BOYER'S DEATH ACCIDENTAL

Jury, After Hearing the Evidence,
Came to This Conclusion.

The Victim and Andrew Rlopetle
Had Been to the Ottawa Market
With a Load of Hay and on Re-
turning the Horses Ran Away,
Throwing Boyer Out.

Ottawa, Aug. 7.—Elmas Boyer, a respect-
able farmer of Black Bay, Enderby, was
found at 1 o'clock yesterday morning lying
dead on the Bradley road, about 15 miles
from Ottawa. His clothes were covered
with dirt, his face badly battered, there
was a deep cut under his chin and a
wound in his neck, apparently done with a
pitchfork. Boyer and his hired man, An-
drew Rlopetle, were in a hayrack Friday
and while there had a fight. They how-
ever, apparently made it up and left for
home together. The parties who found
Boyer's body met Rlopetle's short time
previous to their finding the body. He was
driving Boyer's horses. Coroner Graham,
of Hull, has left for Bradley, to investi-
gate the case.

A coroner's jury was empaneled near the
scene of the alleged murder and, after
hearing the evidence, returned a verdict
that Boyer was accidentally killed. Sheriff
Wright of Hull, Dr. Church of Aylmer and
Coroner Graham of Hull held the inquest.

Condition of the Body.
Dr. Church of Aylmer gave important evi-
dence regarding the condition of Boyer's
body when found. Boyer's head was badly
bruised and cut; two fractures of the jaw
had been inflicted, and the face was badly
scratched and covered with dirt. From the
condition of the body, he judged it had
been dragged along the road, and upon ex-
amination of the road, it appeared as if
something had been dragged along a dis-
tance of about 27 feet. The trunk and
limbs were not dusty. The wagon wheels
had passed over the head. He gave it as
his opinion that death was accidental.

Mr. Joseph Lusk, who lives near where
the body was found, testified that he saw
Andrew Rlopetle about 11 o'clock and Rlo-
petle then seemed to have only a general
control of the horses, which had evidently
been running away. Rlopetle spoke to
Lusk and told him that if he met Boyer
to tell Boyer Rlopetle would take the
horses home.

Several other witnesses were examined,
who had seen the two men in Aylmer be-
fore the accident. Boyer and Rlopetle had
been drinking, and when they left Aylmer
were in a brawling mood. They left about 10
o'clock.

The jury, after considering the evidence,
returned a verdict that Boyer came to his
death by falling from his wagon on the
Bradley road while the horses were run-
ning away. Sheriff Wright did not consider
it necessary to arrest Rlopetle.

These Friends.
It was reported at the inquest that Rlo-
petle told Mrs. Boyer that her husband was
still in Aylmer. It was also stated that
when Rlopetle met Mrs. Boyer, he did not
mention Boyer, but said he was just tak-
ing the horses home. Boyer was about
35 years old and leaves a widow and two
children. Rlopetle lives near Boyer's place.
Both men had been down to the Ottawa
market with a load of hay. They were
good friends.

Shipping Raspberries to Britain.

Canadian Grocer, Aug. 5.
The Canadian Grocer is glad to learn
that at least one Canadian canned goods
packer is trying the experiment suggested
in these columns.

It will be remembered that a representa-
tive of The Grocer visited the Produce
Exchange in Manchester, England, a year
ago, and was informed that large quanti-
ties of raspberries were imported annually
from New Zealand and other distant points.

One large English preserver, when asked
if he imported from Canada, explained that
they could not be got there. He was so
informed by the Canadian offices in Lon-
don. He was told that the Canadian im-
ported large quantities of preserved goods from
England, and, therefore, could not be a
shipper of them. This wrong impression
was at once corrected, and the representa-
tive of The Grocer gave him the ad-
dresses of a number of Canadian houses
who could supply these goods. Raspberries
being scarce and dear, it was noticed that
several packers, who put up a very palat-
able compound of raspberries and apples.

English packers import raspberries chiefly
in kegs, with just enough sugar to preserve
them. The Canadians who have taken up
the idea are packing them in tins, round
tins. The experimental shipment will con-
sist of five carloads.

It is to be hoped that the experiment will
be a success. Canada produces many thou-
sands of pounds of wild raspberries, the kind
wanted. The development of such an in-
dustry would leave thousands of dollars in
the hands of the farmers and country mer-
chants. Those who have taken up land in
new districts, where wild raspberries chiefly
abound, will find them a most valuable
source of income at a time when a few
dollars are most needed.

