WORLD'S PRODUCTION OF WHEAT

Crop in 1911 About the Same as in Previous Year—Other Cereals

Final estimates of the production of wheat in 1911 have been received by the department of agriculture, Ottawa, from all the important countries. The total

production in the Northern Hemisphere is 3,136,500,000 bushels, against 3,138,200,000 in 1910, a decrease of 1,700,000 bushels. The exceptional decrease of 200,000,000 bushels in Russia was almost balanced by large increases in Canada and in most of the countries of Europe. The total for the Southern Hemisphere (preliminary estimate) was 290,988,000, compared with 278,810,000 in 1910. This makes the world's total 3,427,488,000 bushels, as against 3,417,010,000 produced by the same countries in 1910. Adding the production of wheat in other countries, the total for 1911 against 3,575,375 for 1910. The total for 1911, including the wheat of the Broomhall is 3,451,922,000 bushels, according to the preliminary report of the Northern Hemisphere was 1,774,833,000 bushels, against 1,770,469,000 in 1910; barley, 1,277,748,000, against 1,278,200,000; oats, 3,655,650,000, against 4,002,361,000; corn, 3,181,133,000, against 3,550,786,000.

A SEVERE COLD DEVELOPED INTO PNEUMONIA.

Doctors Said He Would Not Live.

DR. WOOD'S NORWAY PINE SYRUP CURED HIM.

Too much stress cannot be laid on the fact that when a person catches cold it must be attended to immediately, or serious results are liable to follow.

There is only one way to prevent pneumonia, and that is, to cure the cold just as soon as it appears.

Dr. Wood's Norway Pine Syrup will do this quickly and effectively.

Mr. Hugh McLeod, Beterbury, Sask., writes: "My little boy took a very severe cold, and it developed into pneumonia. The doctor said he would not live. I got some of your Dr. Wood's Norway Pine Syrup, and he began to improve. Now, he is a strong healthy child, and shows no sign of it coming back."

Dr. Wood's Norway Pine Syrup is put in a yellow wrapper; three pine trees the trade mark; price 25 cents. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

WHAT I WENT THROUGH

Before taking Lydia E. Pinkham's Vegetable Compound.

Natick, Mass.—"I cannot express what I went through in the change Lydia E. Pinkham's Compound made for me. I had a nervous condition I could not keep still. My limbs were cold, I had nervous sensations, and I could not sleep nights. I was finally told by two physicians that I also had a tumor. I read one day of the wonderful cures made by Lydia E. Pinkham's Vegetable Compound and decided to try it, and it has made me a well woman. My neighbors and friends declare it had worked a miracle for me. Lydia E. Pinkham's Vegetable Compound is the best medicine that I have ever used. I can now do my usual work, and I feel as well as I have ever felt. The Change of Life is the most critical period of a woman's existence. Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you would like special advice about your case, write confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

TO START SAVINGS BANKS IN SCHOOLS

Architect Mott is Voted Sum Asked—Matters of Importance

The school trustees last evening heard a favorable report from a committee on the introductory of many savings banks in Albert, Dufferin, St. Malachi's and Winter street schools, the Bank of New Brunswick to look after the arrangements.

In spite of the protests of C. B. Lockhart, who wished the new department to be fitted up in the La Tour school it was decided to install another manual training class room. The trustees also granted a commission of 1 1/2 per cent on the original specifications in addition to his commission of five per cent on the work on King Edward school on account of a change in the plans. After some discussion the sum granted for the amount is \$4,800. The board also passed bills for \$797.97 for extras on this building.

A communication from the common council announced that the Corporation field Medal competition, a contest open to all pupils of grade eleven.

Miss Lillian Hazon of Garden street, wrote offering prizes of \$10 and \$5 for essays on kindness to animals. The matter was referred to a committee.

The board decided to ask that two days after the opening of the term be allowed to arrange the manual training classes. The committee on evening technical schools reported favorably, and suggested that the cost of equipping and maintaining should be shared by the provincial government.

D. F. Pigeon complained that Douglas avenue school was unsatisfactory.

The Altona board has given permission to use the High School Assembly room for an entertainment.

M. C. Goll presided, and there were present, Messrs. Agas, Lockhart, Nease, Broomhall, Day, Mrs. Skinner, Mrs. Dever and Secretary Lewis.

HOW TO DO IT

A "Man Doctor" unchivalrously declares that women are overrating their own intellect than men. They don't cook so well, they don't make dresses quite so well, they don't take good care of their health, their medical advice is dumb on this point, trim hair quite so well as a man who does not, and so on and so forth.

If you have a feeling that your wife doesn't cook so excellently as she might, just you take some of Dr. H. P. Sauer tonight. Suggest to her in the mildest possible manner, that you like H. P. Sauer with cold meats, with eggs and bacon, delicious with crust of bread and cheese—unparalleled as a flavoring for insipid gravies, soups, or fish dishes. In this, as in most other domestic matters, a grain of help is worth a bushel of fault-finding. H. P. Sauer is quite sure that it is H. P. Sauer that you take home with you.

