## YOUNG ROOSEVELT'S FRIEND APPEARS IN POLICE COURT

And Denies That He Assailed a Policeman on Boston Common.

BOSTON, Oct. 3.—Shawn Kelley of Fitchburg, the room mate of Theodore Roosevelt, Jr., at Harvard, appeared in the municipal court today and pleaded not guilty to a charge of assault upon a police officer. At the request of his counsel, Alderman Bangs of this city, the case was continued until October 10. The charge against Kelley is based upon an incident which occurred on Boston Common last Thursday night, when Patrolman Freyer was locked up by young men said to be Harvard students. Roosevelt and another friend, Meredith Blagden, have been named to appear as witnesses in connection with the case, which is being investigated tomorrow by the jury.

## CHATHAM Y.M.C.A. WILL PURCHASE A BUILDING

CHATHAM, N.B., Oct. 3.—At a largely attended meeting of Y. M. C. A. members last evening, it was decided to buy old St. John's church, the building in which the Y. M. C. A. is at present located. The officers of the church had received an offer of \$1,000 for the building from local Jews, who are looking for a suitable building to be used as a synagogue. The building was then offered to the present lessees at that price, and the association decided to buy it. The first thing on the programme for raising the money necessary is a concert in the hall on Thanksgiving day.

BALTIMORE, Oct. 3.—One of the furnaces of the Maryland Steel Co. at Sparrows Point, blew up this morning. It is reported a number of men were killed.

## Underwear for Men

We are pleased to say that the time has arrived when we can show you of the finest lines of Underwear on the market to-day, and proudly that THEY ARE MADE IN CANADA. DE IN CANADA JERWEAR FOR MEN, 50c to \$2.50 each DE IN CANADA UNDERWEAR FOR BOYS, - 20c up

N. HARVEY, Clothing and Furnishings, 199 to 207 Union St.

## BROTHER AND LOVER FOUGHT; FRANTIC WOMAN WATCHED.

A Desperate Affair in New York This Morning—The Woman's Brother Objected to Attention of Another Man and in Trying to Kill Him Was Fatally Shot.

NEW YORK, Oct. 3.—While a woman and her two little children stood helpless from fright in the arms of their mother, a desperate fight broke out between two men, one of whom was the brother of the woman, and the other her lover, fought each other for their lives in the little apartment. The brother, who was armed with a large knife, finally went down with three bullet wounds in his body. He is in a hospital and probably will die. The lover is a fugitive, and the police are searching for him on a charge of attempted murder.

The principals in the affair were Mrs. Jennie Smith, a widow, her brother, Herbert Partridge, with whom she made her home, and Charles Johns, a stenographer who has been employed by the Adams Express Company. According to the story told to the police by Mrs. Smith, who has been retained as a witness, the affray was the outgrowth of the refusal of Johns to cease paying attention to Mrs. Smith. Partridge had warned him to do so. When he began to call upon her some time ago, Partridge took a dislike to him, forbade him to call and ended by throwing him out of the apartment. When Partridge returned home early this morning and found Johns in the apartment he became enraged, rushed to the kitchen and seized a carving knife and sprang upon the intruder. Then the fight began in earnest. As the men struggled around the little room, overturning and breaking furniture in their battle for possession of the knife, Mrs. Smith with her two children clinging to her and screaming at the top of their voices, stood in one corner of the room, a helpless, terrified spectator.

In the struggle the blade of the knife was snapped in two and a temporary respite was taken. Johns took advantage of the rest to say to Partridge: "This thing has gone about far enough. If you don't let up you will be sorry for it." This seemed to incense Partridge the more, for Mrs. Smith says he rushed at Johns again, lunging at him with the broken blade of the knife. Johns then pulled a revolver from his pocket and sent one bullet after another into his opponent and then rushed from the apartment and disappeared. The noise and confusion of the fight had attracted the attention of the neighbors, and they came pouring into the apartment, to find Mrs. Smith, wildly hysterical, lying on the floor, her brother bleeding from a wound in the head. When Partridge was taken to a hospital his condition was found to be so critical that the surgeon said he had but a slight chance for recovery. Mrs. Smith was locked up in a police station as a witness, and the police began a search for the missing Johns, whose home is in New Rochelle.