It is unfortunate that we have not some
native Canadians in our London offices,
men who know something about our
resources, men who have lived in and who
have traveled about the Dominion, who
have grown with the country.

The lamentable ignorance displayed by
them is familiar to the Canadian business
men who go over regularly. One Eng-
lishman told the writer he heard an Eng-
lishman enquire there where Regina was, and
was told it was not in Canada.

It is in the interests of business men
everywhere to keep up the agitation until
our London office is removed to a proper
commercial agency established, not to pro-
mote the sale of any manufacturers' special
goods, but of our general products, such
as grain, flour, dairy and other produce. Of
twelve articles grown on Canadian farms
Britain imports \$600,000,000, of which Can-
ada supplies but \$67,000,000.

Dedication of the Temple.

On the 30th of this month an event of
annual interest among the Foresters will
be the dedication of their magnificent Tem-
ple. Invitations have been forwarded to
every member and a great crowd is antici-
pated. During the same week the Supreme
Triennial Council will meet and also the High
Court of Central Ontario will convene and
at the Exhibition grounds competitions will
be held among the Royal Foresters. On
the 31st a street procession will be held,
and over 20 bands will participate.

APPROCIATIVE PUPILS.

Mr. Reavley of Thorold High School
Presented with an Address
and Chair.

Thorold, Ont., Aug. 6.—A happy gathering
assembled at the home of Mr. and Mrs.
Reavley here last night, when the pupils
of the Thorold High School gave expres-
sions of their regret at the severance of Mr. Reavley's connection
with the institution. Mr. and Mrs. Reavley
had accepted an invitation to accept the
address of the address to the pupils of the
school. They then sent a messenger telling
them they were wanted. As Mr. Reavley
entered the house he was met by the pu-
pils, when Miss Mamie McBride read a
well-worded and most complimentary ad-
dress, expressing regret that he had severed
his connection with the High School, and
was removing from the town.

At the conclusion of the address two
young ladies wheeled in an elegant Morris
chair of solid quarter oak with silk plush
trimmings.

Mr. Reavley was completely surprised,
and when he could answer, in a few well-
chosen words, thanked the pupils for their
kind consideration and the many kind words
expressed in the address.

Refreshments in abundance had been sup-
plied by the girls, and the rest of the evening
was spent in music and games until
late hour.

LAND OFFICE SHUFFLE.

Hiam of Brandon Goes Ont. and a
Change Will Be Made at Yorkton.

Winnipeg, Aug. 6.—Some important
changes are about to be made in the of-
fices of Dominion Land Agents at three
points. W. H. Hiam, who has been acting
land agent at Brandon for many years, will
be superannuated at the end of the month.
Major De Balthazard, who has been acting
agent at Yorkton, will be removed to Bran-
don, succeeding Mr. Hiam. J. E. Suther-
land, who at present is assistant agent at
Winnipeg, will go to Yorkton, to suc-
ceed Major De Balthazard. The Red Deer
Land Agency will be closed at the end of
the present month and business of the
agency will be transacted at Calgary.
Mr. Jessup, who at present is acting sub-
agent at Red Deer, will be transferred to
Winnipeg office to take the place of Mr.
Rutherford.

Forty cars of grass-fed cattle, numbering
800 head, will leave Russell and Yorkton
next week for the Old Country markets.

Hot Wave Has No Terrors.

To the patrons of Hanlan's Point, a cool
breeze is always blowing, and a good show
giving free to all, like the breeze from off
Lake Ontario. The crowds seem to grow
larger every day. The attractions booked
for this week are very good. Heading the
list is the Roumanian Band, direct from
New York. Then there are: Blackman
quartet, well known in the city, and
voices. Mr. John E. S. Kirkamp, the tenor
solo singer, has been retained and is down
for several tenor solos. Charles and Bessie
Gregg, in table and barrel kicking, high
electric perch balancing, are very finished
and refined. Miss Ella Seymour, the Michi-
gan song bird, will please the music-loving
public, and has a very sweet and well
trained voice.

A Blaze at Alimira, Ont.

Stouffville, Ont., Aug. 6.—This afternoon
about 2 o'clock the blacksmith shop of Mr.
Thomas Myers at Alimira, about 5 miles
from here, was burned to the ground. The
fire started from the chimney and made such
rapid headway that hardly anything could
be saved from the building, which is a total
loss. Loss about \$800, partly covered
by insurance.

Provincial Appointments.

His Honor the Lieutenant-Governor has

IN HONOR OF BISMARCK.

