WELL THOUGHT OF.
Jim McDonald and John Tweed Figure in Presentations.

A gathering of street railway employees and business agents of the different labor organizations at the Labor Temple last night presented James McDonald, business agent of the street railway men, with a purse of gold and a suit case in honor of his pending wedding.

The purse was presented by J. W. Williamson, president of the Street Railway Employees' Union, assisted by W. T. Thompson, on behalf of the Brotherhood of Carpenters. The suit case from the business agents was presented by John Tweed and J. B. Saunders. Mr. McDonald is wed Miss Fitzgerald of Brooklyn-avenue at 9 o'clock today.

Another ceremony followed, in which John Tweed was given a suit case by the local Brotherhood of Carpenters. Mr. Tweed, who for the past two years has officiated as agent for this craft, is assuming the new office of general organizer for the Brotherhood of Carpenters. John Virtue and William Storey made the remarks attending the latter ceremony.

The local pressmen met at the Labor Temple last night and appointed J. Barber and John D. Wood delegates to the international convention, which meets at Pittsburgh this year. Edward H. Randall, first vice-president of the International Pressmen's Union, is out this year for the presidency.

It will likely be two or three weeks before the report of the arbitration committee upon the trouble between the Street Railway Co. and the employees will be ready.

LITTLE GIRL HURT.
Two-year-old Pearl Maurus, 10 Vansaulay-street, had her collarbone broken yesterday by being knocked down by a wagon driven by John Smith, 15 Dorchester-street.

More Deadly Than Famine.
Neglected catarrh sooner or later causes consumption, which destroys more human beings than famine and war combined. The way "Catarrh" cures catarrh is very simple; it first kills the germs that cause the irritation; then by soothing away the congestion and inflammation it cures the discharge, hawking and dropping in the throat. "I suffered so continually from nasal catarrh," writes Dr. R. Dakin of Rosemont, "that I scarcely knew what it was to be free from headache and pain over the eyes. Catarrhazone relieved me at once and made a thorough cure." No other remedy cures like "Catarrhazone"—try it for your next cold.

Toronto Junction, June 4.—The town council met to-night, Councillors Armstrong and Baird absent. The solicitor was instructed to pay J. J. Cook \$72.34, paid by him at a tax sale some time ago, for the read 50 feet of lots 5 and 6, plan 654, wrongfully sold by the town, and \$125 will be paid to the solicitor to settle other pending litigation. Parties watering lawns during illegal hours will be prosecuted. Cawthra-avenue will be graded. A number of residents of Pacific-avenue complained of the erection of a shed by the ratepayers within the fire limit bylaw. A bylaw was passed to borrow \$5000, on receipt of the first installment of taxes. Councillor Howell complained of the way ash and garbage were dumped on Willoughby-avenue. The tender for 1000 barrels of cement was given to the Ontario Lime Association at \$1.38 per barrel. All the retail merchants except the drygoods, will close on Wednesday afternoons during the months of June, July and August. A compromise must be between the business men in town is being arranged.

North Toronto.
Ex-Councillor Alex. Doge moved to town again. Preliminary work started yesterday for the erection of St. Monica R. C. Church on Broadway-avenue, to cost \$28,000. Raymond C. Rolph, late of St. Mary's, has accepted the call to Zion Baptist Church, his duties to begin at once. J. H. Harrison of the 3rd concession, East York, while driving home on Sunday evening, had the misfortune to have his horse drop dead as he was passing the house of a neighbor. While pasturing his horses on Sunday James Ryan of York Mills lost a valuable horse, which was kicked by another horse, breaking a leg. W. A. Clarke, York Township clerk, and W. J. Hill, registrar, were witnesses in the case of theft of a moose during the last shooting season from Mr. Clarke. A. H. Germain complains that the Metropolitan Railway Company encroached upon his legal clearance from his fence with their switch at York Mills Hill. The Metropolitan was notified last fall to remove the switch further east upon Yonge-street. The company has refused to do so. Mr. W. A. Clarke wishes the town's instructions obeyed. The matter comes up in council to-night.

Dovercourt.
In that portion of the Township of York lying north of St. Clair-avenue commonly known as Prospect Park, property is being rapidly settled by English and Scotch mechanics, mainly employed in the Canada Foundry and the surrounding factories. Each person buys from one to three lots and builds just a single house on the property bought, completing them and paying for the lots on the savings effected in rents. Lately these people have opened up a hall for meetings and entertainments, and weekly social gatherings are quite common events. They are now asking the council to take over the roadway thru the property.

Swansea.
Both Sunday services at St. Olave's Church were of an impressive character. The handsome altar cloth, which for the first time draped the altar-table, was presented by the churchwarden, the Rev. J. W. Tennant. The design is quaintly ecclesiastical and beautifully embroidered. Rev. J. W. Tennant delivered the sermon, assisted at the celebration of the holy communion by the Rev. J. W. Tennant. The new organ, recently presented by R. B. Johnson, gave additional volume to the anthems and chants, and the choir was augmented for the occasion. In the evening Prof. Jenks of Trinity College addressed a large congregation on the origin of Whitsunday and its celebration by the early church.

