over the soggy green the youngsters foot or in the air. The weather man's unkindness they ignored. Many were loaded with lunch boxes, but much of the impedimenta were discarded in the wild rush for place. It was a rollicking throng, and on slight inspection they pronounced the show an unqualified success. To what portion did the Railway Commission.

A few weeks ago some of the Boers were told they must, go to work in one of the military cometeries. They refused and were expelled from Hawkins Island, landing at Hamilton, where they established a miniature laager on one of the public wharves.

As they weeks ago some of the Boers were told they must, go to work in one of the military cometeries. They refused and were expelled from Hawkins Island, landing at Hamilton, where they established a miniature laager on one of the public wharves. fied success. To what portion did the children devote the most attention? Try

day for the Exhibition folk.

The Jubilee presents interested thousands—for a minute. The boys refused to take them seriously. From case to case they ran and in utter disregarl of the big notices, "don't touch the glass," they glued their faces to the big receptacles and defied the police.

"Yuse don't tink we can be tooken in like dis," yelled a waif as he turned tup his nose at a big urn labeled "pure gold." Them's gilt things, for I have seen 'em at de teaters—go long wid

DEATH FROM A SCRATCH.

Richard Oliver, Pollock avenue, had a finger on her left hand scratched by a thorn on a caspberry bush. It was a very small scratch and gave Mrs. Oliver no concern whatever. But a few days later blood poisoning set in, and although every possible medical assistance was given Mrs. Oliver died in the hospital at 6 o'clock Saturday evening.

But our friend from the other side should be reminded that Canadians in the United States are always particularly struck with the way in which the average American in street car or railal although every possible medical assistance was given Mrs. Oliver died in the hospital at 6 o'clock Saturday evening.

KING EDWARD IN VIENNA

Emperor Francis Joseph Greets Him Country Absolutely Unprepared for and is Made a Field

Vienna, Aug. 31.-King Edward arrived here at 5 o'clock this afternoon from London to The Herald says: The

Emperor Francis Joseph, wearing the Mr. Pringle discussed the advantages offered by the Canadian water routes, and pointed and accompanied by several archdukes at the outbreak of the trouble was in a

mats and the general staff of the

King Edward in a speech in the course of which he hailed his visit as a fresh pledge for the maintenance of the pledge for the maintenance of the close confidential relations which have close confidential relations which have long existed between the two families and countries, and which were all the firmer because there was no political interest or point of antagonism likely to cast the shadow of a cloud between them.

The King in responding, expressed his thanks for the friendly sentiments.

his thanks for the friendly sentiments the early summer. But the govern-expressed towards him, and the cor-

not given to springing sensations; as lapse of the Empress of China into a rule he keeps on the even tenor of his ways and varies attle year by year.

Most of the oysters that make their way to this city come from Baltimore, and so far as the truth can be gauged from reports from that way, this will be a good year for mem; and oysters at 20c a pint to the consumer are at 20c a pint to the consumer are at 20c a pint to the consumer are assured. Long Island indications are not quite so rosy, but Maryland supplies the great bulk of the trade, and any slight scarcity anywhere else will be little felt here.

There has never been any great call in this city for that brother of the large cities on the other side revel in clam chowder, which is a popular offering of the free each counter over there, but here, while not a stranger, but the choice.

BOURASSA IS SATISFIED.

Nearly all the military witnesses not a rule but he keeps on the even the ladles of the fact that the civilizing influences of the ladles of the force and failed. Mr. Playfair was of the opinion that the present time was a most critical one in the history of China, and it would tax British diplomats to the fullest extent to prevent the encroachments of Russia. In regard to the future policy of the British government in China he was very reticent, but he expressed the opinion that the time for British concessions had gone by, and the large cities on the other side revel in this city for that brother of the future of the Chinese empire depined upon the firm stand of the British had no quick-firing guns in South Africa when the war started. Warnings from the Cape were neglectived. The mobilization at home was third choice.

BOURASSA IS SATISFIED.

Sir Wilfrid. After a Week, Says The four volumes of the report teem with War Office shortcomings. The British had no quick-firing guns in South Africa when the war started. Warnings from the Cape were neglected. The mobilization at home was muddled. The War Office did not even
