Special to Farmers

A Paying Department of Every Farm Should be the Poultry

MANY farmers do not realize that it is absolutely necessary to improve their stock, providing good layers and excellent birds for the table. We breed the very best that can be obtained, and you want the same. From our magnificent stock of White Wyandottes and Single Comb White Leghorns we will sell settings of eggs at the moderate price of \$1.50 per setting. This breed is known as an all-round general purpose fowl, being a great egg producer as well as the very best marketable bird for table use.

We imported all our original stock from the large poultry farms of the U.S. expressly for the purpose of obtaining the most profitable breed for the farm and have proved by our own experience that it pays far better to breed this profitable breed than the ordinary stock that is so common throughout the country.

We have purchased from MR. HAWKINS, of Lancaster, Mass., a pen of his celebrated

ROYAL BLUE STRAIN
OF
Barred Plymouth Rocks

We highly recommend these birds to the public, and will be pleased to supply eggs from these at \$2.00 per setting. Address—
