### OFF TO TORONTO.

Waterloo fans are sure taking a great interest in the big game in Toronto to-night and over a score left for Toronto this morning. More are going this afternoon and the town will be well represented of loyal supporters of the Allan Cup Champions.

Cleaner as good as Old Dutch. 3 large tins 25 cents, at Bopp's, cash grocer. 2-28-21.

Entertainment to be given by St. John's girls club in basement of the Lutheran Church Mar 4th at 8 o'clock. Admission 15c. 2-28-21.

Miss Ruby Engel was the hostess of the young ladies' Bible class of the Waterloo Presbyterian Sabbath School at the lovely home of her parents, Dr. and Mrs. J. Engel, on Thursday evening, when the members turned out in full force to enjoy the delightful social evening provided for them in this hospitable home. Vocal and instrumental music were enjoyable features of the programme, and a delicious supper was served at the close.

These social meetings are greatly appreciated by the members and are proving a great factor in the success of the work which is being accomplished by the class.

Mrs. John A. Harper and Mrs. Hemphill were the hostesses of the Waterloo Presbyterian Ladies' Aid Society, at the home of the former, on Thursday afternoon, with a good attendance of the members and friends. In the absence of the President, Mrs. McKencher presided, and amongst other business transacted, it was decided to assist the work of the recently organized branch of the Victorian Order in Waterloo with a generous donation. Tea was served and a social hour much enjoyed by the ladies. The March meeting of the Society will be held at the home of the Misses Bruce, Allan street.

### IN POLICE COURT.

Only one case was aired in Police

ANY WOMAN'S STRUGGLE FOR GOOD HEALTH QUICKLY REWARDED

A Simple Home Treatment Now Advocated that Gives Fine Results

When a woman's face grows haggard and pale, when she is tired all day and ready to cry when night comes, she ought to know something is wrong.

Putting off only makes matters worse. The best advice we can give any sickly woman is to test out the following treatment.

At the close of every meal, with a sip or two of water, take two chocolate-coated Ferrero's Tablets. This seems to be the best thing going for folks that are tired out, run-down and in need of a strengthening, building-up medicine.

Ferrero's action aids the three principal functions of the body—digestion, assimilation, elimination. By strengthening digestion it forms an abundance of rich, red blood—this gives good color.

By perfecting assimilation, Ferrero's supplies nutrition—this gives strength, vim, stability. It cures because it eliminates the action of the liver, kidneys and bowels—this guarantees the maintenance of vigorous health.

Ferrero's puts you on the right road—the one that leads to health. Not a man, woman or child needing blood, vigor, endurance—not a person who is weak, nervous or sickly, not a person in ill-health who won't receive immediate help from Ferrero's.

As a tonic and restorative, as a health-bringer and body-builder, Ferrero's is unrivalled. It cures because it feeds and nourishes, because it contains the elements that build up and strengthen. Try it yourself—sold everywhere in 50 cent tins or 5 boxes for \$2.50 or by mail from The C. W. Wells Co., Kingston Ont.

**VICTORY BONDS**

Court this week the case in question being one of using insulting language against William Graff by Mrs. Ezra Frickey. Graff pleaded guilty before Magistrate Weir and parted with \$8.00 in cash for his misconduct.

### THE WEEKLY MARKET.

There was the usual large attendance at the regular weekly market this morning in spite of the stormy weather. There was an abundance of farm produce offered for sale. The bulk had only rung about 5 minutes and when the hammer was again put in place it started to peel forth again. Many thought two heaves or three would be returned at different times but such was not the case.

The finance committee of the town council met last night when considerable business was transacted and a number of recommendations will be presented to council on Monday night. Mr. A. A. Eby of the Hospital Board was present requesting an increase grant to the K & W Hospital. Last year Waterloo grant was \$800 and this will most likely be increased to \$1,000 for this year.

While the Town bell was pealing out a welcome home yesterday afternoon the hammer became loosened and came off. The bell had only rung about 5 minutes and when the hammer was again put in place it started to peel forth again. Many thought two heaves or three would be returned at different times but such was not the case.

### New Undertaking Parlours

FINEST EQUIPMENT IN WESTERN ONTARIO. A new and interesting departure by the Kitchener Furniture Company will go into effect at the commencement of next week when separate premises will be devoted to the undertaking business at 26 King Street, East, adjoining the present store. The building, which has been tastefully decorated throughout, comprises a splendid chapel, fine show-room and morgue, and embraces all the latest and improved features in this particular business. The latter is being fully equipped with an elaborate automobile hearse and funeral cars in addition to a newly patented automatic lowering device.

