VETERAN RESIDENT DIES AT LANSING

Plumbers' Strike Causes Trouble at Junction — General County News.

TORONTO JUNCTION, July 17.— Alexander Kitchen and Fred Dixon, two pickets of the striking plumbers, will be summoned to appear in police court on Tuesday next for trespassing and intimidation of the men working on the house which is being erected for Dr. Charles Gilmore, corner Keele and Annette-streets.

About 9.30 p.m. yesterday, J. W. Elliott of Milton put his horse in the stable, and on going out without half an hour later to feed it he found the horse had disappeared, together with a Gloucester buggy and set of harness. On being informed that a horse and buggy answering the description he gave had been seen on the way to Streetsville, Mr. Elliott telephoned there but could get no clue. About 7.30 this morning two men arrived at W. J. Rutledge's livery stable at the Occidental Hotel and offered a horse for sale for $150. Rutledge thought the men looked suspicious, and, having beat down the price to $75, he told them that the horse was worth twice that amount and that he would hold it till they proved themselves to be the rightful owners. Elliott took the train for the Junction as soon as he heard of the occurrence and identified the outfit, but the two men had decamped before the police could be communicated with.

Mark Barker, late of England, who died on Monday last at 137 Dundas-street, was buried this afternoon in Prospect Cemetery. The funeral was conducted by the Salvation Army.

YORK TOWNSHIP.

New School Section Formed—Farmers Object to Losing Time.

The new school section, No. 29, created out of a portion of S.S. Nos. 13 and 22, elected their trustees to-day at the statutory meeting called by W. J. Clarke, clerk of York Township. About ten of the electors were present, and each expressed their indignation of a law compelling men to lose their day's work, as the meeting had to be held at 10 a.m. They all favored holding meetings in the rural districts in the evening. Those elected are: J. H. Raybould, for a three-year term; ex-Reeve George Syme, for a two-year term, and George Vaughan for a one-year term. The trustees are elected, yet they cannot do anything, as in reality the school section does not exist till Dec. 25 next.

RIVERDALE.

Old Resident Passes Away—Many Houses Going Up in North End.

On Sunday evening the Rev. Dr. Schofield, pastor of Broadview-avenue Congregational Church, preaching to a large audience, referred to the recent transfer of a license from West Market-street to corner of Queen-street and Broadview-avenue. He said:

"I regret that some people are making bitter criticisms of the license commissioners for making the transfer. One of my principles is never to remain silent when others are unjustly accused. I was a member of the delegation that waited on the commissioners and must say we were received with all possible courtesy, and they listened patiently to arguments that may have been good for other times and places, but were irrelevant to that occasion. Some of these arguments put upon the commissioners all the responsibility for all evils, direct and indirect, that may result from the granting of the license. This is surely unjust. We are to blame and not they.

"When the question was last submitted to the voters, the first ward voted by a large majority against the reduction, while some other wards voted in favor. There are about fifty licenses for the city, some of which have to lapse or be transferred. Can the commissioners do better than transfer them to a ward that is not opposed to them?

"It may be affirmed that if the vote was taken now the verdict would be reversed, but I see no evidence of that.

"Last Sunday notices were read to all the churches urging the members to attend a meeting to protest against the transfer. About 50 men and one woman attended. We claim a population of 35,000, among which are about 8000 men, half of whom are connected with churches, but only 50 thought it important enough to attend!

"Let us not throw the blame on the commissioners, but take it to ourselves, for that is where it belongs, and let up wake up to our responsibility, educate ourselves and public opinion so that next time we have an opportunity to vote we may speak with no uncertain sound, and we shall get what we demand."

ASSERTS SOUL IS MATERIAL IT CAN BE WEIGHED

A Boston man says the soul can be weighed. He knows this because he has tested a lot of cases before and after death.

The weight this investigator gives for an average human soul is two ounces.

This is the sort of fool science that some men now give us. It is more to the point to tell us how to maintain a healthy body; how to get well if sick, and how to be able to do good work and keep everlastingly at it.

Poor health is the result of poor blood; if you let your blood get pale and thin, then all the organs of the body are sure to get weak. Ferrozone is the remedy.

Ferrozone is the quickest, surest body and blood builder; thousands have been restored from failing health or complete nervous prostration by Ferrozone, which builds up tired nerves and helps you to get sound, refreshing sleep every night.

Ferrozone gives an appetite as sharp as a razor; there is lots of pleasure eating when you take "Ferrozone."

Rosy color comes back to your pale cheeks and plenty of strength with it, because Ferrozone is the greatest body builder ever discovered. For a tonic to lift tiredness, weakness and ill-health you can't find the equal of Ferrozone. Get a 50 cent box from any dealer and ace if this isn't so.

Price and family of Lee-avenue will leave in a few days in their large and roomy launch for a three weeks' cruise down the lake, going as far as Toronto, Belleville and other eastern points.

A. P. Allan of "Allendale," Lee-avenue, is greatly improving his residence by enlarging and brick cladding.

On every hand building operations are very active, not less than 25 houses being under construction in this immediate vicinity.

Water in the cellars of some of the newly-erected stores and offices is causing some inconvenience.

