Tenders have been advertised for by the Public Works Department for the enlargement of the Lachine Canal. The Department states that the line to be adopted depends in some measure on arrangements which can be made for right of way. No doubt it does; and if so it is believed several friends of a Cabinet minister, who are moving spirits in the pet scheme, known as the "Lachine Canal Job," will be considered.

Contractors are notified that about January next tenders will be received for the construction of the Baic Verte Canal. Ex. Speaker Cockburn is the Conservative candidate for East Northumberland, and has good prospects of being returned.

Then varying appetites, causing differences of opinion as to what have on particular days at particular meals, made the kitchen a scene of wrangling, and the coch's opinion as to what have on particular days at particular meals, made the kitchen a scene of wrangling, and the cook's life a burden. The other domestics also found their nerves distracted and their muscles overtaxed in responding to the frequent ringing of five bells. Sometimes the five mistresses, of one mind for the moment, on one point at least, would have all five bells ringing at once, and the poor girls, perplexed, would do their best to answer two, with the result of being charged by three with neglect of duty. Added to all this the children of the various families made the entries and stairways a field of perpetual battle, and eventually the undertaking had to be given up as a bad job.
