escapes.

Corporation Counsel Gray said during the hearing: "I want to make it plain that the city want none of its officials shielded. The enquiry must be thorough."

Witnesses were told by several witnesses of electric shocks received from metal fittings in the hotel, and Manager Spear gave evidence of a small fire which originated at a push button in room 304, and which required only when there were no escapes.

ATTACKS ON KING HAVE NOT CEASED

Demand Made That "Exact Truth" of the Situation Be Revealed.

LONDON, March 31.—The Liberal, radical and labor papers continue to attack the King and the army, while the opposition papers are trying now to distract attention from these questions. The Evening News even goes so far as to say that the cry of the arms of the people is raised to demand the failure of the Insurance Act.

The radicals refuse to be turned aside, and the Star, yesterday, talking on the text of the most imprudent article of the Conservative "Sunday Times," alleging to give details of the interference of the King, was a column editorial denouncing the alleged action and saying: "It is imperatively necessary to know the exact truth. The people came very near the edge of an abyss and are not going to let it pass in silence."

Lord Roberts, the Archbishop of Canterbury and Mr. Balfour. This statement is true, makes a direct charge between the King and the Government, while it is an invention, law that the King should consult only his ministers. To make the matters worse, the Sunday Times alleges that the King told Mr. Asquith: "The Parliament does not apply to the King, and final appeal lies with the King."

It seems impossible that the government can hold on much longer, and it seems certain that the campaign will be chiefly fought on the lines as to whether parliament, the King or the army is to rule, with the election outlook for the government much better than a fortnight ago.

RIFLES FOR ULSTER STRANGELY MISSING

Disappeared From Vicinity of Danish Island When Seizure Threatened.

COPENHAGEN, Denmark, March 31.—A mysterious cargo of 200 rifles supposed to be intended for Ireland, disappeared from the vicinity of the Danish island of Langeland during the night after an embargo had been placed on it by the authorities.

The rifles were brought to Langeland on board a lighter from Hamburg, which anchored off the island. A short time afterwards the Norwegian steamer Fanny drew up alongside and proceeded to take the arms on board.

The Danish authorities then came to the scene and seized the papers of the lighter and the steamer, whose commanders were ordered to await further instructions. Today the two vessels had vanished.

STUDENTS DRAW PLANS FOR DOMINION GOVT

Varsity Men Win Prize Offered by Department of the Interior.

Results of a competition for plans for a power house on the Cascade River, near Banff, Alta., were announced yesterday by the department of the interior, Ottawa. The competition was for plans and elevations and students in the faculty of architecture, University of Toronto, were alone eligible. The winners were: first prize, \$25, A. C. Wilson, fourth year; second, \$15, Merrill Denison, third year; third, \$10, Lester Hudson, second year. A. C. Wilson, Hugh Watson and Hugh Houston, a third year student, were honorably mentioned.

PERSUADE MORLEY TO RETAIN OFFICE

Informers Lords He Has Yielded to the Solicitations of Ministers.

LONDON, March 31.—Viscount Morley of Blackburn, lord president of the council, today abandoned his intention of resigning from the cabinet, which he had intended to do at the end of the day.

The cabinet met today, and the strongest pressure was brought to bear upon Lord Morley not to add to the difficulties of his colleagues by giving up his office.

When the house of lords met later in the day Lord Morley announced to the members that he had not quit the cabinet.

Viscount Morley said: "If Colonel Seely's first resignation had been accepted by Premier Asquith mine would have followed. I having been a party to his irregularly adding the two peccant paragraphs to the cabinet document."

Lord Morley contended that Col. Seely's second resignation was independent of what had occurred between himself and the then secretary of war, and was for the purpose of disposing of all appearance of the minister having made a bargain with the military officers.

The lord president of the council reiterated his belief that the spirit of the two paragraphs added to the memorandum sent to Brigadier-General Gough was not at all alien to the view of the government. The vital fact, so far as his action was concerned, he said, was that when he saw the paragraphs he had not seen General Gough's request for assurances.

DUBLIN, March 31.—A report is current that General Sir Arthur Paget, commander-in-chief of the British forces in Ireland, whose remarks to officers stationed in the Curragh provoked General Hubert Gough and half a hundred others into resigning about to send in his own resignation.

Two local detectives are slated for operating table at the hospital, Detectives William Wallace and Bart Cronin. Wallace for some time now has been troubled with a growth on his left hand and under a doctor's advice will have it removed, it may be necessary to cut away part of the foot.

Detective Cronin is suffering from torn ligaments in his left shoulder, received when arresting Jack Oliver, a copkiller, in Simpson's street a month ago.

HOMESEEKERS LEFT FOR WESTERN CANADA
Twenty-Four Cars Needed to Carry All Who Left on C.P.R. Last Night.

A big exodus to western Canada took place last night when special C.P.R. and G.T.P. train homeseekers and settlers left the Toronto Union station for the west. So great was the number that the C.P.R. found it necessary to run two sections with a total of twenty-four cars.

A number of newcomers was also witnessed at the Union Station last night, when about five hundred immigrants landed from the steamship Manticome came in. Two hundred of these stayed off at Toronto, and the remainder went west.

