TO ASK GUARANTEE OF HYDRO SUPPLY

Mayor to Seek a Written Statement from Power Commission.

The members of the City Council yesterday expressed themselves as in favor of obtaining a guarantee in writing from the New Brunswick Electric Power Commission that they would supply the current contracted for by the city before giving a notice to the New Brunswick Electric Power Commission that the city wished to discontinue the contract with them for street lighting.

This matter came up for discussion when Mayor Fisher suggested to Commissioner Thornton that he send notice to the Power Commission that the city would discontinue the street lighting contract, for the portion of the city south of Union street, in about two weeks.

Commissioner Frink called attention to the reported shortage of water at Musquash and asked if the whole thing, time of readiness to furnish light by the City Commission and the ability of Musquash to furnish the power, were not one of speculation.

Commissioner Thornton said he did not wish to send a notice to the Power Commission until he was assured of service by the City Commission, and he was finally decided to have the Mayor write the New Brunswick Electric Power Commission and ask for a definite undertaking to furnish the current needed. Commissioner Thornton said that \$5,000 had been taken off the appropriation for lights on the ready in June, and it was not ready yet, and he had not funds enough to pay the next bill.

A notice was received from No. 2 S. C. and F. P. that A. R. Milton had been elected a member and a warrant was ordered issued to him.

A communication was received from No. 1 S. C. and F. P. asking that the date of the annual meeting be changed to the second Tuesday in January and it was decided to have the by-law amended to provide for this change.

An appeal from his assignment from J. A. Kelly was referred to the Mayor. A communication from D. L. Flack and Son, dealers in British coal, was ordered filed.

The application of E. E. Wetmore for permission to install a gasoline tank and pump in his premises, Richey street, was granted.

WEEKLY SPOON MATCH

The M. D. 7 Permanent Force Rifle Association held their weekly spoon shoot on the local range yesterday afternoon. The weather was very fine and the air clear but a very tricky wind was blowing from 8 to 11 o'clock which accounts for the low scores at the longer ranges. Those winning spoons were: A Class, Sgt. P. E. Cleveland, R.C.O.C.; B class, Sgt. W. J. De Venne, R.C.A.S.C.; C class, Sgt. F. Cox, I.C. The scores:

ANOTHER DECLINE IN BACON PRICES

(Montreal Gazette, Monday.)

The weakness that developed in the British markets for bacon last week has been more pronounced since, which is attributed to the more liberal offerings and a falling off in the consumptive demand, and prices for Canadian grades have scored a further decline of 3 to 10 per cent, which makes a net decline for the past two weeks of 15 to 20 per cent, with leanest and lean grades now quoted at 105 to 110 per cent, and prime at 105 to 110 per cent, and in hams prices at 25 to 35 per cent, lower at 115 to 118 per cent. American bacon has declined 4 to 5 per cent, to 105 to 110 per cent, and prices for Irish and Danish grades were reported nominal.

The Danish killing of live hogs last week amounted to about 50,000 heads, the market last week was 1,800 head smaller than the previous one, but notwithstanding this fact buyers effected a cut in prices of 50c per 100 lbs, and thick smooths closed at \$9.55 per 100 lbs, fed and watered, and select bacon hogs at \$10.55 per 100 lbs. On the other hand, the Winnipeg market displayed strength for the most part of the week, and thick, smooth sold as high as \$11 per 100 lbs, fed and watered, and on Thursday a decline of 50c per 100 lbs, was recorded, and the market closed at \$10.80 per 100 lbs. The standard prices for select, thick smooths, Montreal market last week was \$11 per 100 lbs, fed and watered, and other grades at \$10 per 100 lbs, with the exception of light weights, which sold at \$9 per 100 lbs.

NOON REPORT.

New York, Sept. 19.—(Wall street, noon).—Alternative periods of weakness and strength characterized the morning market. Low priced oil shares which had been under heavy selling pressure for the last few days again dipped to lower ground. Cosden, Maryland, Pacific and California Petroleum Pfd., establishing new low records for the year. They snapped back later, however, in sympathy with the upward movement in such popular industrial shares as Baldwin, American Can and American Sugar, which rose 1 to 1 1/2 points. Another sinking spell took place later when Studebaker broke below par and Jones Bros. Tea dropped 4 1/2 points to a new low. Just before noon the market turned distinctly upward again, Cosden touching 22 1/2-3/4. Call money opened at 4 1/2 per cent.

MONTREAL EXCHANGE.

Montreal, Sept. 19.—(10.30).—Trading was moderately active and prices were easier at the opening of the Montreal Stock Exchange this morning. Power continued to lead the market in point of activity and was easier being down 3/4 to 126 3/4. The paper issues were in good demand during the first half hour. Abitibi came out with an overnight loss of 1/2 to 60 1/4. Brompton was off 1/2 to 40 1/2. Price Bros. was down 1/4 to 42. Laurentide suffered a loss of 1/2 to 91 on one board lot sale. Spanish River Pfd. was off 1/2 to 100 and Wayagamack was off 1/2 to 41 1/2. Brazilian and Quebec were the only traction to appear and both were easier. The former issue was down 1/4 to 42 and the latter was off 1/2 to 1-1/4. Abitibi was unchanged at 89 per cent.

Arrest In Western Post Office Holdup

Winnipeg, Sept. 19.—Mantoba police made quick work in solving the robbery of the Rosenfeld Post Office, south of this city and close to the border, yesterday when working on a description supplied by the assistant postmistress, Mrs. H. C. Buhr, they arrested Jacob Nieman, aged 28. The man, it is alleged, entered the post office early yesterday, beat Mrs. Buhr over the head with a revolver, inflicting serious wounds, and escaped with \$221 and a postal package. He was disguised but the postmistress recognized him as her neighbor. The money is still missing but the package has been recovered.

AUTO CASE IN THE NORTH END

George Parlee appeared in the police court this morning to answer a charge of exceeding the speed limit in Main street. Sergeant Spinney told of seeing the automobile pass a street car in which he was riding at a fast rate. He estimated between thirty-three and thirty-four miles an hour. In answer to G. Earle Logan for the defendant, he said he based the speed on judgment. Charles Walton, motorman in charge of the street car, said he saw the automobile speed by his car and swerve out in front of him. He drew Sergeant Spinney's attention to it.

Fit for Anything

The old boy's at his best when romping with the youngsters. The ground feels light under his feet. There is "spring" in his blood; spring in his muscles, too. He is overflowing with the boisterous spirits of youth, that must find an outlet somewhere.

In spite of his years he manages to keep himself in perfect trim. All those so-called "minor" ailments that make life a burden to some are unknown to him. His eyes are bright and clear, his face glows with health and happiness.

And his secret? Simplicity itself. The daily pinch of Kruschen Salts in the breakfast cup of coffee or tea.

Under its energising influence the skin regains its bloom, the eyes become bright and sparkling, while a renewed sense of "fitness" thrills the whole constitution.

Try it yourself. Begin now to follow the Habit of Health, the habit of the "little daily dose." You will feel many years younger before you are many days older.

A Book About Riordon

MOST investors know that Riordon Company, Limited, is the largest sulphite pulp producer in Canada.

But only a few of them know how extensive and valuable the Company's properties are, how important it is to Canada to have these properties operated successfully and the large future profits to be realized by their further development.

In order that present shareholders, as well as the investing public generally, may be informed upon the affairs of the Riordon Company, its product, properties and potentialities, we have published a booklet setting out this information.