Special Service Attended by German
Residents—The Great Chancel-
lor's Chief Characteristics.

The German colony of Toronto met at the
Conservatory of Music yesterday morning
to pay its homage to the great name of Bis-
marck. It was a very representative gather-
ing, and the sentiment that pervaded it
was deeply reverent to the departed states-
man.

The sermon was preached by Pastor
Mueller. The preacher, in a very graphic
and vivid manner, first drew a picture of
the condition of Germany when the future
Chancellor was born into it. The elements
that made up Bismarck's character were
most portraiture, and, lastly, the results of
his life's work. The points of character
discussed were the Chancellor's fidelity to
his king, his fear of God, the sincerity of
his politics, his sturdiness as a statesman, his
family life and earnestness of mind. The
conclusion arrived at was that Bismarck
did more for the German Empire than all
her Emperors.

A solo was admirably given by Miss
Emily Heintzman and appropriate music
by the choir.

Among the prominent Germans present
were: Consul Nordheimer, T. H. Heintz-
man, N. L. Steiner, A. Holstmann, W.
Soley, L. Steyer, J. Asten, P. Jacob, Dr.
Vander Sulissen, F. Koller, S. Welcher, G.
Heintzman, also Prof. Schuch, Dr. Graham.

LAY DOWN AND SHOT HIMSELF.

The Mysterious Conduct and Death
of Robert Griffin of Havelock.

Havelock, Ont., Aug. 6.—Mr. Robert
Griffin of this place, who was lately re-
turned from Uncle Sam's dominions, and
who is a brother-in-law of Mr. David
Vansickle, Belmont, shot himself through
the heart on Thursday last, death result-
ing instantly. The case is something of a
mystery. On Wednesday he hired a rig in
Havelock and drove out to Deer Lake for
Miss Cole and brought her in to the picnic
spending the day with her. Miss Cole spent
the night with a friend, and Griffin drove
her back home Thursday morning and
started back immediately for Havelock.
After coming as far as the Free Methodist
church, he turned around, drove back to
Cole's, put the horse in the stable, took
off his coat and, making a pillow of it, lay
down and shot himself in the heart. Miss
Cole, thinking he was a considerable time
in the barn, went out to look him up, and
reached the barn in time to hear the shot.
She rushed in, but he was dead before she
reached him. He had written two notes
—one to his sister, Mrs. David Vansickle,
saying the cause was drink—the other to
Miss Cole, saying she was a very good girl
and that he was a very good man, and that
he was subject to the blues. He was not
known to be in specially strained cir-
cumstances. His brother-in-law, Mr. David
Vansickle, when he called on Griffin's
trunk at the Graham House, could throw
no light on the matter.

The Wabash Railroad Company.

With its superb and magnificent new
train service, is now acknowledged by
all travelers to be the most perfect
train system in America. It now
runs four trains each way daily,
between Buffalo, Chicago, St. Louis and
Kansas City, passing through Niagara
Falls, Welland, Simcoe, Tilsonburg, St.
Thomas, Chatham, and Detroit. The
"Continental Limited" is the most beau-
tiful train ever seen in this country, all
its cars have the new modern wide
vestibule. All Wabash passengers travel
from free reclining chair cars. Full
particulars of this wonderful railroad
from any R. R. Agent, or J. A. Richardson,
District Passenger Agent, Northeast
corner King and Yonge streets, Toronto
and St. Thomas, Ont.

To Hamilton for the Holiday.

The Hamilton Steamship Company will
give citizens of Toronto a special service
to-day and have arranged for the Macassa
and Modjeska to make three round trips
between this city and Hamilton. The
Modjeska will begin the day by leaving at
7.30 a.m. Passengers can take the 2 and
5.15 p.m. boats, arriving home again at
7 and 11 p.m. In order to give ample accom-
modation on the return trip there will be
two special boats leaving Hamilton, the
Macassa at 6.30, the Modjeska at 11 p.m.
The fare is placed within the reach of
everyone; round trip tickets will be issued
at 40 cents, good going Aug. 6 and 8, re-
turning up to Tuesday, Aug. 9.

Fools in Galt, Too.

Schneider, the divine healer, has his dis-
ciples in Galt, as several have gone there
to be cured of their ills. One person we
heard of who was unable to get on his
feet took a handkerchief and rubbed it over
the affected part of the body and soon
the handkerchief with a friend to have
the healer bless it, with the hope that the
blessing would be of service to him. The
fools are not all dead yet. The result of
the visit has not yet been made public.

THE RUN OF SALMON.

