

- Q.233 When you were in the hallway when you were going out with Bdr. Waterfield, what happened then. Did you get away from him?
- A. I don't remember. I remember just when they brought me to the Guard Room.
- Q.234 In the kitchen what happened? You remember your scuffle with Cpl. Richmond. Do you remember anything after that?
- A. Only when they came into the ration room. Bdr. Waterfield was in the door. I knew he was a boxer and thought he would punch me. I lost my head and don't know what happened after that.
- Q.235 This idea that you got about a "bad party". How did you come to think of that?
- A. When you are in the Bty and two or three are against you, you haven't got a chance. I was afraid they would give me a party.
- Q.236 What gave you that idea?
- A. I don't know. Because he was a boxer and might try something at me.
- Q.237 What did Bdr. Daniels do?
- A. I don't remember what he did.
- Q.238 How many drinks had you had in the Canteen?
- A. About five or six glasses.
