A Cash Clothing House

Some Clothing Houses sell Clothing on credit—WE DON'T.

We can prove to any fair minded person that it is bad for the seller and bad for the buyer to do a credit Clothing business. The Clothier who sells on credit is bound to lose money—more or less.

No house on earth has ever yet succeeded in doing a credit business without meeting with losses.

Who makes the loss good? Why, bless you, the **man who pays cash.** No two ways about it.

Again, the house who sells on credit must buy on credit, and thus lose the advantage the cash buyer has over the credit buyer.

We could go on and fill this entire paper with arguments in favor of the cash plan of doing business. Any sane man can see the advantage we have over the credit store, and our patrons reap the benefit.

That's the reason **this is and will continue to be a Cash Clothing House.** Our prices tell the story better than we can.

Jack and Shoulders are all competitors.

RIGHTS OF MUNICIPALITIES.

If Senate Amendments to Railway Act Are Rejected All is Lost.

Ottawa, Oct. 16.—A private conference took place this morning between representatives of the cities of Toronto, Montreal and Ottawa, and of the Canadian Union of Municipalities and the Prime Minister. The interview had reference to certain amendments made to the Railway Act by the Senate, which the House of Commons has refused to accept. One of these guards against the federalization of branch and provincial railways, including electric street railways and tramways, except in respect of crossings, or connections and thru traffic. Another amendment prevents railways that go into the transmission of light, heat and power from erecting poles, wires and conduits, except with the consent of the municipality affected.

J. S. Fullerton, K.C., said that unless the amendments were adopted the Metropolitan, Suburban and Scarboro lines would be converted from street railways into Dominion lines, free from municipal or provincial control, and all street railways in all parts of the Dominion, permitted by their charters to carry freight, would be affected in the same way as the lines whose names he had mentioned were incorporated with the Toronto & Hamilton Railway. The effect might be that thru lines might be permitted by the Board of Railway Commissioners to traverse the streets of Toronto and Hamilton, carrying passengers and all that municipalities have sought to prevent would thus be accomplished.

New York, Oct. 16.—There was an auction sale yesterday at the Casino of boxes and choice seats for the two concerts Mme. Patti is to give in Carnegie Hall on Nov. 2 and 4. The highest price paid for a box was $375, and $105 was paid for the first choice of chairs.

IT WORKS.

The Laborer Eats Food That Would Wreck an Office Man.

Men who are actively engaged at hard word can sometimes eat food that would wreck a man who is more closely confined.

This is illustrated in the following story: "I was for 12 years clerk in a store working actively and drank coffee all the time without much trouble until after I entered the telegraph service.

"There I got very little exercise and drinking strong coffee my nerves grew unsteady and my stomach got weak and I was soon a very sick man. I quit meat and tobacco and in fact I stopped eating everything which I thought might affect me except coffee, but still my condition grew worse and I was all but a wreck.

"I finally quit coffee and commenced to use Postum a few years ago and I am speaking the truth when I say my condition commenced to improve immediately and to-day I am well and can eat anything I want without any bad effects, all due to shifting from coffee to Postum Cereal Coffee.

"I told my wife to-day I believed I could digest a brick if I had a cup of Postum to go with it. We make it according to directions boiling it full 20 minutes and use good rich cream and it is certainly delicious." Name given by Postum Co., Battle Creek, Mich.

WATCH AT JOLLEY'S BEDSIDE

Tuesday Set for His Trial and He Will Be Given No Chance to Commit Suicide.

LABOR WILL NOMINATE TICKET

Owing to Accident at Power House Electric Plants Are Being Operated by Steam.

Hamilton, Oct. 16.—(Special.)—Tuesday is the day that has been set for Dr. Jolley to face the charge of child desertion. His name was down in the roster for to-morrow, but the police will ask for a remand. He is still in the City Hospital, but the authorities are taking no chances. At his bedside, in the private ward of the hospital, where he is being nursed by his daughter, he is guarded night and day by a policeman, whose duty it is to see that he does not make a second attempt at self-destruction or any effort to escape.

Labor Ticket for Council.

The Trades and Labor Council decided to-night to nominate a ticket at the coming ministerial election. They have one representative in the City Council now. A committee was named to go over the list of labor men who have the necessary property qualifications and the candidates for municipal honors will be chosen from them. A lively discussion took place over members of unions who patronized non-union firms. It was stated that some musicians who are union mechanics play in "scab" orchestras. The offenders were given the choice between mending their ways and being expelled.

Accident at Power House.

Owing to an accident at the Decew Falls power house of the Cataract Power Company, the company has been forced to generate its power by the steam plant in this city. A strong enough current to run the system cannot be supplied, and the city was in darkness a greater part of the night, and the street railway put on a very poor service.