Fish Are at the Mouth of the Fraser
in Large Numbers—Extension
of Time Necessary.

Vancouver, Aug. 7.—Word was received
here Thursday afternoon that the salmon
were in large quantities at the mouth of
the river. The opinion of the older and
most experienced men is that the fish are
bound to come up the Fraser River. The
time is not certain, but come they will, and
the only thing to look after is the extension
of the time limit.

The Rate War.

While the airing of mutual grievances
by the Canadian Pacific and the American
railroads has been going on for some time,
the Interstate Commerce Commission at
Chicago may lead to a better
understanding of the matter and the
policy of the Canadian Pacific toward
its American competitors, it is hard to see
how any positive good can come of it.
The Canadian Pacific would be benefitted
by the Interstate Commerce Commission
as to whether any action the Interstate
Commerce Commission could take against
the Canadian Pacific would be effective,
the Canadian Pacific has apparently ex-
hausted its powers in permitting the Ameri-
can roads to meet Canadian competition with
regard to the short and long haul clause
of the Interstate Act. The permission thus
granted has certainly not ended the trouble,
and the American railroads have been
benefited to a certain extent by the Ameri-
can Pacific's rate cutting. The defend-
ing the latter's belligerency. This is cer-
tainly an advantage as regards the Ameri-
can roads, but the question is whether the
form which will be more readily under-
stood by the general public. This is cer-

TO RE-OPEN SAWMILL

Syndicate to Work It Under an
Option.

Details of a Scheme Before An-
nounced in These Columns—Meet-
ing of Shareholders at Hamilton
Aug. 10—New Stamp Mill for
Camp McKinney—Stocks.

As noted heretofore in these columns a
proposition has been set on foot for the
re-opening and operation by an outside syndi-
cate of the Saw Mill mine under a buying
option. A preliminary agreement looking to
this end was entered into last week, and a
meeting of the shareholders of the old com-
pany was called for the purpose of ratifying
and confirming that agreement. The meet-
ing will be held in the hall of the Public
Library Building at Hamilton on
Tuesday, Aug. 10, next.

The salient points of the option are thus
summarized:

(1) The option if not exercised to lapse in
one year.

(2) Syndicate to sink present shaft to a
depth of 450 ft., at rate of 80 ft. every
three months, having the right to cancel the
option at any time, but in any event must
sink the shaft to an additional depth of 60
feet.

(3) The syndicate to have privilege of
carrying on mining operations in accordance
with the requirements of the Mining Act,
the net profits of such operations to be
paid to the company, to be applied in pay-
ment of the liabilities of the company.

(4) The syndicate, upon carrying out the
covenants in the contract, to have the right
to acquire the property of the company,
and to form a company for this purpose
with an authorized capital of 400,000 shares
of \$1.00 each, and to be applied in con-
veyance of the company's property upon leas-
ing to the Saw Mill Lake Gold Mining
Company, Limited, 150,000 fully paid up
shares, the remaining stock (100,000) to be
sold as and when the proposed company
shall see fit, proceeds to be applied in the
first place to liquidate the liabilities of this
company, and the residue to be used for
future operations of proposed company.

The hundreds of shareholders who will be
glad to hear of the prospect of the re-open-
ing of this Ontario proposition.

New Mill for Camp McKinney.
From The Spokane Spokesman.

A. B. Patterson of the Lemon Gold Min-
ing Company, operating claims in Camp
McKinney, was in the city yesterday. "I
have just returned from Omaha," said he,
"where I have been conferring with the
stockholders of the company. Ar-
rangements were made for the further
development of the property and the erec-
tion of a stamp mill. I am going up
Monday to commence operations. We have
encountered a severe vein on the Gold
Standard claim, one of the group, and the
stamp mill will be erected there. Mining
experts have examined us that we have the
Cariboo vein."

I visited the exposition while in Omaha.
In the mining building there is a big va-
cancy spot waiting for the shipment of
Washington ore now en route. The Mon-
tana display was particularly fine."

Are you worried by thirst and heat these warm days? Most
people are. Most beverages seem to only satisfy for the moment—
their effect is not lasting. Iced drinks, unless taken carefully, are
injurious to the system. What should one do? Take a teaspoonful
of

Abbey's
Effervescent Salt

in a tumbler of water. It cools the system, quenches the thirst, and
has a decidedly beneficial effect. It refreshes and livens you when
worn out by oppressive heat. Abbey's Effervescent Salt is cheaper
than Soda or Mineral Waters, besides being decidedly more beneficial.
