FIVE

Boots For the BOY

One of the hardest propositions a dealer has to contend with is to combine style, comfort and service in a boy's boot.

We have given the matter a great deal of serious consideration and feel convinced that we have succeeded in producing a Boy's Boot at a reasonable price that combines those three essentials.

BOY'S BOY CALF LACED BOOT, BLUCHER OUT PATTERN, SEAMLESS QUARTERS, SCOTCH BACK STRAPS, BLACK STITCHED EDGE, EXTENSION EDGES, HEAVY DOUBLE SOLES.

This line is made expressly for us. We know how they are made and what they are made of, and can strongly recommend them for wear.

CANADIAN NEWS TOLD IN BRIEF PARAGRAPHS

OTTAWA, Aug. 25 — Sir Wilfrid Laurier will not be able to accept the invitation of Alberta and Saskatchewan and go west this autumn to lay the cornerstone of the capitol buildings of the two new provinces. He will be engaged at Ottawa until the opening of the session preparing for the event.

LONDON, Ont., Aug. 25 — The funeral of the late Robert Reid, one of the Transcontinental Railway Commissioners, took place from his brother's residence at 1:30 o'clock this afternoon. A very large number of prominent and representative people, including the Minister of Railways, Hon. George Graham, followed the remains to Woodland Cemetery. The pallbearers were: The four brothers of the deceased, James, George, Thomas and Edward, and Railway Commissioners Messrs. Colin MacIsaac and C. N. Young.

LONDON, Ont., Aug. 25 — The five-month-old son of Mr. and Mrs. P. H. Scott, of 78 Richmond street, died suddenly yesterday at noon. Death was due to suffocation. The child was lying in its buggy on the veranda and the mother left it for a short time to go into the house. When she returned it was lying over its face. It is thought that while lying in the buggy the child rolled over on its face. Its head became buried in the pillow, where it was unable to turn back, and smothered to death before it was rescued.

PORT ARTHUR, Ont., Aug. 25 — It is understood that the Canadian Northern Railway will increase the pay of its freight handlers, profiting by the experience of the Canadian Pacific, and forestalling the report of the conciliation board. It is understood the finding is favorable to the men and in all probability will be accepted by the company.

MONTREAL, Aug. 25 — Announcement is made in connection with the big cement merger which includes all the important cement plants in Canada, that the underwriting, which was in charge of Mr. Rodolph Forget, M. P., has been a great success, and that a public issue of a portion will be made shortly. The board of directors and the officials will be announced as soon as the organization is completed.

WINNIPEG, Aug. 25 — Twelve hundred carpenters went on strike at Winnipeg this morning. It is said that nine firms out of about sixty have signed the agreement presented by the union for a ten per cent. increase.

MONTREAL, Aug. 25 — The Star's London correspondent says: It is stated here that the Argentine Government is pressing the British Government to remove the embargo on Argentine cattle. They point to the decreasing live cattle supplies from Canada and the United States, which fell from \$5,524 head in 1908 to 38,736 head in 1909, and to the increased prices to British consumers.

Moreover, the Argentine interests are causing British representatives to investigate on the spot the contention that no disease now exists among the Argentine herds to justify the embargo measures, the eradication of disease from all exporting districts having succeeded completely.

The radical members of the British parliament, representing the working class districts, would favor the removal of the embargo or any other measure to cheapen meat, but Earl Carrington, minister of agriculture, is immovably opposed to this, and could sign on almost the entire Unionist support in favor of closed ports, even though the disease is proved to be only a pretext to cover protection to British farmers.

HUNT FOR FASHIONS

AT NOTED RESORTS

English Costume Makers Seek Ideas Abroad for Autumn Wear.

LONDON, Aug. 25 — A summer's incessant rain has proved disastrous to the wearing of elaborate toilettes out of doors, and the dictators of fashion have therefore devoted even more ingenuity than usual to designing the beautiful gowns which may be worn in safety amid the flowers and palms of the casinos and Kursals of the continent.

It is well known in the workrooms of the West End that the toilettes worn at the fashionable continental watering places during the brief but brilliant August season are the fashions of the autumn in embryo, and are consequently an invaluable help to the great army of dressmakers and milliners not in the privileged inner circles of fashion.

This is Deauville race week, for instance, and Deauville and Trouville are the happy hunting grounds of dressmakers in search of the novelties of autumn. Mingling among the gay crowd these astute observers quickly note a new method of draping, an original color combination, the cut of a sleeve, or the fold of a lapel, all of which are eloquent of fashions to come.

