

GOSSIP.

THE MANOR SHORTHORNS.

The Manor herd of Scotch Shorthorns, the property of John T. Gibson, of Denfield, Ont., are coming through the winter in extra nice condition. Year by year shows a steady and substantial improvement in the general excellence of this well-known herd. The present stock bull has proven the wisdom of Mr. Gibson when he selected him as head of the herd. Never before in our many years' acquaintance with the herd did we see so much quality and general excellence among the young things as this year, this, in spite of the many famous bulls that have been in service on the herd, Imp. Prime Minister, Imp. Governor-General, Imp. Proud Gift; the Bruce Maydower bull, Star Prince =53900=, a son of Imp. Lavender Star, and out of Imp. Sunny Princess, by Prince of Archers; then, the present stock bull, Baron's Pride =72491=, a son of the great Missie's champion, dam Pine Grove Clipper 5th (a Cruickshank Clipper), by British Knight, grandam by Knight of Lancaster, and great-grandam by William of Orange. This list of bulls represents the sires of practically all the herd, excepting the foundation, some of which are still doing duty. They were Martha 9th =63339=, by Imp. Nonpareil Archer; Imp. Juno =48631= (a Cruickshank Jealousy), by Cornelius; Royal Wimple =75274=, by the renowned show and breeding bull, Mildred's Royal; Mina Lass 8th =67901=, by Imp. Prime Minister; Imp. Clipper 2nd =34217=, by Christmas Cup; Imp. Rosemary 137th, by Cypress; Nonpareil Undine, by Imp. Nonpareil Duke. This cow is out of Imp. Lady Fanny, by Baron Buttercup. Out of her, for sale, is a red ten-months-old bull, by the present stock bull. Mr. Gibson is offering for sale several exceptionally choice heifers, sired by Star Prince and Baron's Pride. Among this lot are much show material, fit for any company if properly fitted, a low-down, thick, soggy lot, that will not disappoint intending purchasers. In young bulls Mr. Gibson is particularly strong. One is a red yearling Rosemary, got by the present stock bull, a low, thick-fleshed, mellow bull of a type and quality not often seen. Another is a red yearling, by the stock bull, and out of Imp. Juno. This is a right good one that would please the most exacting buyer. Another is a red October bull calf, by the stock bull, and out of a Cruickshank Jealousy - bred daughter of Imp. Proud Gift. This is one of the best bull calves in the country. Anyone looking for a show calf for next fall's senior calf class at Toronto, should look after this youngster. If properly shoved along he will be hard to beat. Mr. Gibson is overstocked, and will sell at bargain prices.

TRADE TOPIC.

The Stewart Ball-Bearing Clipping Machine advertised on another page has a world-wide reputation for excellence. It is used in all countries, and deserves a place in every stable. Horses are the most valuable of farm animals, and should have a clipping. It can be done easily and quickly with a Stewart machine.

A SCARY HORSE.

A man in upper New York State, who was desirous of purchasing a horse for the use of his wife, recently entered into negotiations with a veteran horse-dealer. "Now, I'm not so particular about speed," said the prospective purchaser, "but I must have a gentle horse." "Here is one that I'll warrant to be perfectly safe," said the dealer, indicating a sad-looking steed nearby. "Are you sure he is not afraid of anything?" insisted the man. The dealer assumed an air of deep reflection. "Well," he said, "there's one thing he has always appeared to be afraid of ever since I got him. It seems as if he's scared to death for fear someone might say 'whoa!' and he not hear it."

They're Far In Advance
of ordinary gates in every way you compare them. For instance, the frame of

Invincible Gates

is to all intents and purposes one solid or single piece of steel tubing. No castings (which make rust pockets) are used. It is all welded into one piece. It is so designed (see illustration) that the arms on which the gate swings are the extreme height of the gate apart. This prevents the gate from becoming loose or sagging under its own weight. You don't have to lift Invincible gates off the ground to open them. They swing open and shut easily. They are galvanized by the hot process and are good for half a century. 100% superior to gates galvanized in ordinary way, yet cost about the same. The best gates for you to buy. The easiest for agents to sell. Write for agency proposition.