Auction Sale.

Fred Bailey has instructed Dave Beldam, auctioneer, to sell by public auction on Friday, July 19, 1907, at 2 p.m. at Kennedy's Hotel, Woburn, 18 milkers and forward springers, 20 yearling and two-year-old heifers and steers, as well as six well-bred bulls.

WHERE IS SICK BABE?

Health Authorities Worried Over This Measles Patient.

What has become of the young English couple whose child, suffering from measles, was on Tuesday denied access to two of the city's hospitals?

This is a question that is causing some perplexity and worry to the city's medical health department. The parents, on being advised to apply for the child's admission into St. Michael's Hospital, were told to return should the request be refused. As is the practice of the city hospitals to exclude all contagious disease cases, no exception was made in this instance, but the present whereabouts of the family are unknown.

Dr. Sheard holds out only slight hopes for the recovery of a month-old baby, one of the six small-pox sufferers taken from the house at Frichot-place on Monday. He points out that it is unusual for an infant less than a year old to live thru an attack.

The low percentage of mortality from small-pox during the last six years in consideration of the comparatively large number of cases, is very gratifying to the medical health officer. There was one death in 1901, another in 1903, and two in 1904.

NABBED FOR POLITICAL CRIME

Man Arrested for Murder Committed in Russia Two Years Ago.

WINNIPEG, July 17.—(Special.)—A Russian, named Matthias Raszkiewicz, is under arrest on a charge of murder, committed in Russia at Marianpalski, two years ago. The Russian Government communicated with the British Government, which in turn communicated with the Canadian Government, which communicated with the provincial government. Details are lacking, but it is believed that the crime is a political one. The arrested man will fight extradition on the ground that he is not the man, but a brother George is the man wanted.

MENELIK MAY FIGHT ITALY.

Abyssinia Preparing for War on Italian Border.

TURIN, July 17.—(Special.)—Despatches from the Italian colony of Erythrea in Africa, state that it is feared that King Menelik of Abyssinia is preparing to make war on Italy. He is organizing an army of 30,000, ostensibly for the purpose of restoring order in that part of Abyssinia close to the Italian border, but as his instalment of $2,000,000 to the king for the care of the Italian prisoners of the last war, had been paid, Menelik has now nothing to expect from Italy, and the pacificatory expedition is regarded as the merest pretext.

NOT WORK FOR GOVERNMENT

Windsor Letter Carriers Say Present Pay Too Small.

WINDSOR, July 17.—The uniforms and all the necessary equipment for the letter carriers arrived here several weeks ago; but the service has not yet been installed, and it is alleged by those on the inside that the delay is caused by the refusal of the men selected to act as carriers to work for the wages offered by the government, $1.25 a day to start. The men appointed are already earning more than the maximum wages offered by the postoffice department.

LOCAL FRUIT MARKET.

Wednesday was a busy day. Almost the Scott-street market, and, despite the fact that the Wednesday half holiday greatly diminished the attendance, prices were fairly well maintained. Strawberries sold from 8c to 10c, and a few odd lots of extra fine stock went as high as 11c. The bulk of the strawberries now offering come from between Toronto and Waterdown; at the retail stores throughout the city berries sold yesterday from 10c to 12c.

Raspberries, a few of which were offered-for sale, sold at from 15c to 18c a basket. Growers report this fruit as likely to be scarce, and commission men maintain that the price will rule high all thru the season.

In all other lines of Canadian and foreign fruits and vegetables, little change in prices from Tuesday's quotations is given.

MINE MANAGERS SHOW THEY OFFERED INCREASES

Issue a Statement—McKinley-Darragh Fails to Effect a Settlement.

COBALT, July 17.—(Special.)—The Miners' Union is still putting up its fight against the scale of the mine managers. The McKinley-Darragh is one of the mines that have held aloof from the Managers' Association and submitted an offer to the union which was rejected. It is stated at the mine that the union terms could not be acceded to, and the union states that the mine was prepared to pay the union scale, but wanted to keep some Italians at work who were working on a contract at lower wages than the union schedule.

The McKinley shipped 42 tons of rich ore yesterday.

The mine managers have prepared a table which shows that the ten mines named as among the leaders which, prior to the strike, had 1903 men on their payroll, and under the new schedule posted July 8, paid a daily wage of $2940.56 per day, as compared with $2806.73 per day under the old scale. This table shows 19 classes of labor and 13 of these get increases, and 12 six of the classes where there was a decrease it was very small. The increases ran from 37 2-5 cents to 1 1-7 of a cent per man per day.

Cobalt Lake will keep at work with non-union men at present at any rate. They have 30 men at work.

The speeches of Organizer Roadhouse and O'Byrne attract crowds nightly. Last night Organizer Roadhouse, among other things, said, "Lower wages mean more automobile rides, more horses, more gambling, more card parties, and more low living for the mine owners, and for the mine workers fewer of the necessaries of life, fewer comforts, more trouble and more degradation."

It is stated that the T. and N. O. Railway has sold over $6500 worth of tickets since the strike began.

Eighty men are now at work at the Foster, and it is possible that work will be started at the Temiskaming and Hudson Bay and McKinley-Darragh.