The High Park Golf Club held their opening meeting for the season at the pretty little club house on Ellis-avenue on Saturday afternoon. The picturesque surroundings heightened with the bloom of apple trees, added much to the charm of the situation. The club house and refreshment house were tastefully decorated with evergreens and flags, and in the evening Chinese lanterns of many colors brightened the scene. The links have been put in first-class order.

Etobicoke Township Council
Thistleton, June 4.—The Etobicoke Township Council met this morning. Joseph Clark of lot 22, con. 4, complained that a person had been spreading Paris green and salt on his farm, and council offered \$50 reward. The poison destroyed three milch cows. Wm. Darling was authorized to close up the drive on plots 78 and 86 lying east of the properties of Thomas Bethel and Henry Shuter, to the Charter Creek. The road surer will pay \$50 for gravel on road No. 61. Posters will be distributed notifying farmers to cut thistles and other noxious weeds. Court of session will be held in the township hall, Islington, on Wednesday, June 20. Councillor Grubb will stone and gravel the road on division No. 3, between the Mallet Creek and the first concession, and Major Charles Wadsworth will repair the church lawn and River-street.

Thistleton.
A. J. Reynolds, Scarborough Junction, and Geo. Carlaw, Warkworth, acting under the direction of the provincial and Dominion departments of agriculture, will address a meeting of the farmers of West York on the farm of George Farr to-day. The general improvement of farm crops, the production of seeds, cultivation of the soil, and the eradication of weeds are among the subjects which will be discussed.

A Protest.
The South York teachers, who were holding their convention, held an excursion to Niagara Falls on Friday last. Now I do not think that the teachers' union of the government, when they granted them the power to hold conventions during the lawful teaching days, also give them the power to take a day off from their duties at the expense of the ratepayers for whom they are working. The number of teaching days now is so small that the teachers are beginning to rebel against having so many holidays. If the teachers of South York wish to hold an excursion, why not hold it in their own time? Dovercourt, P.O. W. G. Carter.

Stood the Test And Cured Piles.

Mr. Thomas Ames, painter and decorator, residing at 243 Elizabeth-street, Toronto, states as follows: "My mother, an old lady fast approaching 90 years, was tormented beyond endurance with itching piles, and seemed unable to obtain relief, notwithstanding numerous remedies she tried. Having cured myself of a bad scalp wound by using Dr. Chase's Ointment, I suggested its use to my mother, and I must say the results have far exceeded my expectations. Her first application gave relief, and after using the box she is completely cured and there have been no signs of a bad scalp wound. Dr. Chase's Ointment, 60 cents a box, at all dealers, or Edmansson, Bates & Co., Toronto.

BUTCHERS MUST CLEAN UP**

Medical Health Officer to See That Wagons Are Put in Sanitary Condition.

Hamilton, June 4.—(Special.)—The board of health met to-night and took steps to make the butchers keep their wagons clean. Dr. Roberts, medical health officer, said some of the wagons used by butchers were not fit to haul dead horses in. He was instructed to summon all butchers whose wagons were in a dirty condition, and let the magistrate deal with them. The board bound itself to assist the Hamilton Health Association in every possible manner. Seventy-two deaths were reported during the month. The inspector and assistants in the Stinson estate met last week, and instructed Caracallen & Cahill to engage counsel to proceed with an appeal against the judgment of the divisional court, which permitted W. J. Swanson, who bought the Federal Life mortgage, to add to it the amount of all judgments, and gave his claim a priority over all others. Mr. Swanson is said, and the inspector and assistants have ordered that the matter be investigated as a protection to the other creditors. C. Percival Garratt, organizer at Central Presbyterian Church, was taken to the City Hospital a couple of days ago suffering from nervous prostration. Judge Monck examined witnesses by commission this morning in connection with the will of the late Mrs. Drysdale, who died in New Orleans. Miss Mollie Pike, a sister of the will set aside on the ground that it is a forgery. According to the will Mrs. T. H. P. Carpenter, of this city, is entitled to a part of the estate. The will is being tested at New Orleans. In a Quandary. Those beach residents who sold their property to the Toronto and Niagara Company, subject to an agreement between the city and the company, are beginning to wonder whether they are in the deal. TWOULD BREAK THE LAW.
But Mr. Alexander Will Avoid It by Using British Hymnal.

Ottawa, June 4.—(Special.)—R. S. Smart, of the firm of F. B. Featherstonhaugh & Co., patent solicitors, has given a legal opinion to the effect that any American hymnal brought into Canada for sale at the Torrey-Alexander services can be confiscated, and that the persons importing can be punished for violation of the law. It is not likely that the government will take any action, and the following telegram was received to-day from Mr. Alexander: "I do not worry about the hymn books that the committee have purchased. Think I can arrange matters satisfactorily when I get there."

Poetry vs. Prose.
"If you love me darling, tell me with your eyes."
That's the way the old song goes. But, we find, the darlings, when they make replies, Very often answer with their "Noes."