ANOTHER SETBACK FOR ANTI-BETTING BILL
Canadian Press Despatch.
ANNAPOLIS, Md., March 31.—Another setback was given anti-race track gambling by the Maryland Legislature tonight, when the senate re-committed to the finance committee the Williams anti-betting bill. The bill cannot now be ordered out of that committee for fifteen days, before the expiration of which the legislature will have adjourned.

WILL BE TRIED AGAIN ON CHARGE OF MURDER

Jury Disagreed in Trial of Man Accused of Killing Wife's Grandmother.

HALIFAX, March 31.—The jury in the case of James Murphy, charged with the murder of Mrs. Margaret Brown, his wife's grandmother, today failed to agree on a verdict and discharged. Murphy will have to stand a second trial, which will probably take place immediately.

ST. JOHN'S, Nfld., March 31.—The worst blizzard of the winter is now raging. Trains and steamers have been delayed and the streets will be hampered by the falling snow.

NEWFOUNDLAND SWEEP BY A FIERCE BLIZZARD
Trains and Steamers Blocked, and Sealing Fleet is Hampered.

ST. JOHN'S, Nfld., March 31.—The worst blizzard of the winter is now raging. Trains and steamers have been delayed and the streets will be hampered by the falling snow.

TORREON NOT CAPTURED GEN. CARRANZA ADMITS
But Rebel Leader Says He Expects to Report Success Soon.

MOUNT FOREST MAN DEAD.
LONDON, March 31.—The death occurred yesterday of Alexander Allen, a well-known and widely known citizen of Mount Forest.

GORDON WALDRON GIVES VIEWS ON THE SINGLE TAX QUESTION

Worst Kind of Socialism, He Says, and Charges Single Taxers With Not Sticking to True Facts and Exaggerating Those They Had.

An interesting address was delivered by Gordon Waldron at the Williams Cafe, Yonge street, last night, on the subject of "Why I Am Opposed to Single Tax."

The meeting, which was under the auspices of the Single Tax Association, was largely attended. The audience comprising members of that association and it was with some little difficulty that Mr. Waldron was allowed to proceed with his address.

Some Objections.
The speaker first pointed out some of his objections to the manner in which the Single Tax Association carried out their program. They did not stick to true facts, they exaggerated what facts they had.

Mr. Waldron then went on to point out that if the exaggerated wealth which had accrued to large stores had been built on plots of land which were an outrage and an injustice, why did the people of the smaller towns continue to leave their homes and flock into the large cities, where such evils existed, and pointed out that what other cities had lost Toronto had gained.

Worst Socialists.
The speaker disputed that the land of every country belonged to the people of that country as an individual, and referred to the program of the single taxers as "the most grotesque propaganda," and stated that they were the worst kind of socialists.

MEXICAN RAILROADS CARRYING NO FREIGHT

Lack of Fuel Oil Has Given Rise to Serious Situation.

MEXICO CITY, March 31.—A shortage of fuel oil, caused by inability to reopen the line between Tampico and San Luis Potosi, has resulted in the suspension of the freight traffic on all the national lines except that between the capital and Vera Cruz.

MADAME CALVE ROBBED.
NICE, France, March 31.—Mme. Emma Calve, the singer, has been robbed of a quantity of jewels. The police suspect an employe of Mme. Calve, who has disappeared and is supposed to have fled to Italy.

AMERICAN RAILWAY MAN GOES TO ENGLISH JOB.
NEW YORK, March 31.—Henry W. Thornton, the American chosen to manage the Great Eastern Railway of England, sailed tonight for London. He said today that in England he would establish his residence near his office and devote all his time to learning his new trade.

RUSSIAN WOMEN SOLD IN SLAVERY
Discovery in California That Seventeen Thousand Are in This Position.

LOS ANGELES, March 31.—When Sarah Kotoff, member of the Russian religious sect known as Molokaneky, appeared in court to prosecute her husband, Jacob Yuren, for failure to provide for two children, it developed that neither she nor any of more than 17,000 young women members of the Russian colony here were married, as marriage is viewed by American courts.

Mr. Douglas then addressed the meeting and pointed out the length of time it would take a man to save the wealth of the Duke of Westminster if he was allowed to save \$5000 a year.

Mr. Wood then took a hand in the proceedings and stated that the question of people leaving smaller cities to go to a larger one "Does this fact not prove that the people are attracted to the wealth of the land. Before the people came to Toronto was the land as valuable as it is today, and it is for this reason that the land owners should pay the taxes."

Mr. Bengough dealt with the question on a biblical basis. He pointed out that God made the land and then the man, and that the man should be able to take it as hard to believe that the maker should have been so forgetful as to neglect to make the means for the people to live. He had provided for the man, and the man should be able to take it as hard to believe that the maker should have been so forgetful as to neglect to make the means for the people to live.

MRS. HENRY SIEGEL SUES FOR DIVORCE

Wife of Indicted Banker and Merchant Seeks Absolute Decree.

