

Heart Trouble

Caused Dizziness, Weakness and Smothering Spells.

Through one cause or another a large majority of the people are troubled, more or less, with some form of heart trouble. Wherever there are sickly people with weak hearts, Milburn's Heart and Nerve Pills will be found to be the most effective medicine on the market.

Mrs. F. Leslie Craig, 114 Erie Ave., Brantford, Ont., writes:—"It is with the greatest of pleasure I write you stating the benefit I have received by using Milburn's Heart and Nerve Pills. I suffered greatly from heart trouble which caused dizziness, weakness and smothering spells. I used a great deal of Dr.'s medicine but received no benefit. A friend advised me to buy a box of your pills, which I did, and before I had finished one box I felt so much better I continued their use by taking two boxes. I highly recommend these pills to any one suffering from heart and nervous trouble."

Milburn's Heart and Nerve Pills are 50 cents per box, or 3 for \$1.25, at all dealers, or mailed direct by The T. Milburn Co., Limited, Toronto, Ont.

"Isn't it awful? According to the papers there just seems to be one revolution after another."
"Yes; that's the way the world goes round."

THE POSTMASTER TELLS HIS FRIENDS

That they should use Dodd's Kidney Pills for Kidney Ills.

He had Backache for a long time but Dodd's Kidney Pills cured it. That is why he recommends them.

Winnipeg, Ont., May 8.—(Special.)—John O'Brien, postmaster here, and well known throughout this entire neighborhood, is telling his friends that Dodd's Kidney Pills are the cure for all forms of Kidney trouble. And when they ask how he knows this is the answer he gives:

"I was troubled with Backache for a long time, and Dodd's Kidney Pills cured it. That's why I recommend Dodd's Kidney Pills to all sufferers from Kidney trouble."

The postmaster is not the only one in his neighborhood who has found relief from his Kidney ills in the old reliable Dodd's Kidney Pills. Others there who have Rheumatism has been relieved, Dropsy has vanished, and various other Troubles have been cured. The disease is of the Kidneys, and the only cure is of the Kidneys, and Dodd's Kidney Pills never fail to cure it.

GOSSIP.

Two registered two-year-old Aberdeen-Angus bulls, and some younger stock, are advertised for sale by Neil A. Campbell, of Fingal, Union Road, Ont.

James Bowman, Guelph, Ont., reports the following sales of Aberdeen-Angus cattle: To Albert House, Ponsosby, one bull; another to Geo. Alexander, Allan Park; to Kenneth Quarrie, of Belwood, Ont., we have sold the cow, Elm Park Keepsake 3rd, also a pair of good two-year-olds, bred to Glenmere Proud Lad, first-prize bull at Chicago last December; to Donald McFarlane, of Manitoba, the bull Elm Park Ringleader 3rd, winner of get of sire prize in 1908, Dominion Exhibition, Calgary, and also at Winnipeg in 1909; A. E. Shuttleworth, of Hespeler, has purchased our three-year-old Clydesdale mare, sired by Lord Charming. We also sent a Suffolk ram to Jos. Thompson, Sardis, B. C., and one to Joseph Rye & Son, Edmonton, Alta., and a good ewe to Karl B. Warner, Otsego, Mich. We still have some of our best young bulls for sale.

IF YOU WANT CLYDESDALES, READ THIS!

