Send for prospectus and particulars to

Charles W. Dimick, Boston, Mass., and

John G. Forgie, Barrister, Pembroke, Ont., Directors. D. Smiley Sawyer, Ottawa, Ont., Secretary-Treasurer.

Dr. Reddick and his associates, Messrs. Hummel, Knott and Flynn, are men who made Larder Lake famous, being the original discoverers of gold in the Larker Lake region, and after carefully prospecting, selected, staked and recorded what are universally acknowledged seven of the very best claims in this region. All of this work was done before the first fall of snow so that in purchasing this property we know that we have the best that could be procured in the Larder Lake region.

The claims all have a number of large quartz veins, showing values in Gold, Silver and Copper. Assays ranging from \$8.40 in silver, and \$122.00 to \$1,868.00 in gold have been recorded.

It is acknowledged on all hands that our property is the heaviest miner: alized in the country.

A gang of men have been at work since the 15th of February putting up the necessary buildings and taking in supplies, machinery, etc., and actual development will commence shortly.

To intending purchasers we would advise this as a good investment and rould be pleased to receive a call from any who desire further information. We are offering \$200,000 of the Treasury Stock at par value, \$1 per share.

For Prospectus and full information write the company.

Will be traded on all American and Canadian curb markets.