FREDRINGTON ELECTIONS

The municipal elections in Fredrington yesterday resulted in a complete victory of the "citizens" ticket over the "good government" ticket. Ald. W. J. Hooper was elected mayor, defeating Ald. W. J. Osborne by 171 votes. The other members of the new council are: Mich. Ryan, P. A. Guthrie, A. B. Kitchin, Edward Moore, C. A. Burchill, T. S. Wilkin, Hugh O'Neill, R. J. Jenkins, H. Calder and Wm. Cruikshank. Mr. Cruikshank formerly belonged to St. John.

A former member of the post office department in this city, is meeting with success in Grand Junction, Colorado, and after having been for the last two years and a half connected with the firm of Boyer & Jenkins, architects, he has gone into business for himself.

How's That?

We offer One Hundred Dollars Reward for any case of Catarrh cured by Hall's Catarrh Cure.

McADAMITE CO. DETROIT BRANCH

(Fredrington Gleaser) The McAdamite Metal Company, in which local and provincial people are largely interested, has opened a branch factory in Detroit, Mich.

While here this week en route to Montreal, James Robinson, ex-M.P., received a copy of the Detroit News-Tribune containing the following:

"The United States has known a branch property here and will start a branch plant. They have acquired a frontage of 300 feet at the corner of Isabella avenue and E street, in Beecher's factory subdivision."

"At present there are two large frame buildings on the site, each 50x100, in addition to a two-story office building. The company will erect a complete, modern up-to-date building at once, the plans being approved and the contract let on Friday, Feb. 16, and construction work is already under way. It is expected the plant will be in operation by April 1. The building, now under way is of brick and steel construction, 90x150 feet with a four-story."

Leroy M. Gibbs, business manager of the board, has been in correspondence with J. P. Carrite managing director of the McAdamite Metal Co. for several months, and Mr. Carrite said yesterday that it was largely through the aid furnished him by the board of commerce that he was locating here.

"The company manufactures castings of McAdamite metal, which has an aluminum base. The new plant will furnish employment for from 100 to 200 men."

"Mr. Carrite spent a week during the latter part of January going over conditions in Detroit, the deal for establishing a plant here being practically closed at that time, his visit here yesterday being to close up the final details."

IN THE LEGISLATURE

Debate on Address is Ended—Gibson-Minto Railway May Be Ready By November

Fredrington, N. B., March 11.—The debate on the report of the select committee on the Gibson-Minto railway, which was introduced by Hon. F. J. Sweeney, who adjourned the debate upon the address Saturday, from making train connections from Moncton, and when the house met this afternoon a recess was taken until this evening, awaiting his arrival.

The Pacific express was so late at Moncton that the hope was held of making connection with the Fredericton branch train and Mr. Sweeney postponed his departure until tomorrow morning's early train, but railway managers are sometimes susceptible to the importunities of members of the legislature, and Mr. Sweeney's hope of them at St. John asked for the branch train to be held their request was granted when they arrived in Fredrington at 9 o'clock.

In the absence of Mr. Sweeney the debate on the address was not continued and it was passed by the house.

On resuming, Mr. Wilson presented a petition from the citizens of St. John city and county to fix a valuation of the Wilson Intercolonial railway, owned by the C. P. R.

On the other of the day being called, and Mr. Sweeney, who had moved the adjournment of the debate, being absent, the address was adopted without division, and the speaker appointed Mr. Baxter, Mr. Guphill and Hon. Mr. Murray a committee to present the address to his honor, Hon. Mr. Fleming introduced a bill to amend the act to aid the development of coal areas in Quebec and New Brunswick.

He said that Sir Thomas Tait, a man of great ability and experience in railway work, had taken up the project of the construction of a railway from Gibson to the coal areas of Quebec and New Brunswick.

Arrangements had been sufficiently advanced to be drafted and agreed to for a lease of the railway for ninety-nine years to the C. P. R., and the bill was adopted without division.

There was also a provision in the bill that the bonds of the railway would be guaranteed by the province on the report of an expert appointed by the lieutenant-governor.

Under a provision of the act passed last session it was impossible to go ahead and have an agreement signed until a railway act had been passed at Ottawa, but a new provision was made in this bill so that as soon as there was an assurance given by the minister of railways that a subsidy act would be passed at Ottawa the agreement could be signed. He had already received a written assurance to that effect from the minister of railways.

It was Sir Thomas Tait's intention to have the railway built and carrying coal no later than November next.

Mr. LeBlond gave notice of inquiry regarding work on bridges in Restigouche county since the close of the fiscal year.

The house adjourned at 6:29 o'clock.

Jan. 7 Jack Miner of Lexington, Ky., liberated a number of wild ducks, each tagged with his name and address. Three of the ducks have been accounted for. One was shot at Salsito, Va., Jan. 12, another at Circleville, O., Jan. 15, and the third at Martha, Tenn. Feb. 15.

IF YOU WANT AN EXQUISITE HOUSE GOWN

or something unusually dainty for evening wear, ask to see

Priestley's AMBROSE

It is a beautifully soft silk-and-wool cloth—and comes in all the most wanted shades for afternoon and evening wear.

