THE TURF

Frederick Races

Frederick, N. B., Sept. 19.—The exhibition harness meet closed here this afternoon. The 2:32 pace and 2:19 trot, which went over on Wednesday, was finished this afternoon, Devilish Dorothy winning in the seventh heat in 2:24. Dan Faine, a Sydney horse, got second money, Lady Bell third and Nate Alcyon fourth. Both races on the card for today were won in straight heats. Frank Patch won the free-for-all, his best time being 2:18 1/2. In the last heat, Spoony Boy gave him a hard tussle, but the Patch horse came ahead on the home stretch, winning the heat and race by a few feet.

Detroit Races

Detroit, Sept. 19.—Seven events, including a free-for-all pace, which Braden Direct won in straight heats, brought the Grand Circuit harness meeting at the State Fair to a close today. All of the races, except the 2:17 trot, were captured in straight heats. That went the limit, finishing some of the most exciting of the afternoon, and was finally won by Dr. Thorne.

For the first time since Monday, the sun shone. The track was slowly fast, but despite this surprisingly fast time was made.

JOLF

James Russell, Champion

Sydney, N. S., Sept. 19.—The Maritime Golf championships were concluded today at the McLain's Crossing links after one of the most successful meets ever held by the association; at least it was voted by the visiting golfers, who were in their prizes of the Lingon Golf Club for the manner in which they conducted the tournament.

Everything But the Punch

FROM T. S. ANDREWS

Milwaukee, Sept. 18.—Bob McAllister, San Francisco middleweight, seems to have all the cleverness necessary to carry a boxer along in the 158-pound division, but he lacks the punch to put his man away when he has the chance. He fought Sallor Petrovsky about six weeks ago and secured a draw. They met again last week and once more it was a 20-round draw.

SUNKEN ART TREASURES

Remains of the Sack of Athens Discovered. A correspondent, writing to the Paris "Liberte," gives particulars of an archaeological find of the greatest interest. At Madhia, on the Tugian coast, five or six years ago, some Greek sponge fishers noticed a strange mass of wreckage lying at a depth of 180 feet to the north of Madhia.

BALLOON DRAGS BOY TO DEATH

Woodstock, Conn., Sept. 20.—Every year just before the summer cottages from Hartford and Boston go back home, the little town of Woodstock in Windham county holds its annual fair. Today was the first day of this year's three-day celebration. And the star event scheduled was a balloon ascension.

CROWD WATCHING TRAGEDY

When everything was ready, Prof. Fowler stripped off his overalls and stood in the afternoon sunshine in the all-gover look of spangled tights. The big silver balloons were so high on the ropes of the last parachute and turned to the crowd.

person can be hypnotized. It would seem therefore, that hypnosis is produced, not so much as the result of the power of the hypnotist, but as the result of some particular mental condition of the person subjected to its influence.

It is possible to suggest dreams to a hypnotized person—it is possible also to make him play, dance, and even sing. Trilby, Du Maurier's famous heroine, is by no means an impossible character, though there is as yet no actual instance on record in real life of a person unable so largely in Du Maurier's novels, is a character founded on fact. In former times hypnosis was regarded as a form of fraud which people dubbed chicanery, because they could not understand it.