Edward Cass, the firm's funeral director, who has devoted eleven years to this kind of work, assumes control of the new branch. The retail furniture store is now in charge of C. F. Barton, who has sixteen years experience with the Eaton Company of Toronto and Winnipeg to his credit. In coming to Kitchener Mr. Barton, who is a furniture expert of no mean repute, relinquishes a managerial staff position of fourteen years standing. He has already arranged for a special exhibit next week when an excellent display of bedding will be featured. This will be immediately followed by an exhibition of furniture—period and otherwise.

Other developments in this company are now under way but at present the writer is not at liberty to disclose them. In view of the "better service" policy adopted by this enterprising firm; however, they will be anticipated with more than usual interest by the people in these cities.

AUTO LICENSE REVENUE. Guelph Feb 25.—The Works Committee of the city of Guelph decided at a meeting this morning to recommend that application be made to the Legislature to permit 25 per cent of all auto license revenue to be used by the municipalities and 50 per cent of that to be devoted to the improvement of suburban roads.

The City Council of Kitchener started this ball rolling. Harry Greb vs. Chuck Wiggins, 12 rounds, at Toledo. George Chaney vs. Lew Cardell, 15 rounds, at Baltimore.

### HYDRO RADIAL EXECUTIVE URGES START ON TORONTO-LONDON PROJECT

The financial record of the Hydro-Electric Commission for the past year stands out above all others in its evidence of progress. During the year a large number of reductions were made in Hydro rates to municipalities, but according to an announcement made last night by Sir Adam Beck the commission on the Niagara system alone had a net surplus after meeting all charges, including sinking fund, of \$1,445,000.

Nothing could more strikingly show the strength of the Hydro system than the fact that though the munition plants, which used such a heavy proportion of Hydro power during the war, are now largely shut off, the municipalities are already using within 3,000 horse-power of the maximum amount used when the shell and explosive-making plants were going at full speed. Throughout the war the municipalities restricted themselves in power consumption in every direction, and when they were finally permitted to take a normal amount their demands used up practically all the power turned out by the munition plants. The maximum of power used during the war was 149,000 horse-power, and the municipalities on the Niagara system are now using 146,000 horse-power.

The Statement. The annual statement shows that 134 municipalities took power from the commission during 1918, using an average horse-power of 156,828. The record further shows:

Expenditure		Receipts.	
Total capital invested	\$12,308,628.56	Revenue	\$2,944,796.92
Int. charges	451,812.79	Maintenance	230,984.68
Operation	147,522.29	Administration	8,311.21
Total interest, main, operation & administration	\$685,630.97	Cost of power	1,355,706.41
Surplus	\$690,459.54	Renewals	\$266,579.32
Contingencies	37,500.00	Contingencies	37,500.00
Total of renewals and contingencies	304,079.32	Surplus after deducting renewals, contingencies, interest and operation	\$386,380.22
Sinking fund, chargeable	191,937.12	Net surplus after all the charges, including sinking fund	\$194,443.10

The Niagara system now has \$1,176,692 credited to "reserve for renewals," \$59,168 for "contingencies," \$310,139 for "sinking fund," and under "net surplus" \$413,937, making total reserves, including surplus and sinking fund, of \$1,950,939.

The Hydro-Electric Railway Association executive meeting at the Hydro Building yesterday went on record as strongly in favor of the immediate commencement of operations in connection with the proposed Hydro radial from Toronto through Brantford, Guelph, Kitchener, Stratford, St. Marys to London. The resolution, which was moved by A. F. Wilson, of Markham, and seconded by G. Powell Hamilton, of Guelph, set out the fact that the municipalities in the district had carried by-law to the extent of millions of dollars for the radial; and the work was vitally necessary to the progress and development of this part of the province and for the provision of employment for returned men in order to avoid a possible period of depression; and that the money necessary was now available.

Copies of the resolution will be sent to the municipalities interested, asking them to endorse the action of the executive and make their position known to the Hydro-Electric Commission and to the Prime Minister of Ontario.

Another resolution urged the sending of the Power Commission Act to provide for the appointment of a Hydro-Electric Commission for a definite term of years in order to ensure continuity of service and policy. Still another resolution endorsed the Toronto-Niagara radial project, and pledged the members of the executive to personally support the radial by-law being voted on in Hamilton, Saltfleet and Nelson.

