The Right Honorable Arthur Meighen,
Ottawa, Canada.....

My dear Mr. Meighen:

Mr. Lawrence J. Burpee, Secretary of the Canadian Section of The International Joint Commission has very kindly sent us the fine, autographed photograph of yourself.

I want to express to you the very sincere thanks and appreciation of the members of the United States Section of the Commission for your generous gift. We appreciate more than I can tell you the splendid sentiments expressed on the photograph. This picture will be hung in our new Hearing Room together with other portraits of our Canadian friends and will be a constant reminder of friendly and helpful relations that have existed so long between our two Governments.

With renewed thanks and appreciation and every best wish, I am,

Respectfully yours,

Jesse B. Ellis
