The writer has been selling Perry Davis' Pain-Killer now for the last 22 years, and can confidently recommend it to the public as a sure remedy for Cholera, Diarrhoza, Sore Throat, Chronic Coughs, Bronchitis, Burns, Scalds, &c. Have known it to cure a case of Syphilitic Sore Throat of two years' standing, when all the usual remedies failed. The patient took halfa teaspoonful in water three times a day, and gargled the throat three times a day as follows: one teaspoonful in a wine glass of water, and used as a gargle.

SPENCERVILLE, ONT., February 26, 1380. We have much pleasure in certifying that we have kept Petry Davis' Pain-Killer constantly in stock for upwards of twenty years, during which time it has taken the lead in sales over all other patent preparations, and has become an old, reliable family medicine. No effort is required now on our part to sell it, as it is as staple an article as flour in our trade.

Yours truly, PAPINE 1. CO. W. P. IMRIE & CO.

MADOC, ONT., February 16, 1880. It gives me much pleasure to state that daring a drug career of more than a quarter century, I can testify that your justly celebrated Pain-Killer has not only held its own as a family medicine, but still occupies the front rank wherever duty calls it. My customers speak very highly of it, and I could send no end of testimonials showing up its merits and intrinsic worth, were it necessary, which it is not. It should, however, be called "Excelsion Pain-Killer." I pride myself-in never being out of it.

Yours very respectfully, JOHN G. DEANS, Hint No. 3. We have great pleasure to state that the Pain-Killer holds its position in this place as the old, reliable family medicine. Although there are a great many other semedies in the market—some bearing nearly the same name—as Pain Relief, Pain Remover, Pain Destroyer, and such like names, we find the people know the difference, and are sure to ask for Perry Davis' Pain-Killer. We have been selling Pain-Killer for the last fourteen years.

I have been using the Pain-Killer for many years with results that justly entitles me to recommend it. As a family medicine, we consider it almost indispensable: being good not only as a pain-killer, but for colds and sore throat, and many other aliments or which it appears specially adapted. I have used it myself, chiefly as a liniment, and find it valuable for rheumatism and pains and stiffness belonging to old age. I pronounce the Pain-Killer a good and cheap medicine, and worthy of all acceptation, and send you this certificate that you may assure the public that it is no humbug.