Several valuable hints have already been received in London. Pannier effects, tentatively introduced in the spring, are now regarded as a certainty of the autumn, though they will probably not amount to more than a graceful skirt drapery. A vogue of rich brocades and satins will be one of the results of the influence of the Louis XVI. period in dress.

The use of tulle de Jouy as a trimming for costume hats and for coat facings has suggested a new trimming for autumn undershirts, which will be embellished with the floral design of the crestone, cut out, and applied to the front. Another innovation is the insertion of a pocket among the flounces of the undershirt. British milliners anticipate that hats will be smaller and toques larger. High crown hats, still popular, and the favored trimming is a broad band of silk velvet swathed around the crown. A novelty likely to be seen on the early autumn hats will be clusters of rowan and the red berries of the rowan tree.

SHOOT SWEETHEART,

THEN ENDS OWN LIFE

Girl Seriously Wounded by Man in the Presence of Her Mother.

LONDON, Aug. 25 — A tragedy in which a young man fired two shots at his sweetheart, and then shot himself, occurred early yesterday morning at Wolverhampton.

The young man, a cycle turner named Frederick Leighton, living at 29 Darlington street, took his sweetheart, Emma Jane Cook, out shopping on Thursday night and returned home with her. Subsequently there was a disturbance outside the house, and on going outside he found that mother had been locked out of her house. He obtained admission for her and, after running upstairs to his own bedroom, he returned to his sweetheart's house.

Miss Cook was then in the back kitchen, and when Leighton entered, he had his hands in his pockets. He made a remark concerning his parents, and then suddenly producing a revolver he shot his sweetheart twice in the breast, one bullet lodging above and the other below the heart. The next moment he placed the weapon in his right temple and fired, falling dead at the woman's feet.

The tragedy was witnessed by the girl's mother, but she was so horrified

WEDDING OF VICAR

STOPPED BY BISHOP

Divorced From First Wife, Clergymen Seeks Second, But Superior Steps In

MANCHESTER, Aug. 25 — The marriage of the Rev. A. E. Foster, the vicar of St. Luke's, Preston, which was to have taken place yesterday morning, has been postponed indefinitely in consequence of the action of the Bishop of Manchester.

Mr. Foster, who used to be vicar of Great Church, Richmond, exchanged living last January with the Rev. W. Heblen, and a few weeks after his arrival he told the parishioners of St. Luke's that he intended to be married during the summer. Then rumors spread through the parish, and Mr. Foster took the members of his Bible classes into his confidence and told them that he had been compelled to divorce his first wife.

Mr. Foster told the facts before the Bishop of Manchester, who refused to give his sanction to a second marriage. A few weeks ago, however, Mr. Foster, who considered that he was justified in marrying again, gave the necessary notice to the registrar at Preston and at Bournemouth, where the prospective bride lives.

The marriage was fixed to take place at St. Luke's, yesterday morning, and the Rev. W. Heblen, the former vicar, had promised to perform the ceremony.

The Bishop of Manchester, becoming aware of this, took steps to prevent the ceremony. Yesterday morning Mr. Foster stated that the marriage had been postponed indefinitely in the interests of the work at St. Luke's.

The Rev. W. Heblen had been announced as the preacher at St. Luke's on Tuesday evening in connection with the jubilee celebrations, but the Bishop of Manchester forbade him to take part in the service, and Mr. Foster was unable to be present on account of indisposition. A brief service was conducted by the class readers. There is no curate, as the bishop refuses to license one.

Mr. Foster has worked hard and gained wide esteem in the parish. The strain, combined with the present unpleasant situation, has told on his health and compelled him to take a long rest.

At the spectacle that she was powerless to move or to prevent the act of self-destruction.

Notwithstanding her wounds, the girl walked to the general hospital, where she partially collapsed. Even then she expressed a wish to go home again, but the doctors persuaded her to stay. Her condition was yesterday stated to be so critical that the surgeons did not deem it prudent to probe for the bullet.

With the exception of the fact that Leighton's parents did not approve of his keeping company with the girl there is no apparent reason for the terrible act. Leighton is described as a very steady young fellow, and before her admission to the hospital Miss Cook told the sergeant in charge of the case that she and Leighton had always been on the best of terms.

