

## MORE WORLD'S RECORDS

*"Ross" Rifle and "Ross" Ammunition clean up everything in sight in the match rifle competitions at Bisley.*

In the Hopton Grand Aggregate which represents the total scores of the six big Bisley Match Shoots, at ranges of 900, 1,000 and 1,100 yards the "Ross" Rifle and "Ross" Ammunition took the first six places. Top score, 792 out of 825.

In the King's-Norton Match at 1,200 yards, a World's Record was made with Ross Rifle and Ross Ammunition. Score: 73 out of 75.

*This year's triumph at Bisley, confirming previous years' results, classes the "Ross" Match Rifle as the champion of all long-range rifles in the British Empire---and probably, therefore, in the world.*

Sportsmen who seek an accurate and high power arm will be glad to know that the Ross 280 High Velocity Rifle has the same barrel and breech as the military match rifle which only differs from it in the sights and style of stock. Its low trajectory and reliability have made the Ross a favorite in India with big game hunters.

Illustrated catalogue and full information sent on request.

## Hupmobile

\$850--\$1000

We believe the Hupmobile to be, in its class, the best car in the world. And the most modern machinery; the most skilled mechanics; the very best of materials; and engineering ability of the highest calibre are all enlisted in making it so.

Hupp Motor Car Company,  
Desk A, Windsor, Ontario.

The assembly of crankshaft, flywheel, multiple disc clutch and sliding gears requires a number of operations of utmost skill and nicety of adjustment. Without these, permanent adjustment is not to be had; and there is lacking the complete harmony necessary to smooth operation and the minimum of friction. When the assembly of these parts is completed a compact unit is had. The whole is enclosed in the continuation of the crank case, is fed with oil by the Hupmobile's unique and highly effective system, protected from dust and dirt, and the true alignment of the parts preserved in spite of twists and shocks. You will find the same principles of simplicity and sturdiness dominant throughout the Hupmobile chassis---the engine entirely enclosed, the valves protected; clutch, flywheel and transmission compactly arranged; one universal joint instead of two, etc. These are indisputable evidences of the rich value embodied in the car; they are the distinguishing marks of cars of much higher price than \$900.
