Needs No Painting

NO practical man who has had
experience with painted roof-
ings will continue to use them
when he realizes that he can get a
roofing which needs no painting
whatever.

Many users of roofing have
abandoned the "painted kind" and
adopted Amatile exclusively. As
their old painted roofings wear out
they are replacing them with
Amatile.

In fact, it is cheaper in the long
run to lay a new Amatile roof over
the painted roofing than it is to
keep such roofings painted.

Amatile is sold in the usual handy
rolls and is applied like any other
ready roofing. Nails and cement
packed in the center of each roll
without extra charge.

Booklet and sample free on request.

Creonoid

Cows tormented by flies yield less milk.
Hens worried by lice lay fewer eggs. Let
Creonoid increase your profits. It kills flies,
lice, etc., and will not "mat" the hair on
animals.
