PREVENTION IS WORTH WHILE.
When you consider the risk to life,
the expense, the anxiety, which is in-
volved in an attack of appendicitis and
a surgical operation, it is certainly
worth while to avoid it by keeping the
liver and bowels regular by using Dr.
Chase's Kidney-Liver Pills. Doctors
are now unanimously of the opinion
that appendicitis comes from a neg-
lect to keep the liver and bowels in
healthful condition.

The Senior Guards.

Editor Evening Telegram.

Sir:—The young men who started
the Senior Co. Movement in connec-
tion with the M. G. B. must be con-
gratulated on the success which has
already crowned their efforts. For no
further conclusion can possibly be ar-
rived at by anyone after a visit to
their Armoury on drill nights. Last
night that pleasure was mine, and I
am sure that the interest displayed by
them must be most gratifying to the
officers, and if enthusiasm counts its
success is assured. The Senior Com-
pany of the M. G. B. is just the place
for all young men, ex-members or
otherwise, who wish to put in their
time to good advantage. It is a place
where they will receive training which
cannot fall to be of benefit to all. If
rumor is correct, there is a limit to
numbers, and it would be to the in-
terest of those who signified their in-
tention of joining, but owing to shops
being open and other various reasons
were prevented from so doing, and all
others who desire lie that way, to
join now. It is a splendid way for
young men to receive military train-
ing, and now is the opportunity, for
if there would ever be a time when we
would have to defend our rights, what
could we gather together in the shape
of trained men? Very few, indeed,
I'm afraid. I have not the slightest
doubt that Newfoundland would be
able to get men who would be willing
to give their last drop of blood to pro-
tect her, and men who as far as cour-
age, bravery and endurance goes can
take their stand with the best; but
what we need is enough trained men
who, at a moment's notice can jump
into the uniforms of the Senior Co. of
the M. G. B. and other such organized
bodies, and with the aid of military
training combined with courage, brave-
ry and endurance, and with the
words "win or die in the attempt" on
their lips, can help to keep up our end
of the flag.

There has been different Senior
Companies started at various times,
but have failed, and have gone out
of business, so to speak, which I think
is a great pity. It is hard to know to
what to attribute the cause. What is
needed is a Volunteer Corp or more
Senior Co.s, who could, if need be,
stand shoulder to shoulder, not as this
Company or that Company, but as
Terra Novians fighting for Terra Nova
and the Empire on which the sun
never sets.

Yours truly,
Jan. 8th, 1910. TERRA NOVA.

Marystown Church.

The new church at Marystown was
opened for divine service the first
time when midnight Mass was cele-
brated at Christmas. The church is
a handsome structure and a great tes-
timonial of the cordial relations ex-
isting between the people and Father
Wilson, who is stationed at Marys-
town. It cost \$2,000 and was opened
free of debt. Indeed there was some
\$79 left over from the collection. The
whole work was completed in a
month and the people are delighted
with it and appreciative, not only of
this particular exercise of energy and
enthusiasm, but of Father Wilson's
whole administration since his advent
there four months ago.

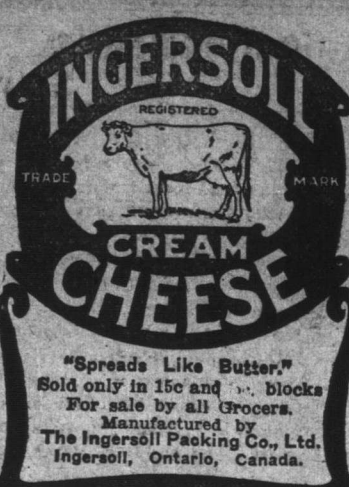

Personal.

Mr. Stephen Loveridge, agent for
Mr. Ashburn, will return to Twilling-
gate by to-morrow's express, having

of affairs.

Onward Lodge commenced the New
Year, at its first meeting last evening,
by initiating six candidates. A large
number of the members of the Order
was present, which added much to the
success of the meeting. Several ap-
plications were received, and it is ex-
pected that a successful winter's
work will be accomplished. During
the meeting it was unanimously de-
cided to hold a twenty-cent concert
and tea on the 27th January. All the
members and friends are asked to
keep this date open and rally round
the committee, and help to make the
coming sociable one worthy of On-

Humorous Burglar.

A trawl fisherman named William
Joseph Jarvis, who was sentenced to
six months hard labour at Aberdeen
for breaking into the Sailors' Home,
left the following letter on the prem-
ises addressed to the managers:—
Dear Madam,—Please accept my
deepest apologies for putting your of-
fice in slight disorder, and the Chubb
lock hors de combat. But, candidly
speaking, I think that this is about
the rottenest crib I've ever shot at
cracking.

After four hours elated hopes and
exertions I find the truth of the
proverb, "We all came into this world
with nothing, and we can't take any-
thing out." It's so with this place.
After four hours ineffectual exertion
I haven't got the price of a stale
doughnut.

I am, yours penitently (sic),