"Priestley's Limited" stamped every 5 yards on the selvage of genuine "Priestley's" cloth. Look for the name.

DINNER SPOILED BY HIS GOOD NEWS

What Matter When he Had Just Won \$200,000 in a Lottery

Paris, March 12.—The great prize of 250,000 francs in the Million Franc Lottery, the last state lottery to be held in France, has been won by M. Cauffre, a well-to-do sixty-year-old Parisian, who lives with his son, an engineer, in a comfortable flat in the Boulevard Perreire.

The lottery, the proceeds of which were to go to charitable works, had a number of drawings. As the final drawing approached there was a great rush for tickets. M. Cauffre paid \$4 for his ticket. He was just sitting down to luncheon with his son, when he heard newboys in the street shouting the edition with the winning number. M. Cauffre sent the household down to buy a copy, and jolly unfolded the paper as his son helped him to soup. His eye fell on the winning number—229944. He turns pale, gasped, and handed the paper, without a word, to his son.

The lucky winner left his luncheon untouched and drove straight to the bank where he presented the ticket and received a draft constituting him a millionaire according to French currency. The old gentleman was so upset that he was unable to finish his luncheon, and it was not until the evening of the 11th that he was in a position to celebrate his good fortune by a dinner party which he gave to his relatives.

MORNING NEWS OVER THE WIRE

Mrs. Emmeline Fankhurst, chief of the British militant suffragettes, was yesterday removed to the prison hospital in London because of serious illness.

Some 1700 cotton mill employees in Manchester, N. H., and 1200 in Maine are to get increases of not less than five per cent wages at once.

The Spanish cabinet, organized in April 1911, resigned yesterday owing to a conflict of opinion arising between some of the ministers.

Fraser's Hotel at Plaster Rock was destroyed by fire yesterday. The hotel was owned by Douglas Fraser & Son, and was managed by William Crowley.

The fire hydrants of the town were disconnected, and the fire was extinguished. The loss is said to be about \$60,000.

In the election in Maine yesterday the Democrats elected four mayors to one for the Republicans. The elections took place in five cities. The mayors elected were: J. Noyes, Democrat, Augusta; Charles W. Bales, Democrat, Bangor; E. J. Hanson, Democrat, Belfast; A. C. Marcell, Democrat, Biddeford; V. H. Muttly, Republican, Brewer.

Boston, March 11.—Jerry Marr, of Montreal, and James Walsh, of Houston, are under arrest at Brunswick, Me., charged with an attempt to break into the store of Eaton Hardware Co. They were held for hearing.

ONE ST. JOHN ENTRY. No less than sixteen entries have been received for the competition for the Earl Grey Musical and Dramatic Competition to be held in Ottawa during the week beginning April 15. The competition will be held in the Russell theatre there. As only twelve entries can be received, there will have to be rejected. The Loyalist Dramatic Club, which presented The Servant in the House so successfully here on two occasions, have entered and expect to make the trip to Ottawa. They are the only club entering from the maritime provinces.

A LITTLE DANDERINE WILL MAKE YOUR HAIR LUSTROUS, SOFT, FLUFFY, ABUNDANT

Get a 25 Cent Bottle Now and Forever Stop Falling Hair, Itching Scalp and Dandruff

If you Wish to Double the Beauty of your Hair in Ten Minutes surely Try a Danderine Hair Cleanse

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

A delightful surprise awaits particularly those who have been careless, whose hair has been neglected or if scraggy, faded, dry, brittle or thin. Besides beautifying the hair at once, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and itching hair.

Try as you will, after one application of Danderine you cannot find any dandruff or loose or falling hair, and your scalp will never itch, but what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair sprouting all over the scalp. Danderine makes the hair grow long, heavy and luxuriant and we can prove it. If you care for pretty, soft hair and lots of it, surely get a 25 cent bottle of Danderine from any druggist or toilet counter, and just try it.

MORNING LOCALS

In the police court yesterday afternoon Magistrate Ritchie referred to a statement made by Rev. F. B. Porter, that on a recent visit to the jail he found a young boy, charged with throwing stones, occupying a cell on remand. His Honor denied that such was the case. The little fellow had been in the police court on Saturday morning and was sent into the police station to be detained for a while and then allowed to go. Durney Cunningham has been jailed since the magistrate's statement was correct, and that he never saw any such boy sent into jail.

A new club, to be known as the Free Side Club, was organized last night at the home of Mrs. Pitt, Harwood Street. The members are from the Protestant denominations in the city, and the objects are to "broaden the views of young men and make them better men physically, mentally and morally." The officers elected were: C. Fraser, president; C. Vincent, secretary; James Riley, Marshal Stout, H. Lator, B. Shepherd and R. H. Collier, executive.

The Free Kindergarten Association will be held in the police court on Saturday morning and was sent into the police station to be detained for a while and then allowed to go. Durney Cunningham has been jailed since the magistrate's statement was correct, and that he never saw any such boy sent into jail.
