Here's Your Paint!

Whatever your job of painting—whether you do it yourself, or have a painter do it—be sure of a GOOD job, soonest done, best looking, longest service, by getting

M-L PURE PAINTS

All ready for use. Simply choose the right color from the forty-seven shades in which M-L paints are made—take off the cover, stir a bit and start to work. You'll find M-L Pure Paints spread easier, cover more surface, give a smoother, glossier finish than any other paint you could buy.

Use M-L Paint and You Won't Have to Paint so Often

Other paints soon fade, blister and flake off because other makers haven't yet found out, as we have, how to mix a special ingredient with other pure materials to make an elastic, durable paint that stands extremes of wear and weather, and keeps its lustre for the longest time.

Decorate the walls and ceiling with M-L FLAT WALL COLORS. More economical, more artistic, more sanitary than wall-paper. Easily applied and very durable. Washable, too. 16 shades. Try them.

Made in 47 colors for every painting purpose by Imperial Varnish & Color Co., Limited, Toronto

The disc drill that can't stall

Built with more strength than it will probably ever need. Continuous steel axle from wheel to wheel, with frame and seed-box solidly attached. Seed-box down low and easy to fill. Tested indexes tell just how much you are sowing. Champion does not compel you to fit the shift-lever precisely into such-and-such a notch. Vary the seed-feed to suit yourself—do it in a second. Champion disc hubs are really dustproof, and are fitted with ball-bearings same as a good automobile. Direct down-pressure on EVERY disc-hub avoids side-strain. No neck-weight on team.

ANY disc drill economizes seed, time and labor as compared with other ways of seeding. But a FROST & WOOD CHAMPION excels all in accurate sowing, money-saving and the certainty of bigger crop-production. It sows right under hardest conditions.

Macdonald Agricultural College praises its CHAMPION DRILL. So do the Experimental Farms throughout Canada Profit by their experience

NO LEAK-NO RUST

STEEL TANKS V. WOODEN

The steel tank for water storage is as much superior to wooden tanks as modern steel farming implements are to the crooked sticks of our ancestors in early ages. Wooden tanks are unsanitary and liable to leak. Our steel tanks are all steel of the finest quality—self supporting—surrounded by an iron angle framework with braces added according to size of tank. The angle iron framework ensures absolute rigidity, and the braces added give the tank strength four times in excess of any strain that may be applied.

Guaranteed for ten years but will last a lifetime. STEEL TANK CO., TWEED, ONT. AGENTS WANTED EVERYWHERE

Saves work and wages

THOUSANDS of farmers are reducing the cost of planting and increasing the production by using the ASPINWALL POTATO PLANTER.

This machine does all the work automatically, requires no human aid other than the driver, and soon pays for itself out of the wages it saves. What the Aspinwall No. 3 Potato Planter has done for others it will do for you. Write for catalog descriptions of our POTATO CUTTERS, PLANTERS, SPRAYERS AND SORTERS. Address Dept. F.

Aspinwall Manufacturing Co. No. 3 No. 3 Jackson, Mich., U.S.A. Canadian Factory: Guelph, Ont.
