The C. P. R. steamship Lake Champlain sailed from Liverpool at four p. m. yesterday for Quebec.

The ladies of Zion Methodist church will hold a rummage sale during the second week of September. All contributions will be gladly sent for by telephoning P. S. Purdy, 749.

Miss Daly, head of the mantle department, and Miss King, head milliner of Wilcox Bros., arrived Wednesday from New York, bringing with them looking after the latest fashions for fall and winter 1906.

YACHTSMEN HAD A PLEASANT GATHERING

E. M. Rothwell Entertained a Large Party at Westfield—The Sequel to the Peters Cup Race

One of the most pleasant functions which has been held along the St. John river in some time, was held at Westfield last night when E. M. Rothwell, the winner of the salmon boat races, gave a delightful party to the crews who sailed in the races.

The crew of the Ina M., the winner, consisted of Messrs Warwick, Sorell, Fisher and Mr. Rothwell's son. Each of these gentlemen was presented by Mr. Rothwell with a neat pin on which were inscribed "P. C., 1906, Ina M."

The presentation was made by Canon Richardson, who spoke of the great pleasure it afforded him in being present at such a function. He hoped that next year the sport would be continued and that not only would sailing be taken up, but that other aquatic sports would also be indulged in.

Mr. Rothwell in a neat speech thanked his crew. He intimated that next year he would also be the donor of a cup. The evening was then very pleasantly spent in music and dancing, a dancing pavilion having been erected on the lawn for the occasion. During the evening a dainty buffet supper was served. The happy party which consisted of practically all the residents from Woodman's Point to Inglefield, broke up about two o'clock, all vowing the evening as the most pleasant evening spent during the whole summer. The decorations on the stands were exceptionally pretty, and included scores of Japanese lanterns, banners, and bunting.

WANT CITY TO DREDGE NAVY ISLAND BAR

Ferry Committee Ask Council to Have This Done—Other Matters Discussed.

A meeting of the ferry committee was held this morning. There were present Ald. Lockhart, chairman, Ald. Bullock, Ald. Tilley, Ald. Holder and Director Cushing.

Ald. Bullock moved that the council be asked for permission to call for tenders for lavatories in connection with the ladies' and gentlemen's waiting rooms, and also for the heating apparatus.

The report of the director in regard to the dredging of Navy Island was then heard. He said that dredging is required at the end of the bar and thought that the area would be about 200 feet long by 60 feet wide, while the depth of mud to be lifted would only be about four feet. Director Cushing thought that the city dredge could not do the work in a reasonable time.

Ald. Bullock moved that authority should be obtained from the council for the dredging of Navy Island bar.—Carried.

Director Cushing reported the traffic on the ferry has not been heavy this summer with exception of the last two weeks, when it has been very heavy.

Ald. Tilley asked for an increase in the wages of Mr. Lambert, a deckhand on board the Ludlow, who has been over five years employed on the boat and holds a mate's certificate.

Ald. Bullock moved that the schedule of wages should be placed in the hands of a committee to revise.

Ald. Bullock, Ald. Tilley, Director Cushing and the chairman were appointed as the committee.

A number of bills were then received and passed. The meeting then adjourned.

DECIDE ON SUICIDE.

PHILADELPHIA, Aug. 29.—Coroner King, of Montgomery County, admitted today that Frank K. Hippie, president of the Real Estate Trust Company, who was found dead at his home in Brynmawr, Penna., last Friday, committed suicide.

ANOTHER POSITION.

John Jennings of this city has secured the position of stenographer for the Intercolonial Railway office (freight department). Mr. Jennings is a graduate of the Currie Business University, Ltd.

MCCARTHUR'S REPLY TO ENG'R. HUNTER

Says What Has to be Done is Extra Work

And an Order Should be Given—Contractors Were Unable to Find the Engineer.

Contractor McArthur called at the Star office today to make a statement on the writer's situation. At the meeting of the civic board yesterday the work was taken out of the contractors' hands. Engineer Hunter stated that he had been unable to find the contractors at Loch Lomond. In reply to this Mr. McArthur said that as far as he is concerned there has not been a day, Sunday or week-day, on which he has not been on the work, and often he has been there twice a day.

W. A. McVey has been there practically all the time while work has been going on. Mr. Hunter on Friday night last told Mr. McVey that on Monday he would see the recorder and let Mr. McVey know what was to be done in regard to drawing off the water.