Gave Him a Chair.

At a social at the Hannah-street Methodist Church this evening, A. H. Baker, who retired from the position of choir leader a few weeks ago, after 16 years' service, was presented with an illuminated address and a handsome rocking chair. A. W. Semmens presided and C. A. Starrett read the address.

William Maple didn't like to see P. C. Jarvis take William Simpson of 189 West Adelaide-street to the station last night on Simcoe-street, and made forceful efforts to remonstrate. Simpson was being arrested for disorderly conduct. Jarvis, after warning Maple to desist from interfering, decided to take both into custody. As a result Maple will answer to a charge of obstructing the police this morning.

Alex. R. Johnson, mistook Toronto for "wide-open" town last night while on Simcoe-street. He proceeded to give vent to his hilarious feelings in loud shouts and acrobatic feats. He also wanted to be joined in his carnival of boisterousness by passers by. In his efforts to enthuse them he run into the arms of the law and is now cooling his heels awaiting trial on a charge of disorderly conduct.

James Laven, a decrepid old man of 52, was asking alms on Maitland-street yesterday, and for so doing was arrested. He asked for bread to keep life in him. His story was that he had not eaten for a day and a night. The police were informed of his actions, and he was escorted to the police station. He has no home.

Edward O'Brien, 133 Jarvis-street, was arrested on a warrant by P. C. Young yesterday, charging him with an agravated assault on P. Barry, a young man at the same address.

Plotted to Kill Chief.

Chicago, Oct. 16.—Chief of Police O'Neill startled the city to-day by announcing that a conspiracy against his life has been unearthed in the Detective Bureau. Behind the charge stands the alleged utterance of a detective against whom charges of graft have been made. "If I lose my job, I'll kill O'Neill," the detective is alleged to have said many times in public. Another detective also is alleged to have used abusive and profane language to the chief.

Regret at Montreal.

Montreal, Oct. 16.—With much regret the news was learned to-day of the death of Mrs. Evans, wife of the Rev. Dean Evans, who passed away at 4.10 this morning. The late Mrs. Evans had been seriously ill since last August, and her condition of late caused the members of her family and friends great anxiety. The late Mrs. Evans was the eldest daughter of Strachan Bethune, K.C., and a native of Montreal.

Dividend Next Week.

Montreal, Oct. 16.—The Dominion Coal and Steel Companies shareholders' meetings, which were called for to-day, stand adjourned till Friday week. The delay is caused by the non-readiness of the revised agreements separating the two companies. It is understood, however, that all of the difficulties have been overcome, and excepting some legislation which will be obtained at Halifax next session, the divorce is now an accomplished fact. The street understands that the usual dividend will be declared next week.

Duncan Will Stand.

A large and influential meeting of gentlemen was held last evening at the King Edward Hotel and unanimously requested E. J. B. Duncan to become a candidate for membership on the new Board of Education to be elected in January next, and promised him their hearty support. In view of the unanimous wish of the meeting, Mr. Duncan consented to stand for election.

ITALY'S KING AND QUEEN.

Visited Paris Mint and Received Medals as Mementoes.

Paris, Oct. 16.—King Victor Emmanuel and Quen Helena of Italy, escorted by President and Madame Loubet, to-day visited the mint, where medals in commemoration of their visit were struck off.

At the Hotel de Ville a reception was held by the municipality at which notabilities of commerce, industry and the arts were present. The president of the council and the prefect of the department of the Seine delivered addresses of welcome, to which the King briefly responded.

The City of Paris, presented to King Victor Emmanuel, who is a distinguished numismatist, a beautiful cabinet containing specimens of medals, struck off for sovereigns and two ideal figures in ivory and bronze. The general council of the Seine gave the Queen a reproduction in gold, enriched with brilliants and pearls of its insignia, and a cordon of pearls.

LOST IN THE SWAMP.

Galt, Oct. 16.—(Special.)—Searching parties explored the Beverly swamp to-day in expectation of finding the body of George Wilkins, a MacGregor-Gourley employe, who went out with a shooting party yesterday and failed to return last night. This afternoon Wilkins drove into town with a comrade and explained that he had lost his way in the swamp and spent the night there in the heavy rain. He had kindled a fire and obtained some shelter under a huge tree, and will be none the worse for his experience.

Peculiar Post Hope Case.

Port Hope, Oct. 16.—Several residents of Walton-street will appear before the police magistrate this morning charged with breaking the by-law that provides that anybody desiring to dig across a road must first get permission of the Mayor. Recently a petition was presented to the Council and passed allowing the residents of Walton-street to build a sewer. In the building of the sewer the other by-law was run foul of. One resident this morning was fined and refused to pay. A test case will be made of it.
