accumulated on the dump about 5,000 tons of The new steamer Kootena ore, which will average from 75 to 78 ounces in trip from Arrowhead on Tuesday next and will silver, and from 60 to 70 per cent lead."

O. G. Laberee has filed another prospecting agreement with two parties to operate in East the purser of the new boat. and West Kootenay. The agreements are evidently carefully drawn, and cover a variety of contingencies, and cover the requirements of Section 14 of the amendment to the Mineral act. day night in the lodge room. passed at the late session of the provincial parliament. Hon. W. B. Ives and R. H. Pope are interested in the agreement.

Willey's Hard Luck. The burning of Lot Willey's new hotel at Bear Lake on Thursday last will bear with especial setown of Three Forks. Mr. Willey has also been a great sufferer through illness during a great ago from eastern Canada, where he went to con-Mrs. Willey spent Wednesday in this city, and returned to Bear Lake only just in time to witis now completed and will probably be dedicated returned to Bear Lake only just in time to witness the burning of their home and means of livelihood.

New Steamer Schedule. The International Navigation & Trading company will inaugurate an additional steamboat on Kootenay lake and river, beginning on Sunday. Thenceforward on five days of the week, in addition to the connection with the Nelson & Fort Sheppard railway at Pive Mile point, a steamer will leave Nelson at 8:30 in the morning and arrive at Kaslo at 12:30 p. m. Returning the boat will leave Kaslo at 5 p. m. and arrive at Nelson at 9 p. m. A weekly trip will be made to Bonner's Ferry, leaving Kaslo at II p. m. on Saturday, making close connections with trains east and west on the Great Northern railway.

Municipal and Police News. Just when the civic authorities were congratulating themselves that in view of the large influx of strangers and new residents of every class, the city was remarkably free from drunkenness and disorderly conduct, it now appears that the city was entering on an outbreak of this very thing. On Friday afternoon Police Magistrate Chipman had before him two or three offenders along these lines, and turther cases await adjudication. Good stiff fines are invariably imposed and they may have a deterrent effect. Last autumn Arthur Clague served three

### SOUTHFORK WAGON ROAD

Government Suggests a Toll Road If One Is Needed-Prospect of Two Railways - Arranging for Montezuma's Concentrator.

Kaslo, May 18 - [Special.]-Late last Saturday evening Frank Nelson reported to the police that while walking towards his home on the south side of Kaslo river he had seen, in the moonlight a man, who was going in the same direction, mount the rock protection wall on the bank of the river and either stumble or plunge into the water. The stream is properties and in the output. It will not be long properties and in the output. It will not be long that the players from Portland, Ore., whom he that the players from Portland, Ore., whom he has engaged for the Kaslo team played last has engaged for the Kaslo team played last with sufficient torce to carry boulders wear with the "Mongram" and not th to the bank, but could see nobody, nor did he hear any outcry. He then ran back and told the first person he met. Both proceeded to the bank, but could gain no further clue. Report was then made to the police. A visit to the point and search down the river failed to discover any trace of the unfortunate victim, who was undoubtedly killed or drowned almost immediately after being

Subsequent inquiry led to the almost certain conclusion that the individual TRAIL, May 17.-[Special ]-The new refinery thus carried to premature death was Little Donald Bond.

For several weeks Treve M. Gibsen has been working the Black Diamond and Little Donald mines in the Hot Springs camp, about a mile mines can be mines in the Hot Springs camp, about a mile mines can be mines in the Hot Springs camp, about a mile mines can be mines c locations. Might Make a Toll Road.

The attention which has been given Now that Nelson has dropped from the base by prospectors and investors in mining which sum \$4,000 was paid in cash, and the ball ance of \$36,000 is to be paid at the end of 18 months, provided the bond is taken up. During the first 12 months of this period the bonder the first 12 months of this period the bonder to get Trail to put up a team which shall join the to get Trail to put up a team which shall join the creek during the past year and the numthe first 12 months of this period the bonder binds himself to expend \$5,000 "in actual labor upon the properties," and during the remaining six months to expend not less than \$3,000, making a total of \$8,000 in development during the 18 months of the life of the bond. Gibsen is to have the right to ship all ore found in development work and the net proceeds are to be applied on account of the final purchase price.

to get Trail to put up a team which shall join the association. Some correspondence has taken association. Some correspondence has taken association. Some correspondence has taken ber of valuable claims which are being developed in that vicinity seemed to of the town team, but nothing has materialized. The league wants the Trail team to come in, but at the same time the association demands that at the same time the association developed in that vicinity seemed to justify the necessary appropriation to build a wagon road up that at the same time the association. Some correspondence has taken association developed in that vicinity seemed to place between the officers of the league and those of the town team, but nothing has materialized. The league wants the Trail team to come in, but the same time the association of the staken association.