Mr. A.G. Schroter was in Drayton yesterday attending the funeral of his cousin Mr. J. Noecker whose death occurred recently at the Toronto Hospital. Deceased was 53 years of age, single and a grain merchant in business at Drayton.

Dr. and Mrs. Noecker and daughter of Waterloo were also attendant at the funeral.

### SURVEYING NEW HIGHWAY.

Brantford, Feb. 28.—The Provincial Government surveying party at work on the new provincial highway have passed Brantford westward and considerable interest was aroused by the fact that the surveyors followed the Burford route. Party officials have received information from semi-official sources that the new highway will go to Woodstock by way of Burford, and an announcement is expected any day from the department.

### War-Stamp Savings Campaign Has Been Launched in City

Moral Support of Business and Professional Men and Employers Asked For

The preliminary steps were taken last evening to bring the important question of war savings stamps before the public. Mr. N.W. Ford of Toronto of the National War Savings Committee outlined the matter at a public meeting in the City Council Chamber last evening.

Within a few days it is expected that every store, business office, factory and public place will have been supplied with literature pointing out the advantages of buying war-savings stamps. As soon as this has been circulated and the question drawn to the attention of the people the matter will work out its own solution. No canvassing is to be done for its not necessary, Mr. Ford says.

Coming Export Trade. Mr. Ford in a brief outline presented his remarks with a reference to the probable export trade that would come to Canada. From \$1,500,000,000 to \$2,000,000,000 worth of European export trade above the ordinary trade would come to Canada during the reconstruction period if the country went after it as a prelude to the reconstruction. The work will not be heavy and will be of short duration. The chief aim is to secure the moral support of the individual employer.

Mr. Ford in a brief outline presented his remarks with a reference to the probable export trade that would come to Canada. The work will not be heavy and will be of short duration. The chief aim is to secure the moral support of the individual employer.

### Tribute to Late Pte. James White

THE BURIAL PLACE OF A LOCAL HERO. Particulars as to the death of Pte. J. White were received yesterday by Mrs. White from the lieutenant in charge of the Battery of which "Jimmie" was a member prior to making the supreme sacrifice.

Jim was wounded on the night of October 2, 1918 in the wood near Hasou (France) when he was following up the Hun, and it was the last time he saw his country. He received a bullet wound in the stomach which was under fire, and he was wounded on Oct 21, 1918 and buried in the Old French Cemetery at Somanon.

Jim was a great favorite with all and undoubtedly one of the most cheerful men in my section, always willing to carry out any job given to him, and I could always depend on him, not only to do his share, but to do it well.

All the boys join with me in expressing our sympathy and we feel that in losing your husband we have also lost the truest friend and comrade that anyone could wish to have.

Deceased was very sincerely yours, E. Vincent Frith, Lieut. No 1 Sec "F" Batty.

### SUCCESSFUL REVIVAL MEETINGS.

Evangelist Chambers of Ottawa continues with the Pentecostal people on Scott St. in services over Sunday. His manner and message is of old type.

He believes it is possible for the church to have the same results today as in the early church and declares the days of miracles are not past and holds the church responsible for their lack of power. Evangelist Chambers believes in sticking to the old time methods of getting converts and makes a strong appeal at the close of each service.

A good committee was all that was necessary. Committee Appointed. After some discussion Mayor Gross was appointed temporary chairman and Mr. H.H. Gray, secretary. The following committee has been appointed:

