A NEW "TIPPERARY."

The Quebec Chronicle, the editor of which is Col. David Watson, who is now at Salisbury with the first Canadian contingent, publishes the following version of "Tipperary" as it is now being sung by the Canadian boys in khaki:

Back to Tipperary started Paddy on the run,
But when half way he heard them say
The fighting had begun.
He wrote to Molly, saying: "Dear, al-
though I love you so,
My country's callin' darlin', as I'm
Irish, I must go."

Chorus:

It's a long way from Tipperary,
It's a long way from Tipperary,
From the sweetest girl I know,
Farewell, Tipperary,
Goodbye, sweetest mine,
I'll come back to you in Tipperary,
When we've crossed the Rhine.

Now Paddy's in the trenches, fighting
Like a lion,
And Irish Molly's waiting with a heart
As true as gold,
But when the Kaiser's down and out,
And Belgium's free again,
He'll start for Tipperary town a-sing-
ing this refrain:

Chorus:

It's a long way from Tipperary,
It's a long way from Tipperary,
To the sweetest girl I know,
Good-bye, Tipperary,
And "Die wacht am Rhine,"
It's a long, long way to Tipperary,
To sweet Molly mine.

CHRISTMAS CHARITY.

(From Beck's Weekly, Montreal.)

An American weekly prints a cartoon showing a couple of urchins gazing at a poster representing Santa Claus distributing gifts to the Belgian children and saying to each other, "Gee, but I wish we were Belgian refugees." The intent is to remind us that we have our own poor to look after in addition to the claims of those in the war-devastated country. There is just a little danger that the poor children in our cities may be overlooked this Christmas in the general occupation of the public with the better-advertised claims. I know of a number of Christmas charities in Montreal that have been given up this year, owing probably to greater demands elsewhere.

The Montreal Star's annual distribution of dolls to poor children is one of those that will be missed. Quite a number of ladies who were willing to give their time to dressing the dolls as of old have been disappointed to learn that this excellent charity has been given up for this year. The willing but over-worked charity organizations have all they can do to minister to the wants of those actually in need, whose number greatly overshadows that of previous years. This is all the more reason why individual charity should make itself felt this Christmas. Let everybody who can afford it seek out some of the destitute and strive to make their Christmas a happy one. After all, don't overlook the little children whose lives are bereft of all that makes childhood happy.

SALTS IF KIDNEYS OR BLADDER BOTHER

Harmless to Flush Kidneys And Neutralize Irritating Acids

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again there is difficulty in voiding it. Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it is no longer a source of irritation to the bladder and urinary organs which then act normally again. Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is simply did for kidneys and causes no bad effects whatever. Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

HOW TO HAVE A BEAUTIFUL COMPLEXION

One of our lady readers who found that her skin was becoming harsh and dry from the use of powders, rouge and creams, sends us the formula below. She states that the simple, harmless, and inexpensive lotion which she had been using softened her skin and so greatly enhanced the beauty of her complexion that she has entirely done away with all other preparations which she had been accustomed to use. This lotion can easily be prepared at home or by any good druggist. It calls for two ounces of Rose Water, one drachm Tincture of Benzoin and two ounces Flowers of Oxolin. Mix together and apply night and morning with the hands or use a soft cloth or sponge. Always shake well before using. Our obliging correspondent asks that her name be withheld for personal reasons, but nevertheless gives us the permission to publish her letter for the benefit of other readers. She adds that this formula was given her by a woman 65 years old whose youthful complexion and almost total absence of wrinkles were a source of wonder and admiration to all who knew her.

FLEECED BY TAXICAB MEN.

Canadian Highlander Struck One and Is Discouraged.

London, Dec. 17.—Allegations that Canadian soldiers are fleeced by London taxicab drivers were made at the Tower Bridge Police Court when a private of the Canadian Highlanders was charged with disorderly conduct. Appearing on behalf of the accused, Captain Shaw, of the Strathcona's Horse, said the man alighted from a taxicab and had an altercation with the driver, who demanded seven shillings for driving him a short distance. A passer-by interfered, and the soldier struck him. "I am sorry to say," added Captain Shaw, "that London taxicab drivers try to soak our Canadian soldiers for every cent they can and it really is most provoking to the men."

"I hope it is not as general as you seem to think," said the magistrate. "I can only give you my own experience," replied Captain Shaw. He asked that the man should be handed over to the military authorities and the magistrate discharged him.

"COLONY FARMS" FOR THE UNEMPLOYED EVIL

(Montreal Star)

The idea of colony farms to solve the problem of the unemployed will be laid before the government at Ottawa. It originated with H. Cuthbert, former alderman of Victoria, B. C., and now industrial and publicity commissioner for that city. He has been in Montreal and left this afternoon for Ottawa, where he will confer with members of the government.

"What we want in Canada," Mr. Cuthbert said today, "is a new national policy that shall first develop our agricultural resources to the utmost and enormously increase our exports while it decreases our imports."
"A farm with us is quite different to a farm here. A man can make a good living off ten acres on Victoria Island growing fruits and garden truck, or he can go dairying on a thirty or forty acre farm. The proposition is that the unemployed should be put into concentration camps with some man in charge.

Do not enter another day with nothing, bleeding, or protecting Piles. No surgical operation. Dr. Chase's Ointment will relieve you at once and as certainly cure you. See a box, all dealers, or Edmundson, Bates & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 2c. stamp to pay postage.

Desires Cannot be Cured by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constant and repeated use of the Eustachian tube. Deafness is caused by an inflammation of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is cured, deafness is the result. Hearing will be destroyed forever; nose cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of Eustachian Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

EDISON Diamond Disc Phonograph

A Gift that Brings Pleasure to all

In this marvellous new creation of Mr. Thomas A. Edison there is more real pleasure, for folk of all ages, than in any gift one can bestow; and it is a new development in the realm of music, its rich, mellow voice growing out of a system of tone production on which its great inventor has spent the greater part of the past three years. With the permanent diamond as a producing point—eliminating the irksome changing of needles—the music possesses a sweetness that is unique.

The Edison Diamond Disc Phonograph stands alone in the production of all the overtones, on which music depends for sweetness, thus first opening to all the entire range of the world's music.