## THE KING, LIKELY TO VISIT CANADA

He is Expected at Quebec on the Occasion of the Tercentenary Celebration

LONDON, Oct. 2.—It is probable that the royal subjugation of King Edward and Queen Alexandra, resident in Canada, will be favored with a visit from His Majesty during the summer of 1906, in which year the ter-centenary of the founding of Quebec will be celebrated. Notwithstanding the fact that His Majesty was obliged to decline the invitation of the Canadian Parliament to visit the Dominion this year, there is every reason for believing that a royal tour of Canada will take place in 1906. When His Majesty declines the invitation of the Canadian Parliament he has not unhesitatingly expressed the hope, through his ministry, that at some future time it might be possible for him to visit his Canadian dominions, and it is thought that, providing affairs of state will allow of his temporary absence from the heart of the Empire, he will avail himself two years hence of the opportunity of seeing one, at least, of its outlying sections. It is understood that the Ter-Centenary Committee at Quebec is anxious that their Majesties should be present at the celebration they are arranging in honor of the founding of Quebec by the chivalrous French explorer, the great Champlain.

## FRENCH GIRL JOINED RUSSIAN REVOLUTIONISTS

TOULON, France, Oct. 3.—A girl arrested here on the charge of having fired a bomb at the Governor of Ekaterinoslavl, and who claimed to be a Russian, turns out to be French. Her name is Jeanne Tilley, and as a result of association with Russian students in the Latin quarter of Paris, she joined the terrorists and undertook the task of killing a prominent Russian official.

## TODAY'S SESSION OF MARITIME SYNOD.

Congregations Asked to Support the Witness.

The Halifax Ladies' College Report Received—Many Words of Praise For That Institution.

MONCTON, N. B., Oct. 3.—At this morning's session of the Maritime Presbyterian Synod, the claims of the Presbyterian Witness on the people of the Maritime Provinces and the work of the ladies' college at Halifax, occupied the greater part of the time. The session opened at half past nine and the business session was preceded by a half hour of devotional exercises. The clerk drew attention to the fact that the moderator of the general assembly, Rev. Dr. Falconer, of Piccadilly, had been elected Moderator of the Maritime Synod. Rev. G. S. Carson, business manager and secretary of the synod, presented and read the report of the ladies' college at Halifax. The report was read by Rev. Dr. Falconer, and was well received. The report stated that the college had been in session for the past year, and had made great progress. The report was read by Rev. Dr. Falconer, and was well received. The report stated that the college had been in session for the past year, and had made great progress. The report was read by Rev. Dr. Falconer, and was well received. The report stated that the college had been in session for the past year, and had made great progress.

## NEW SERVICE TESTED; MAIN PIPE BURST

A Bad Break In a 24 Inch Main This Forenoon.

Fifty Five Pounds Extra Had Been Turned On When One of the High Service Pipes Gave Way at Hickey Road.

A serious break occurred in No. 3 high service water pipe this forenoon at 11 o'clock. The accident happened a short distance beyond the Hickey road. The broken pipe, which is a twenty-four-inch main known as No. 3 high service, has been in use for a number of years, and ran from the reservoir into the city. At nine o'clock this morning the new supply was turned on. Owing to the pipes being old, a very low pressure was at first sent through No. 3 pipe, the increase being ten pounds at a time. At 11 o'clock 35 pounds extra pressure had been put on, when the burst occurred.

A gang of men had been stationed at Silver Falls to be ready to set to work if a break should be noticed, and in fifteen minutes after the accident repairs were being made. Great precautions had been taken by the authorities as a crew of men were also stationed at the Marsh bridge. At one o'clock to-day work was progressing favorably at the scene of the accident. The high pressure was also to have been put through No. 4 low service pipe but when the accident occurred this was not done. Owing to the accident, residents of high parts of the city will be without water until the leak has been repaired.

It is estimated that there will be a scarcity of water at least until to-morrow night.

## WAS A SOLDIER AND PRIEST AT THE SAME TIME

A Rather Sensational Case in Italy—The Young Officer Has Fled With a Prominent Lady.

ROME, Oct. 3.—A case resembling the famous D'Almeida mystery which recently caused such a sensation in France, has aroused considerable interest here. A few days ago it was announced that Father Virginio Carones, of the Camillini Order, rector of the Aristocratic Church of the Santa Maria Maddalena, has resigned from the priesthood and disappeared. It has now been discovered that the ex-priest fled from Italy with a beautiful girl belonging to a distinguished family, and it is reported that they are on their way to America. Carones, who is young, tall and handsome, served the papal army, where he was attached to an artillery regiment and rose to the rank of Lieutenant. After leaving the army he became attached to the church of the Santa Maria Maddalena but was recalled to the colors when knowledge of the altar of his resignation caught glimpses of his spurs beneath his gown.