In last week's issue appeared a synopsis of the high-class character of the Holsteins to be sold by auction on Tuesday, May 23, 1911, the property of F. H. & W. T. Elliot, of Coleman P. O., Ont., at their farm, two miles north of York Station, G. T. R. This week, a resume of the Clydesdale mares and fillies to be sold at the same sale is given. For full particulars of the breeding of both the Clydes and Holsteins, as well as the records and official backing of the latter, write for a catalogue to W. F. Elliot, Coleman, Ont. It is very seldom that so high a class of these most popular breeds are sold by auction, but they are the farm stock, and the farm is sold, consequently everything, including an exceptionally full line of implements, will be sold for whatever they are bid off at. McQueen's Daughter 15236 is a brown five-year-old, sired by the greatest Clydesdale sire Canada ever knew, Imp. McQueen, dam by Imp. Lord Lieutenant. She is a stylish, tippy mare of character and quality. Two of her daughters, one of them rising two, the other rising one, both sired by Imp. Baron Currie, are an extra choice pair, the Elder, McQueen's Granddaughter 22099, is exceptionally smooth and well finished; the younger, Mollie Currie 24753, was second at Guelph last fall, and has improved every day since. She is an extra choice filly, that will be a hard one to beat next fall. Kitty Dromore 17001 is a bay, rising four, by Imp. Baron Currie, dam Dromore Princess (imp.), by Peerless. This is a big mare of quality and character, and a phenomenal mover. She is in foal to Imp. Black Regent. A half-sister of hers, Pride of Dromore 17002, a bay, rising three, by Imp. Baron Beau, dam Imp. Dromore Princess. At Guelph, she was fourth in a class of fifteen. She is smooth, stylish, has quality and character, and goes straight and true. York Station is on the main line of the Grand Trunk, about seven miles east of Toronto. It is also on the Scarboro electric line. Conveyances will meet morning trains from both east and west at York Station on morning of sale; also at Wexford Station, C. P. R., and will be at Empringham Hotel at 11 a. m. for visitors arriving at York on the electric line. The sale of the Clydesdales and Holsteins will commence sharp at 12 (noon), for the other stock and implements at 10 a. m.

"I don't like your weigh," remarked the customer to the grocer.

"I hope to make myself clean," said the water, as it passed through the filter.

"Reading makes the full man, but writing doesn't," complained the half-starved poet.

"My resources are all tied up," said the tramp, as he placed his bundle on a stick.

"The rest is silence," quoted the musician, explaining the meaning of that term to his friend.

"It is that treating a friend in a rather unkind manner," said the doctor, as he picked up the receiver after prescribing over the telephone.

the roof that lasts long and leaks not

the cheapest good roof is one that

is so thoroughly locked together, unit by unit, that the hardest windstorm cannot budge; the heaviest rainstorm cannot penetrate; the severest lightning cannot harm. And that means Preston Shingles.

Possibly you may think wood shingles are cheap. They are—in the worst sense. Only metal shingles should roof any building of yours. And any metal shingle is better than any other roofing. But Preston Shingles excel—in every practical way—all other metal shingles. Shouldn't you know about that? The book that proves is waiting for your request. 17

Learn why the FRICTIONLESS EMPIRE runs easier than others

If you've ever used any other make of separator you'll marvel when you turn the Frictionless Empire. So nearly frictionless that it almost runs itself. Will run for half an hour after you've finished skimming, unless you stop it with our brake.

The Frictionless Empire is the only separator with ball bearings at top and bottom of bowl-spindle. Other makers would jump at the chance of using our Ball Neck Bearing and Three-Ball Bottom Bearing. But our patents prevent others using these friction-eliminating, easy-running, long-life features.

These ball bearing features, together with the lighter bowl, fewer closed bearings, more easily cleaned skimming devices, etc., make the Frictionless Empire the one really good cone separator.

Years of service prove their worth. Empire quality in every machine, and a guarantee as good as a gold bond.

Some day you'll own an Empire. In order to hasten that day we want you to read our new 25c. book. It tells the truth about the two standard methods of cream separation. Gives valuable dairy pointers.

We will send you one copy free, provided you tell us the number of cows you keep. Also name of this publication. Don't miss this book. Send for it immediately. Extra copies 25c. Ask for book No. 2

The EMPIRE Line of Cream Separators

consists of a full range of sizes in both Frictionless Empire (cone method) and Empire Disc. The choice of either cone or disc method, and the size of machine, rests entirely with you.