Mayor Gross and City Aldermen: Manufacturers: C. A. Ahrens, Geo. Boshart, J. J. Breithaupt, A. L. Breithaupt, J. Baez, Jr., E. J. Kabel, W. G. Cleghorn, E. D. Campbell, N. M. Davison, Mr. Detwiler, G. M. Debus, C. J. Forsyth, J. D. Gross, D. H. Hibner, J. E. Jacques, A. R. Kaufman, H. Krug, Geo. C. H. Lang, R. S. Lautenschlager, John A. Lang, Geo. Lippert, H. McNulty, H. N. Niburg, A. P. Poutanen, O. Rumpel, T. H. Rieder, E. W. B. Snider, W. T. Sass, Geo. Schlee, W. H. Schmalz, S. J. Williams, Mr. Wilson (Dom. Time Co.), M. Wunder, Merchants: H. Boehmer, S. Ernst, John Fennell, A. Z. Garner, A. R. Goudie, Harry Hagen, Mr. Hungerford, J. Hessemer, A. Lockhart, F. E. Macdonald, J. Miller, Geo. Potter, Lang-Treacy Co., Mr. Riiz, A. Roos, Jr., A. A. Rose, R. Smyth, J. W. Shoemaker, R. Smyth, H. Volkmann, Magistrate Weir, E. W. Clement, Captain Melotash, H. J. Sims, Dr. Honsberger, Dr. Hunsberger, J. A. Hilliard, A. E. Rutell, P. Scully, Postmaster Boehmer, D. A. Bean, W. V. Uttley, W. J. Motz, M.A., Father Zinger (St. Jerome's College), Edouard Forsyth and Principal of all other Schools, Secretary H. H. Gray and all the other Ins. Agents, all the Ministers of the City, Manager of each Bank, Chas. Ruby, Applyby B. (Master of the Boy Scouts), Manager of Loan & Savings Co.

The Record news' hockeyists again defeated their contemporary newboys by 4 to 3 goals at the East end rink this morning.

### MANITOBA M.P.P. TO PRESENT RESOLUTION ON THE SUBJECT

Winnipeg Feb 28.—Captain A.W. Miles Cypres this afternoon gave notice in the Legislature that on Tuesday next he will move that the Federal Government be asked to pass legislation at this session giving an immediate and substantial all-round reduction of the customs tariff.

### SETTLEMENT HINGES ON CONFERENCE TO-DAY

NEW YORK, Mar. 1.—The settlement of the threatened harbor strike here to-day hinged on the outcome of a conference of boatmen and counsel for employers, to be held this afternoon.

Two special trains with troops Star liner Canada are snowbound east of Quebec. Soldiers on them for Toronto and London are delayed twelve hours in reaching their destination.

vice for all in any need to remain for an after-service, to which many respond. Thrilling testimonies are heard, from those who profess to have been cured by faith of diseases and receiving of great spiritual blessings.

How do you know you are a Christian? Have you been born again? Have you been filled with the Spirit? Are you living a holy life? Hear Evang. Chambers at The Pentecostal Assembly Hall, Scott St., Three services tomorrow 10.30 a.m., 2.30 p.m. and 7.30 p.m.

The afternoon subject: "The Church" The evening subject: "The Lost Coin, The Lost Sheep and The Lost Son." Come early to get a seat. Good spirited singing with orchestral music.

### Allies Must at Once Make Peace Or Consent to Raise the Blockade.

ECONOMIC COUNCIL PRESENTS TO COUNCIL OF TEN A CATEGORICAL OPINION TO THIS EFFECT

Paris Feb 28.—The new Economic Council has presented to the Council of Ten a categorical opinion that the allies must either make peace at once or else consent to raise a blockade of enemy countries. This virtual ultimatum is based upon the reports made by the 14 British officers, which reveal the seriousness of the situation in Central Europe.

I can add the statement that there are 250 deaths from starvation daily in Bucharest alone and as so far as blockade purposes practically the entire area from the Rhine to the Black Sea is enemy country, the magnitude of the impending disaster can hardly be measured.

On Feb. 28th, Matthew Durrant, of Winterbourne, aged 82 years. His funeral will be held from his late residence Waterloo Tp. to Winterbourne Methodist Cemetery at 2.30 p.m. on Sunday.

Mr. Durrant was an uncle of Mr. John F. McKay and a well-known man in his district.

### GUELPH STOVE PLANT SOLD

Guelph Feb 28.—One of the most important deals that have taken place in the city for some time is that whereby the Guelph Stove Co. Ltd. has been sold to a large mercantile firm in Toronto. The new owners are now in charge of the plant and the business will be continued without any interruption. The purchase of the property and plant situated on the York Road also involves the old premises on Paisley Street which have been lying idle since the new plant was put into operation in 1912. It is understood that the new owners will greatly increase the capacity of the plant as soon as possible. Owing to the fact that the purchase of the plant and property also included all the patent rights owned by the company it will continue to be known as the Guelph Stove Co. Ltd.

### MANITOBA M.P.P. TO PRESENT RESOLUTION ON THE SUBJECT

Winnipeg Feb 28.—Captain A.W. Miles Cypres this afternoon gave notice in the Legislature that on Tuesday next he will move that the Federal Government be asked to pass legislation at this session giving an immediate and substantial all-round reduction of the customs tariff.
