Opinions of the Press,

Mr Tocque is a "Newtoundlander" but knows more of us Yankees than most of us knew of ourselves. His book is quite remarkable, it is full of information, and the very information needed to afford a just estimate of the country information needed to afford a just estimate of the country Its statistics are abound it, but they are weven into sketch-es, personal and general, in such a momer as to relieve them of dainess. It treats of our manufactures, shipping, nave, public men, savery, relation, and we know not what it owness. It cought to be a reliable volume.—*Boston, Zion's* Herald, May 2 1th.

CURE OF RHEUMATISM AND RHEUMATIC GOUT Extract of a Letter from Mr. Thomas Brunton, Landlord of the Waterloo Tavern, Contham, Yorkshire, late of the Life Guards, dated September 28th, 1848

To Professor riouoway,

To Professor Housing, Sig.—For a long time I was a martyr to Rheumatism and kheematic Gout, and for ten weeks previous to using your medicines, I was so bad as not to be able to waik. I had tried doctoring and medicines of every kind, but all to no avail, indeed I daily got worse, and feit that Trinss shortly die. From seeing your remedies advertised in the paper I take in, I thought I would give them a trial. I did so. I rubbed the Untment in as directed, and keps cabbage leaves to the parts thickly spread with it, and took the Fills night and morning. In three weeks I was cabbage leaves to the parts thickly spread with it, and took the Fills night and morning. In three weeks I was cabbage quite well, and have been attending to my busi-ness more than seven weeks I. could go any where with-out one. I am now, by the blessing of God and your me-dieines, quite well, and have been attending to my busi-ness more than seven months, without any symptoms of the return of my old complaint. Besides my case of Rheiumatie Gout, I have lately had proof that your Fills and Ointment will heal any old wound or ulcer, as a married woman, living near me, had had a bad beg for four years, which no one could cure, and I gave her some of your Pills and Ointment, which soundly healed it when nothing else would do it. For your information I had the homour to serve my country for twenty-five years in the first regiment of Life Guards, and was eighteen years a corporal. I was two years in the Peninsular War, and was at the Battle of Waterloo. I was discharged with a pension on the 2nd September, 183. The Commanding Officer at that time, was Colonel Lygon, who is now a General. I belonged to the troop of Captain the Honourable iterry Raring. (Signed) THOMAS BIRUNTON

CURE OF A BAD LEG OF TWENTY-ONE YEARS' STANDING Atract of a Letter from Mr AndrewBruck, Blacksmith, Evenouth, near Berwick, dated the loth of August 1848

Evenouth, hear berwess, 1848 To Professor Holloway. Sin, — With pleasure and grafitude I have to inform you that after suffering for 21 years with a bad leg, which yielded to no kind of treatment, although I consulted, at different times, every medical man of eminence in this part of the country, but all to no purpose. I was fre-quently unable to work; and the ain and agoiny I offen endured no one can tell. My leg is now as sound as ever it was in my life by means of your Pills and Ohniment, which I purchased from Mr. I. Davidson, Druggist, Ber wick-upon-Tweed, who knows my case well, and will, 1 am sure, be happy to certify with me, if necessary, as to the truth of this wonderful cure. (Signed) ANDREW BRACK.

AMPUTATION OF TWO TOPS PREVENTED.

Extract of a Letter from Mr Oliver Smith Jenkins, dated Falkirk, August 13th, 1848.

To Professor Holloway,

To Professor Holoncay, Sin,—I was superintending, about six months ago, the erection of one of our Railway Bridges, and by the fail of a large stone my right foot was seriously bruised, which ultimately got so bad, that I was advised to go to Edin-burgh to consult some of the eminent Surgeons, which I did, and was told that in order to save my foot, two of ny toes must be taken off in despair, I returned home to impart the melancholy news to my wife, intending to submit to the operation, it was then a thought strack me to try your valuable Ointment and Fills, which I did, and was by their means in three weeks enabled to resume my usual occupation, and at this time my toes are perfectly cured. (Signed) OLIVER SMITH JENKINS.

# AN EXTRAORDINARY CULE OF A DESPERATE SEIN DISEASE

AN EXTRAORDINARY CUR OF A DEFINATE STIN DISEASE On the 21st July, 1848, the Editor of the "Mofussilike" Newspaper, published in India, inserted the following Editorial article in his paper. "We know for a fact, that Holloway's Fills and Oniument act in a most wonderful manner upon the constitution, as an eccentric. Coolie, called Eliza, employed in our Establishment, was affected with myriads of Ringworms, which delied all the Meerus Dectors, and promised to devour the poor man before he was under ground; we tried 'Holloway' upon him, and in a month he was perfectly restored to his former condi-tion and cleanliness of skin. The effect was miraculous."
