WINNIPEG GRAIN MARKET. Winnipeg, Man., May 1.—The first market of the May delivery month was an extremely quiet one. The sharp declines towards the close were said to have been due to some extent to purchasing numbers one two and three in Moose Jaw and Saskatoon terminals and giving up the May future against it by the government agents.

Winnipeg May closed 14%c lower, July 3%c lower, and October 8c lower. Oats closed 1½c lower for May, 1%c lower for July, and unchanged for October. Sarley closed 2%c lower and flax 4c lower for May and 5c lower for July. In the cash market trade was very dull as a whole. Offerings were very light.

One of the notable features of the trade during the morning was the wide spread between July wheat in Winnipeg and Chicago and Minneapolis. At the high of the market, Winnipeg July was 18c over Minneapolis, and 22c over Chicago and Minneapolis September were less notable.
