## Fastest Quarter Made This Season

### Thomas W. Murphy's Horses Set Two Season's Records — Features of Grand Circuit.

Cleveland, O., Aug. 8.—Thomas W. Murphy, of Fonghsassa, N. Y., captured the Leader 208 pace with Direct C. Burnett and then won the special match race with Ante Guy over Walker Cox's great trotter Lu Princeton, the feature of today's Grand Circuit card at North Randall.

In winning these events Murphy set two season's records, in the first heat of the Leader's pace, in order to head off the rush of Frank Dewey, driven by Cox. Murphy had to drive the final quarter in 27.54 seconds, the fastest quarter ever any track this season, and one of the fastest quarters ever paced.

## VETERANS' FAIR OPENS MONDAY

All is in readiness for the grand opening of the big returned men's fair in St. Andrew's rink on Monday evening, under the auspices of the G. V. V. A. The rink has never presented a more attractive appearance, and the various booths will provide interest and amusement to all visitors in the city for the holidays as well as to local patrons. Many original and novel features have been arranged. The Veterans' Band will provide a concert of select numbers each evening, and the big fair will be in full blast after being declared open at 8 p. m. on Monday. An announcement as to who will officiate at this event will be made later.  
The show-house, the "place of wonders," will prove one of the most interesting features, exhibiting "Zuko," the South Sea head hunter, "Jaka-Icops," the "three-faced man," the "mouse circus," and other attractions. There will be a door prize each evening and valuable prizes for the different games of skill and chance. All returned men should make the rink a rendezvous next week.

## LITTLE BITS OF SPORT CHATTER

The baseball game which was scheduled between the Y. M. C. I. and Fairville for last evening will be played tonight. Y. M. C. I. and Carleton are to meet this afternoon.

We have heard it said that the golf swing and the follow through is helpful to the batsman in baseball. Arthur Sweet, the professional of the Edgewood Country Club of Chicago, claims that baseball hurts the golf swing. He says Americans who have played baseball use the palm grip in starting golf and have to be taught to grip with their fingers. Sweet maintains, too, that the baseball swing produces a tendency to "tear" the ball.

The Cincinnati Reds, under the able coaching of Pat Moran, are slowly but surely taking a strong hold on the leadership of the National League. With the acquisition of See from Rochester, their position should be materially enhanced. See was a consistent slugger for the Irishwites and could also be counted upon to pitch now and again. He was also an outside hitter and his bat is a valuable asset. Moran is an acquisition of no mean import. Moran is a crafty manager and has the ability of picking good players, which fact is borne out by the strong team that he has welded together this year, out of practically cast-off players.

A revival of foot racing is now apparent. In Springfield the half-mile track is being used every evening, and both Turnbull boys are rounding in excellent form for the fall distance events. In Montreal we have observed several young men doing road work within the past few days. It is expected that Cumberland will have a large delegation in the sports to be held at Halifax at an early date.—Amherst News.

John Heydler, President of the National League, has sent a telegram to Fred Luderus, first baseman of the Philadelphia National Club, congratulating the player on breaking the major league record for playing in successive games. On August 3, while Philadelphia was playing in Chicago, Luderus played in his 47th consecutive game, breaking the record formerly held by Ed. Collins, of the Chicago Americans.

## All Ready For R. K. Y. C. Cruise

Plans are well under way for the R. K. Y. C. annual "Happy Days" cruise, which is to commence this afternoon at three o'clock. The cruise will start out with no definite objective, the destination for each day's sail to be decided by the captains during the four-day cruise. It is the intention of the club to have all boats come down to Rothesay on the day of the Prince of Wales, which is to be held there and then return to Crystal Beach on Saturday to prepare for the annual service the following day at 11 o'clock. The club chaplain, Rev. J. A. Moran, will officiate at the celebration. The club expects that the boats of the St. John Power Boat Club and other organizations will join with them during the celebration at Rothesay.  
The following are the yachts which will be on the cruise but it is expected that others will join before the hour of leaving:

## ENGLAND SETTLES HER OBLIGATION FOR MUNITIONS

Washington, Aug. 6.—By the payment of \$35,176,123, Great Britain has settled her obligation to the American government for munitions negotiated for during the war, the war department announced today. Of the total sum paid \$13,690,000 was for Liberty motors; \$13,274,000 for airplane spruce; \$2,887,000 for wood distillates; \$4,690,000 for powder, and \$561,000 for the British share in the cotton interest pool. The announcement was in the form of a letter addressed to Secretary Baker from Chester W. Cuddeh, Mr. Baker's special representative in negotiations with the British minister of munitions. Mr. Cuddeh said the transaction probably was without precedent in that government has recognized obligations based almost entirely on verbal statements, to contribute to losses sustained by an ally in the production of materials beyond its own need. It is likewise without precedent in our country as to the amount of money involved and because of the fact that no recourse was had to any international tribunal.

## Rain Checks Are Declared Void

The Controversy Over the Validity of Checks Has Been Settled.

As a result of the controversy between the Boston and Cincinnati clubs over the validity of rain checks issued for a game that was interrupted before five innings had been completed, the National League is said to have adopted a rule which provides that when the home team ties the score or wins in an uncompleted half of the fifth inning, the game is scored as a legal contest and the plays made entered in the official averages.

On the first western trip of the Braves in June the Reds tied a game in Cincinnati in the last half of the fifth inning which was incomplete when rain stopped the contest.  
George Washington Grant, president of the Boston club, demanded a settlement for this game, but officials of the Cincinnati club decided that as five full innings had not been played the rain checks were valid. These rain checks were subsequently honored, most of them being turned in while the Giants were playing in Cincinnati.

The "gate" on the day amounted to approximately \$2,500, and Grant contends that the usual settlement should have been made and the rain checks declared void.  
The question was put up to President Heydler, of the National League, who supported the Cincinnati club. Later on a poll of the league's directors showed a division of opinion.  
At a special meeting of the National League the Cincinnati club was not represented, but Grant presented his claim. While admitting that he could not recover for what he termed his losses, because the rain checks had been honored, the Boston manager insisted that the league alter the rather antiquated rules that cover the point.  
If a team can tie the score in an uncompleted half of a fifth inning it can win without finishing the inning," is Grant's argument, and he is supported by more than one club in this contention.
