York Unions

The Graduate Assistants' Association has scheduled meetings with the Administration in mediation on Friday, Saturday, and Sunday, January 18-20, 1980. The issues outstanding going into these meetings are job security, benefits, and wages. In the event that a settlement is not reached in these meetings, the GAA will be recommending strike action to their members at a meeting scheduled for January 21, 1980.

In addition, the York University Faculty Association will be meeting in conciliation with the Administration on Friday, January 18. YUFA's outstanding issues are power of the arbitrator, promotion and tenure, and an acceptable wage increase. If there is no settlement reached, YUFA will ask for a "No-Board Report" to be filed by the Ministry of Labor. In this event, YUFA will be in a legal position to strike sixteen days after the filing of such a report.

We are facing the possibility of two unions being forced to withdraw their services by the end of January.

We deplore the Administration's delaying tactics in forcing such a confrontation and their lack of serious negotiations with the GAA and YUFA. We consider that the contract demands of the GAA and YUFA are just demands and support both unions in their ongoing round of negotiations with the Administration.

We urge all members of the York community to join us in our support of the Graduate Assistants' Association and the York University Faculty Association in reaching a just and reasonable settlement.