Opening Fur Sale

Our Fur season is now well under way. Purchasers who appreciate the advantage of placing early orders to secure first selection and the advantage of special Summer Prices are placing substantial orders for immediate and future delivery. One order received now is worth more to us than two in the busy season, because our labor cost is only one-half as much as it will be later on. We are making these special price reductions to encourage early buying and to save lower cost of making up at this season.

Our Fur opening this year will be marked by special inducements never before offered by us at this season. We want to impress you early with the important fact, that although Dunlap-Cooke Furs are high class, they are not necessarily high priced — in fact the securing of our supply of raw skins direct from the trappers, manufacturing on a large scale for our four busy stores in the fashionable centres, and supplying the requirements of particular people, enables us to produce finer furs at the lowest possible wholesale costs, than our method of selling direct from the trapper to wearer, avoiding middlemen's profits, gives us an advantage in the fur trade that we could not possibly have if we did business on a smaller scale and the multiplied profits under the old methods of the general dealer.

The whole tendency through out the manufacturing world today, as well as in the profession is to specialize — to concentrate all one's forces to the mastering of one line. Our business is Furs — from the raw material to the finished article. We devote all our time, skill and experience to the buying and manufacturing of Furs on a large scale. Our Boston House looks to the designing of our Furs and you may rely upon getting the best. If quality and price count with you here are examples of how the specializing in our business works out. Compare these prices and values and remember that the prices Furs brought last season. This sale opens Monday, Aug. 23rd.

In order to secure your Furs in advance of requirements and to take advantage of special Summer Prices without investing the money till goods are needed, a deposit of 10 per cent. of the value will entitle you to have furs laid aside for delivery when required.

TRIMMED SHEPPARD.

Italian Champion Put it Over Famous New Yorker.

NEW YORK, Aug. 25 — There were several Olympic and national champions among the athletes who contested in the track and field games at Coney Island, N. Y., Sunday.

Chief interest lay in the meeting of Melvin W. Sheppard, of the Irish-American Athletic Club, and Luigi, the Italian middle distance runner, both of whom started in the 600 yard race. Luigi won easily in 1:13 1/5.

J. F. Crowley, the Marathon crack of the Irish-American Athletic Club, after a splendid start in the last hundred yards, won the three mile handicap by ten yards from his clubmate, T. J. Collins, the scratch man, in 15:07.

Ahead, the world's champion hop, step and jump expert, did 49 feet, 11 3/4 inches in the events. Martin J. Sheridan gave liberal handicaps, but won out in the discus throw, with 134 feet 3 1/2 inches, and John J. Flanagan of the Irish-American Athletic Club, took the gold medals in two handicap events from scratch, the 16-pound hammer throw, with 171 feet 11 inches, and putting the 56-pound weight 38 feet 5 inches.

DETROIT CAPTURES SECOND

GAME FROM PHILADELPHIA

DETROIT, Mich., Aug. 25. — In a re-contest Detroit took the second game of the Philadelphia series by a score of 4 to 3. The winning run was made in Detroit's half of the ninth, after the visitors had tied it up in the first inning. Mortality's single and Jones' infield out, and Stange's line hit to centre sent in the deciding score. Plank was steady throughout, while Donovan was wild, but strong in the pinches. None of the errors figured in any way in the scoring.

Mack's men had the bases filled with one out in the fifth, but could not count, a double play started by Tom Jones on Banker's grounder, killing the first chance, while a pop fly by Collins and an easy grounder by Baker lost the other.

FRENCH TRADERS ARE

WORRIED BY NEW TARIFF

Delegation Waits on Minister of Commerce

Pressing Against Date of New Arrangement With U. S.

PARIS, Aug. 25 — M. Dupuy, minister of commerce, today received the officers of a committee from the French Traders Council who called attention to the grave apprehension existing in the commercial world on account of the new American tariff. The delegates insisted that serious injury was likely to result to French traders in certain articles by the date of its application to France. M. Dupuy replied that the government was keenly solicited regarding the question and that his department was giving it the closest of attention.

NOT THE CHAMPION.

NEW YORK, Aug. 25 — The national championship committee of the A. A. U. have reported that F. C. Steffen, of Brooklyn, who was recently awarded the all around gymnastic championship, is deprived of his title by a mistake in addition of the points scored. Not all the records were in and the committee questioned the accuracy of some of those it had. The registration committee took the matter of awarding the title under advisement, reserving decision.
