

Consumption Cured.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma, and all throat and lung affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper. W. A. NOYES, 320 Powers' Block, Rochester, N. Y.

**TENDERS FOR SUPPLIES, 1898.**

The undersigned will receive tenders for supplies up to noon on MONDAY, NOVEMBER 29th, 1897, for the supply of butchers' meat, butter (dairy and creamery, giving price of each), flour, oatmeal, potatoes, cordwood, etc., for the following institutions during the year 1898, viz.:

At the Asylum for the Insane in Toronto, London, Kingston, Hamilton, Mimico, Brockville, and Orillia; the Central Prison and Mercer Reformatory, Toronto; the Reformatory for Boys, Penetanguishene; the Institutions for the Deaf and Dumb (Belleville), and the Blind at Brantford.

Two sufficient sureties will be required for the due fulfilment of each contract. Specifications and forms of tender can only be had by making application to the Bursars of the respective institutions.

N. B.—Tenders are not required for the supply of meat to the Asylum in Toronto, London, Kingston, Hamilton, and Mimico, nor to the Central Prison and Mercer Reformatory, Toronto.

The lowest or any tender not necessarily accepted. Newspapers inserting this advertisement without authority from the Department will not be paid for it. (Signed.)

R. CHRISTIE,
T. F. CHAMBERLAIN,
JAMES NOXON,
Inspectors of Prisons and Public Charities,
Parliament Buildings, Toronto.
November 15th, 1897.

GOSSIP.

In writing to advertisers, mention the "Farmer's Advocate."

See advertisement of poultry, Jas. Boland, Duncrief, Ont.

Mr. Sharpe Butterfield, the well-known poultry judge, of London, Ont., is away on a five weeks' tour in England.

James H. Shaw, Simcoe, Ont., makes a strikingly liberal offer in Yorkshires. It will be well to look up his advertisement and participate in the snap.

Mr. J. C. Lyons, Lucknow, Ont., in writing us instructions regarding his advertisement, says: "I had a successful year at the fall fair, winning 95 first and 40 second prizes at six shows in the hottest of competition." Those who want good fowls will know where to find them.

Mr. John A. Craig, B. S. A., Professor of Animal Husbandry at the University of Wisconsin Agricultural Experimental Station, has resigned his position on the staff, and proposes going into sheep husbandry. His successor, also a graduate of the Ontario Agricultural College, Mr. W. L. Carlyle, B. S. A., who has devoted considerable of the last few years to Farmers' Institute work in the State of Minnesota, has already entered upon his new duties. Mr. Craig graduated at Guelph in 1888, and Mr. Carlyle in 1892.

J. E. Brethour, "Oak Lodge," Burford, Ont., writes:—"I have sold over three hundred Yorkshire hogs within eight months, and could have sold nearly as many more if I had had them. All the young boars fit for service are sold. I have about forty young sows that I am breeding to my prize boars, and I will offer these for sale when safe in pig. I have now about one hundred as choice young pigs from two to three months old as I ever offered. My hogs were very successful at the fall exhibitions, winning the lion's share wherever shown, I am also preparing some good ones for the Fat Stock Show in Brantford.

James McCormack & Sons, Rockton P. O., Ontario:—"Enclosed find change of advertisement. Our Ayreshires are doing well, and as the pasture has been good they will go into winter quarters in prime condition. The young bulls we are offering are of the choicest breeding and quality. Our Barred Plymouth Rocks are bred from the best that could be got in the States—Bradley & Thompson stock—and the birds we are now offering are bred from choice matings. In Toulouse geese we have as good as can be got. On young birds at Toronto we won first and second; at London they won two firsts; and at the Ontario Poultry Show last winter on young geese we won two seconds and one third.

OXFORD, ONTARIO, TO THE FRONT. FARMER'S ADVOCATE readers in Oxford Co., Ont., and adjacent points, will note with interest the announcement elsewhere of the annual Christmas show by the Oxford Fat Stock Club, in Ingersoll, on Thursday, Dec. 16th. Special efforts are being made to make this show excel any previously held, nearly \$500 being offered in prizes for cattle, sheep, hogs and poultry. Some handsome premiums will be given for bacon hogs. Prize lists, etc., may be obtained from the secretary, Mr. M. S. Schell, Woodstock, Ont. The show deserves success.

NOTICE.

MAKING ELGIN WATCHES—INTERESTING FACTS ABOUT THE WORLD'S GREATEST WATCHMAKING INDUSTRY.

Thirty-three years ago, there was begun in Elgin, Ill., the manufacture of high-grade watches. A success from the start, Elgin watches have grown in popular favor until today the name Elgin is everywhere considered synonymous with accuracy and general excellence in time-keeping machinery.

It is said that up to the present time it has produced nearly eight million watches, more than any factory in the world has produced in the same period. The work is done, when the factory is at its full capacity, by a force of 3,000 skilled artisans of both sexes, who are able to turn out a total of 2,500 watches a day, including all 50 grades of movements. There are about 50 different watch movements made, all having a degree of excellence which is a distinguishing mark of the Elgin, but the tendency of later years is toward the higher grades of movements, the Full Ruby Jeweled, which are in every respect superior to any watches made, either foreign or American.

Aside from the supervision of the departments by the highest grade of skilled mechanics, the location of the factory and the factory system contribute in large measure to the excellence of Elgin watches. Located on twelve acres of ground on the shores of Fox River, 40 miles from Chicago, the various wings are far apart, allowing splendid light, plenty of pure air, and ample room. There is no overcrowding, nor has the factory any "stores" or other methods of interfering with the personal freedom of its employees. The broad spirit of free American manhood and womanhood prevails, and it is believed this fact contributes in no small degree to the excellence in all its details of the peerless Elgin Watch.

JOHN TREMAIN, FOREST, ONT.,

TOLTON'S No. 1 Double Root Cutter

The Latest and Best, and the Only Double Root Cutter Manufactured.

POINTS OF MERIT.

(1) To change from pulping to slicing is but the work of a moment. (2) There are two separate wheels, one for pulping and the other for slicing. (3) The united force of both wheels is always used in doing the work in either capacity. (4) The hopper is between the wheels, and having large lower pockets prevents choking.

Soliciting your orders for the same, we are, yours truly,

TOLTON BROS., GUELPH, ONT.

Pat. Sept. 6, 1894. (When writing, please mention "Farmer's Advocate.")
