BANKERS GIVE \$1,000 FOR PRIZES

The Canadian Bankers' Association has generously offered to donate \$1,000 to the Manitoba Winter Fair Board to be used in prizes for beef animals fitted and exhibited by boys under 17 years of age. The prizes will be awarded at the Brandon Winter Fair in March, 1915. The competition is for grade steers or heifers calved in 1914, and is open to boys under 17 years of age. Competitors must have fed, cared for and fitted the animals exhibited for at least six months previous to the date of the exhibition, and must themselves exhibit the animals in the show ring for judging purposes. Parents, guardians or employer must furnish a certificate that the boy has cared for and fitted the animal for at least six months, and also certify as to the boy's age, giving name, date of birth and address, and also certify as to the age of the animal. No entry will be accepted unless this is done. The prizes are: 1st, \$100; 2nd, \$90; 3rd, \$80; 4th, \$75; 5th, \$70; 6th, \$65; 7th, \$60; 8th, \$55; 9th, \$50; 10th, \$45; 11th, \$40; 12th, \$40; 13th, \$35; 14th, \$35; 15th, \$30; 16th, \$30; 17th, \$25; 18th, \$25; 19th, \$25; 20th, \$25.

In addition, the Manitoba Winter Fair donates a gold medal to the winner of the first prize and a silver medal to the winner of second.

C.M.A. PLEASED

W. H. Rowley, ex-president of the Canadian Manufacturers' Association, is well pleased with the budget. "I think," he said, "it would have been a serious mistake to have declared for free wheat. Not because I have anything against the farmer, but I believe Canada would have suffered greatly by its crops being shipped across the border. (A confession that there is a market there). The reduction on implements was reasonable, and I think the manufacturer will benefit by bituminous coal being placed on the free list."

GOT HIS REWARD

Still another concession to protectionist sentiment has been made at Ottawa. Dan Johnston, of Forest, Ont., has been appointed head of the fruit division of the department of agriculture. He was a prominent member of a delegation of farmers who waited upon the Government last fall when the representatives of the western grain growers were there and protested against a lower tariff on farm products. The representatives of that delegation were organized to offset the demands made by the other delegation. The deputation was described at the time as having been organized by the Government. Whether that was true or not, the prediction then made that Mr. Johnston would get the reward just given to him has been verified.

A SIGNIFICANT VOTE

Significant is the result of the trial referendum taken by The Grain Growers' Guide, of Winnipeg. The organ of the farmers of Western Canada, it has secured from its readers an expression of opinion on various subjects. The result shows that no misrepresentation by plunderbund agents—such as led the farmers of Oregon, California and Missouri to vote against their own interests in 1912—can have similar results in Alberta, Saskatchewan or Manitoba. Politicians in those three Provinces who feel inclined to oppose progress, had better scan The Grain Growers' Guide's returns and carefully consider their future course. The trial referendum shows that an overwhelming majority of the farmers of these three Provinces favor equal suffrage, direct legislation in an effective form, absolute free trade and single tax. The result shows not only the extent of intelligent progressiveness among the rural voters of Western Canada, but demonstrates the ability and influence of The Grain Growers' Guide. —The Public, Chicago, Feb. 27, 1914.

Society owes more to its manual workers than it is willing to admit, and should not be satisfied with a constitution based upon so large a substratum of squalor and penury unrelieved by any of the higher privileges of existence.—Sir Oliver Lodge.