NEW YORK, March 31.—Suit for absolute divorce was filed today against Henry Siegel, the indicted merchant and banker. His wife, whose name appears in the papers as Marie Vaughn Siegel, names two co-defendants, mentions another whose identity is unknown, and charges that her husband's unfaithfulness has been going on since Nov. 23, 1910.

MISS SMITH AND "MRS. EDDY" ARE SPECIFIED COUPLE LIVE APART.
NEW YORK, March 31.—Suit for absolute divorce was filed today against Henry Siegel, the indicted merchant and banker. His wife, whose name appears in the papers as Marie Vaughn Siegel, names two co-defendants, mentions another whose identity is unknown, and charges that her husband's unfaithfulness has been going on since Nov. 23, 1910.

INCREASED USE OF GAS.
As the use of anthracite as a manufacturing fuel has been eliminated it is not affected to the same extent as bituminous coal by the production of the principal influence being the temperature during the winter. The mild winter season of 1912 and the closing months of 1913 caused the production to fall below that of 1911.

THE PRODUCTION OF ANTHRACITE COAL IN PENNSYLVANIA IN 1913 SHOWED AN INCREASE OF 10 TO 20 PER CENT. IN THE VARIOUS PARTS OF THE STATE DUE PARTLY TO THE FACT THAT THE PRODUCTION IN 1912 WAS RESTRICTED TO SOME EXTENT BY THE PARTIAL SUSPENSION OF OPERATIONS ON APRIL 1 DURING THE WAGE SCALE NEGOTIATIONS.

LABOR CONDITIONS IN THE KANAWHA DISTRICT OF WEST VIRGINIA HAD SOME INFLUENCE ON THE BITUMINOUS TRADE IN PENNSYLVANIA, ESPECIALLY IN THE WESTERN PART OF THE STATE. THE OPERATIONS COMPLAIN OF A SHORTAGE OF MINER, chiefly of miners, which extends over central Pennsylvania into the Westmoreland gas-coal field and the Connellsville coke-coal district. It is also stated that the effect of the shortage in labor supply has been accentuated by the tendency on the part of miners to work fewer days.

URGES QUICK TRANSFER OF PROVINCIAL LANDS
Hon. J. A. Turgeon Would Leave Question of Compensation to Arbitration.

CANADIAN PRESS DESPATCH.
SASKATOON, March 31.—Hon. J. Turgeon, minister of the interior, today urged the transfer of the provincial lands, at a public meeting held in Wilkie tonight. He urged that the Dominion government transfer the public domain to the province for the purpose of demonstrating dairy work. The total of 6535 farmers who had exhibited the interest in the instruction, is taken in disproof of the statement that the present trend toward diversified agriculture.

AGRICULTURAL TREND.
SASKATOON, Sask., March 29.—During the past month, the special commission of the provincial department of agriculture, dairy branch, visited seventy-two points throughout the province for the purpose of demonstrating dairy work. The total of 6535 farmers who had exhibited the interest in the instruction, is taken in disproof of the statement that the present trend toward diversified agriculture.

OUTPUT OF COAL PASSES RECORDS

Pennsylvania Mines Yield Big Increase in Past Twelve Months.

WASHINGTON, March 29.—Pennsylvania broke all previous records in the production of coal in 1913, according to advance estimates by E. W. Parker, of the United States geological survey, having a combined production of hard and soft coal amounting probably to 287,000,000 short tons.

THE BUREAU OF ANTHRACITE COAL STATISTICS OF PHILADELPHIA REPORTS THAT SHIPMENTS OF ANTHRACITE IN THE 11 MONTHS ENDED NOV. 30, 1913, AMOUNTED TO 65,407,010 LONG TONS AND SHIPMENTS DURING DECEMBER APPROXIMATED 5,000,000 TONS, MAKING THE TOTAL FOR THE YEAR ABOUT 69,407,010 LONG TONS.

THE COLLIERY CONSUMPTION AND THE COAL SOLD TO LOCAL TRACTS REPRESENTED ABOUT 15 PER CENT OF THE SHIPMENTS, SO THAT THE TOTAL OUTPUT DURING THE YEAR IS ESTIMATED AT 79,930,000 LONG TONS, 4,500,000 TONS MORE THAN THAT OF 1912, when operations were suspended for seven weeks during April and May pending an adjustment of the wage scale, and about 930,000 tons short of the record output—80,771,438 long tons, mined in 1911.

ON SUCH A PRODIGIOUS RECORD NEW DISCOVERIES ARE HARDLY TO BE EXPECTED. GREEK MINOR, Basil Mathews, editorial secretary of the Hellenic Missionary Society, who has for the past five months been traveling over almost the whole of the historic ground covered by St. Paul in his missionary travels has returned to London.

MR. MATHEWS, as a result of the suggestion of his volume, "Livingstone's Pathfinder," published eighteen months ago, was requested by Partridge to play a visit of some months to the east as a preparation for writing a life of St. Paul for boys. Of all the travels he has published on the missionary apostle, none has been so successful as this one. An examination of the notes and so-called cross-examination of the text, as well as the exception of Malta and Cyprus, which were visited by St. Paul, has been practically every city and village mentioned in the New Testament narrative.

A CHALLENGED THEORY.