## JEWISH THEATRE IN RUSSIA BURNED

Police Ordered to Carry Rifles—Peasants Rob by Force of Arms

ODESSA, Oct. 2.—The local theatre where the Jewish company played has been burned. A professor and two students perished in the flames. Police patrol and conveyers are now supplied with rifles in addition to revolvers. Governor General Kaukhas has ordered the guards on duty at public buildings to have their rifles always loaded. At an estate in the Penther district of Kheron province peasants at the point of revolvers extorted \$1,500 from the landlord and shared the money among the famishing villagers of the neighborhood.

## IS UNDER ARREST FOR KILLING HIS BROTHER

MONTREAL, Oct. 2.—A brother mortally injured by a brother, and left to die in a hospital, is the sensational story stirring Carleton Place, Ontario. John William and George Bradley, of Beck's town, were on one way up the lake in their gasoline launch, when it broke down. In a quarrel over this, George struck John with an oar. Not being able to make progress, they got ashore and slept in a vacant hut till morning. William and George went away, and later John was found by friends, taken home, but died shortly after. George says he thought his brother was asleep when he did not get up in the morning. George is under arrest.

## FIRST CRIB FLOATED AND PLACED IN POSITION TODAY.

## CUBANS REFUSE TO LAY DOWN THEIR ARMS

Two Thousand Are Still in the Field.

Situation Is Serious—French Comment Favorable to United States Intervention

PARIS, Oct. 3.—In an editorial article this morning the Temps deprecates the institution of certain French newspapers against the motives of the intervention of the United States in Cuba. The paper voices high praise of Secretary Taft and expresses profound respect for the sentiments which inspired President Roosevelt's course of action. Nevertheless the Temps regards the peace which the United States will bring in Cuba as only temporary, and as a postponement only of the ultimate solution of the Cuban problem.

SANTIAGO, Cuba, Oct. 3.—It is reported that 2,000 rebels in the vicinity of Guantanamo have refused to disarm. The situation here is still serious. The revolutionists continue to concentrate around Santiago. They promise to disarm if General Del Castillo orders them to do so. Del Castillo has not arrived but is expected at any time. Officers from the cruiser Desmoules unofficially witnessed a spectacular review of the insurgents yesterday. The naval men were enthusiastically cheered when they were recognized. Good order prevailed here.

HAVANA, Oct. 3.—The disarming of the rebel forces in the immediate vicinity of Havana began today without opposition. Many of the men were allowed to keep arms, which they claim as their personal property. Special trains during the day will convey the disbanded troops homeward. No break is reported to have occurred in any part of the island. Preparations are being made at the palace for the reception of Governor Taft, who will establish his office there this afternoon.

## JENNINGS-MCPEAKE

FREDERICTON, N.B., Oct. 3.—At St. Dunstan's church at 6.45 this morning, Rev. Dr. Carney united in marriage John T. Jennings, of the firm of Colwell & Jennings, and Miss Isabel McPeake, daughter of the late Postmaster P. McPeake. Miss Stella McPeake, sister of the bride, was bridesmaid, while J. P. McPeake supported the groom. The ceremony was a quiet one, only the immediate relatives of the contracting parties being present. The bride was given in marriage by Timothy Burke of St. John, uncle of the bride. After a wedding breakfast at the bride's home, the happy couple left on the 8.20 train on a honeymoon trip, which will include the cities of New England States. The remains of the late John Clinton Worcestor, who was buried at the station by friends, after service at St. Dunstan's church the remains were interred at St. Hermine.

## CANADIAN NEWS.

QUEBEC, Oct. 3.—Sir Wilfrid Laurier has arrived here to attend a large political meeting at the Parish of Lorette this afternoon in favor of the C. F. R. George Robertson (M. P.), Dr. Daniel (M. P.), W. Watson Allen, A. G. McGoldrick and three Cashing, all of whom expressed themselves as very much pleased with the result of the morning's work.