Mr. Hunter talked of paving the bottom of the lake in front of the intake pipe and there was an order to be given if any of this was to be done. Mr. McVey thought he has since Monday been looking for Mr. Hunter, but has been unable to find him, either by telephone on Monday or at the work since then.

The work which is still to be done does not amount to a pinch of snuff and can be finished for a paltry few dollars. Not more than eight or ten yards of dirt have to be removed. If the paving is to be put in, it will require a cofferdam, and this can be more easily carried on if the water in the lake is lowered. To lower the water will take a couple of weeks. There is a depth of six feet over the bottom of the pipe now, and if a couple of feet were taken off, there would be little trouble in doing the paving. But for this work the contractors have a right to get an order from Mr. Hunter. They have been looking for him to get this order, but have not yet seen him.

Mr. Hunter added that their contract finished at the end of the pipe, that no mention of price for any of the work now spoken of is found in the contract, and that as this is extra work, an order should be given. He had the notice from the city to the effect that the work had been taken out of the contractors' hands, but the contract is now completed, this does not amount to much.

LITTLE JACK ARMSTRONG SERIOUSLY INJURED

Fell Thirty Feet Down the Elevator Shaft of His Father's Office.

A serious and very painful accident occurred this morning when Jack Armstrong, the seven-year-old son of E. J. Armstrong, printer, fell down the elevator shaft in Mr. Armstrong's printing establishment and was badly injured.

The little fellow who came to town with his father in the early train and went into the room where the elevator shaft was, and was standing near the shaft talking to another boy, when the latter observed that the trap door over the shaft had been lifted up. He called to young Armstrong not to go too near the shaft. The boy evidently fell on his right side. His face and head are badly bruised and cut, and his right arm broken. This forenoon he was reported to be resting easily and will probably recover, though it is miraculous that his injuries were not even more serious.

LABOR DAY EXCURSION.

On Monday, Sept. 3rd, the steamer Elaine will leave her wharf at 9.30 a. m. for Evansdale stopping at all way landings. Returning will be due at St. John at 7.30 p. m. An orchestra will accompany the excursion.

THIS EVENING.

"Way Down East" in the Opera House. Race at St. Andrew's Roller Rink.

Warning to Exhibition Visitors.

We are obliged each exhibition year to turn away hundreds who come to St. John for the sole purpose of having their teeth attended to, but who neglect the main object of their visit until a few days before returning home.

We would therefore advise all to call early and avoid the usual rush so that they may not be compelled to return home disappointed at being unable to avail themselves of our SUPERIOR WORKMANSHIP AND ATTRACTIVE FEES.

Parents should remember that the vacations are drawing rapidly to a close and that as they value the health and welfare of their own children and those of others they should see to it that their children's teeth are in proper condition. We can put their teeth in the condition they should be, without affording them any pain and we can do it reasonably. Call at once.

Busy Days in Our Fall Coat and Jacket Section, but it Will be Much Busier Next Week.

A Hint to Ladies who Want their Choice.

NEXT Week Visiting Ladies will make tremendous inroads into our coat supply. Exhibition week is always one of our greatest rushes; every salesperson is at his and her post, and the shopping activity is exceptional. One of the most attractive departments at this time of year is the coat section, and hereby hangs the hint. Ladies in need of a real dressy, exclusive outer garment for cool and real frigid weather, should not allow this week to pass without making a careful, painstaking selection. The danger is that next week's crowd may temporarily unsettle the various lines, and buy up all the prettiest ones.

WOMEN'S COATS, \$7.50 upwards—In rich, woolly tweeds and the most reliable of chevots. Large stylish checks, invisible checks, plaid effects and strictly plain goods. Loose, boxy and semi-fitted-backs. Finished smartly with neat strappings in self goods, velvets, etc., and further set off with novelty buttons. Velvet and self collars, cuffs to correspond. In three-quarter, seven-eighths and full lengths.

MISSES COATS, \$5.75 upwards—In tweeds and chevots of unquestionable value. Made up and garnished with velvet, self goods, and the prettiest buttons as well as silk braids. The models show a distinct advance on former seasons in their suitability to maidens from 14 to 18 years of age. Girlish, dashing and tailored without fault. In the three long lengths.

CHILDREN'S COATS, \$2.90 upwards—The cutest little wraps yet, and priced to suit every parent's ability to pay. Lined with large checked goods, and some unlined. Tweeds, chevots, serges and so forth. Plain colors and color mixtures. From 24 to 39 inches in length. These little coats introduce many of the new ideas set forth by children's clothing designers in the fashion journals. A large number from which to choose.

The Largest and Best Stock we Ever Had.