## BRIEF DESPATCHES

MOBILE, Ala., Oct. 3.—Roy Hoyle, the special officer who was shot last night during the attack on the county jail by a mob, died early today. CHICAGO, Oct. 2.—The national convention of the industrial workers of the world split on the rock of socialism yesterday when the delegates from the western federation of miners, representing 25,000 miners bolted. The seceders will organize under another name. PUEBLO, Col., Oct. 3.—Several men are reported killed and injured by the explosion of a blast furnace at the Minnequa Steel Works early to-day. Mrs. Jack, wife of Dr. Du M. Jack, late of Grand Mann, is now returning from France, whither she had gone to look after the interests of her nephew, who had been bequeathed an estate there by an uncle, who recently died. Incidentally she also gave attention to a very substantial bequest, amounting to \$150,000, that had been bequeathed to herself by the same relative. Dr. Jack is at present on Grand Mann, getting his goods packed up for shipment to his new home. He has informed his friends that he has abandoned his profession for a time, and has accepted a responsible and lucrative position as factory inspector for a manufacturing firm that has large connections.—St. Andrews Beacon.

## Mr. Clark Having Carefully Prepared for the Task, Found No Difficulty in Raising Mass of Timber—The Work Proceeded Without a Hitch.

The old saying "That everything comes to him who waits" was verified this morning when No. 1 crib of the new wharf was raised from the mud at Sand Point and placed in position. For the last three or four weeks there has been a continued discussion as to when this crib would be floated, and whether this was possible or not. Mr. Mayes has been claiming that the site was all ready, while Mr. Clark stated that any time the site was completed he would be prepared to put the crib in place. Yesterday Mr. Clark took soundings, and being satisfied with the depths said that he would place his crib in position about noon today. He has carried out his promise. Without a hitch the crib was raised, and at twenty minutes past twelve was placed on the site prepared.

A large crowd witnessed the operations. Before ten o'clock the wharves were lined with people, who stayed until the crib was placed. On top of the crib Mr. Clark had fastened a number of saws, and the plugs were placed in these at low tide this morning. There were many speculations as to what would be the result when the tide came up. Some thought the fastenings would break, others thought differently, but only one person seemed confident that everything would go right and that person was Mr. Clark, who occupied a position in the window of his office, where by the aid of a telescope and a megaphone he was able to direct the whole proceedings.

As the tide came in it was noticed by landmarks that the screws with their loads were gradually coming up. However, when the wire fastening to the other end of the two screws at the eastern end of the crib gave way it was feared that all the wires would break and that the crib would again go to the bottom. Nothing of the sort happened, however, for the remainder of the wires held fast. About eleven o'clock the tugs Lord Kitchener and Lord Wolsey arrived and attached hawsers to the crib. A winch had, in the meantime, been moved on Union street and a line attached to the crib was fastened around the winch, and then the tugs with the assistance of this winch slowly started to move the crib in towards Union street in order to avoid the No. 3 crib, which was sunk at the eastern end of No. 1 crib. In showing the crib towards Union street the tugs took a little too far, and the result was that it grounded. But the tugs soon hauled it off, and in very few minutes had the crib over to the place where it is to remain. Winches had been placed on Rodney wharf, and the tugs, by the assistance of these were able to place the crib in its exact position by twenty minutes past twelve. The only accident which occurred during the moving process was the filling of a row boat, causing two men by the name of Woodworth and Cobham to be thrown into the water. They were picked up in a very few minutes, neither apparently being any worse for their ducking. When it was seen that the crib was finally in its position Mr. Clark was warmly congratulated on the success of his efforts. He was also warmly congratulated by all who were watching the operation for the manner in which he directed the work. He gave orders only when orders were necessary, and in every case made his words so clear that they did not have to be repeated. Among those who watched the proceedings this morning were Mr. D. C. F. R. George Robertson (M. P.), Dr. Daniel (M. P.), W. Watson Allen, A. G. McGoldrick and three Cashing, all of whom expressed themselves as very much pleased with the result of the morning's work.

## SECRET SERVICE MEN LOOKING FOR DIAMONDS

Three U. S. Officials are Shadowing a Dealer in Montreal Who is Trying to Cross the Line

NEW YORK, Oct. 3.—The Times today says:—It was reported among customs officials yesterday that a New York diamond dealer who arrived recently in Montreal intended to smuggle across the border diamonds to the value of \$150,000. On the request of E. H. Tweedy, the U. S. customs representative in Montreal, three secret service men were sent there from New York. It is said that they have been watching the suspicious men. The story states that the diamonds were cut and polished in Amsterdam and that an English broker brought them to Montreal where he handed them over to the New York dealer. The latter on reaching Montreal learned that the secret service men were watching him and he changed his plans. The jewels are said to be in Montreal.

## BOY WANTED FOR PRESS WORK

PATERSON & CO. Germain street. 8-10-6
