

End of the Coal Strike.

Special Evening Telegram.
 SYDNEY, N.S., March 11.
 The strike of the northern coal miners, which has been in progress since early in November, was declared off to-day, thus ending the difficulties in New South Wales' coal fields. The Southern miners resumed work last night. During the strike, which affected twelve thousand miners, the price of coal jumped from seven dollars to sixteen a ton. The question of higher wages and better working conditions caused the conflict. Four of the strike leaders were sentenced to terms of imprisonment during the trouble, having been convicted of obstructing work at the mines.

The Situation in Philadelphia.

Special to Evening Telegram.
 PHILADELPHIA, March 11.
 The demand for arbitration of the differences between the Rapid Transit Co. and its four thousand or more striking employees became insistent from within Philadelphia to-day, and outside of it also. Everywhere it was recognized that the failure to arbitrate an agreement was the only thing which stood in the way of a speedy calling off of the sympathetic strike in this city, which has practically paralyzed the city's industrial life and which the labor leaders again threaten will extend if the deadlock continues. These threats were perhaps the very things which stood in the way of an adjustment.

Infringement of Patents

Special to Evening Telegram.
 PARIS, March 11.
 Henry and Maurice Farman announced their intention of sending a Lawyer to the U. S. to aid them in contesting the suits for the infringement of patent rights instituted against the aviators by Wilbur and Orville Wright. The Farmanes have themselves taken out many patents on the respective rights of aeroplane inventors and builders not only in the U. S. but on this side of Atlantic.

Cochrane St. Church.

To-morrow will be observed in the above church as Missionary Sunday, and both the morning and evening services will partake of that character. The pastor, Rev. F. R. Matthews, B. A., will conduct the morning worship, preaching a special sermon on the subject of Christian missions. In the evening the Rev. J. K. Curtis, B. A., pastor of Wesley Church, will address the congregation, and from the reverend gentleman's well-known enthusiasm in connection with this subject, a forceful and eloquent sermon may be expected. John Leamon, Esq., will take the chair at the evening service. There will be special music by the choir at both services, and in the evening Miss Herder will sing solo by Dudley Buck, "Fear not ye O Israel." Ushers will be in attendance to welcome the people and to provide seats for visiting friends.

Governor Visits Ships.

In company with Private Secretary Fitzherbert, Miss Dean and Minister of Marine and Fisheries, His Excellency Sir Ralph Williams this forenoon went on board the Florizel and was received by Captain Kean who conducted him through the men's apartments and all parts of interest on the ship, and His Excellency expressed his satisfaction at the arrangements made for the comfort of the men. Messrs. J. S. Munn and Eric Bowring were also present, and after the hospitality of the ship had been extended to the distinguished party His Excellency addressed the men who were all on deck, in terms of sympathy and encouragement. On leaving the ship, which was decorated with bunting in his honor, His Excellency was given the three hearty cheers which only Newfoundland seamen can give. He and those with him then visited the Adventure, Bellaventure, Bonaventure and Beothic and went through a similar ceremony, was given a cordial reception by the captains and owners, and after inspecting the ships as he did the Florizel, was given an ovation by the hardy fishermen as the party left each vessel.

Served Half His Term.

The prisoner Chas. Coombes, who was sentenced by W. Cunningham, Esq., J.P., Tilt Cove, for a breach of the Temperance Act, was liberated yesterday from the Penitentiary. He had been fined \$150 or four months for his offence, but preferred to take the latter alternative. However, yesterday having served half his time he paid half the fine and was released from the Penitentiary as stated.

The local at 9:45 last night brought in Dr. Anderson, Mr. Grey, Nurse Fahy, Miss Aylward, Mark Goose, W. Pacey and 10 others.

Kidney Trouble Just Vanishes.

A few doses and Backache and restore Healthy Kidney Action.
 The most effective and harmless way to cure backache and regulate out-of-order kidneys, or end bladder trouble, is to take several doses of Pape's Diuretic.
 You will distinctly feel that your kidneys and urinary organs are being cleaned, healed and vitalized, and all the miserable symptoms, such as backache, headache, nervousness, rheumatism and darting pains, inflamed or swollen eyelids, irritability, sleeplessness, or suppressed, painful or frequent urination (especially at night) and other distress, leaving after taking the first few doses.
 The moment you suspect any kidney or urinary disorder, or rheumatism, begin taking this harmless preparation as directed, with the knowledge that there is no other medicine, at any price, made anywhere else in the world, which will effect so thorough and prompt a cure as a fifty-cent treatment of Pape's Diuretic, which any druggist can supply.
 Your physician, pharmacist, banker, or any mercantile agency will tell you that Pape, Thompson & Pape, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.
 Don't be miserable or worried another moment with a lame back or clogged, inactive kidneys or bladder misery. All this goes after you start taking Pape's Diuretic, and in a few days you feel and know that your kidneys, liver and urinary system are healthy, clean and normal, and all danger passed.
 Accept only Pape's Diuretic—fifty-cent treatment—from any drug store—anywhere in the world.

C. E. I. Debate.

In their rooms last evening the members of the Church Institute debated the "Daylight Bill." The President, Mr. C. E. Hunt, had the chair, and there was a large gathering of the members. The discussion evoked some very clever speeches and was followed closely by all present. Mr. T. F. Thompson in a very fluent speech introduced the measure, and was followed by Messrs. Jno. Davey, G. W. B. Ayre, E. Pineson, S. G. Collier, B. B. Harris, R. Evans, W. R. Searle, W. Pitman, A. Bishop, H. LeMessurier, F. James and G. T. Phillips. Next Friday night the new Temperance Bill will be discussed.

An inter-brigade race will be a feature of the Highlanders Sports on the 18th inst. The event promises to be very successful and particular care is being taken to arrange an interesting programme. The pipers are practising special music for the occasion.

A Suspicious Circumstance.

Yesterday afternoon a young man standing on Harvey & Co's pier noticed a bed sack floating in the water, and procuring a boat picked it up and landed it on the wharf. It was an ordinary sack after the style of those used by the sealers, and the suspicion pointed to a tragedy. There was nothing on it in the shape of a mark that might lead to the identification of the owner and the police were informed. Having heard that one of the Florizel's crew was missing, enquiries were made on the ship and it was found that a man named Reid had left Thursday evening telling his friends that he was going ashore to look for a mattress. He had not put in an appearance up to last night. If he is not on board to-day the fear is expressed that while going on board with the sack at a late hour he went overboard and was drowned.

Badly Hurt In Thresher

Blood poison set in—Great suffering—Cure effected by DR. A. W. CHASE'S OINTMENT.
 Mrs. C. Hopkins, St. George, Ont., writes:—"I feel like shouting the praises of Dr. Chase's Ointment. While threshing grain, my son got badly hurt. One of the men who was pitching sheaves, missed the sheaf and ran the prongs of the fork into my son's leg. He did not take much notice of it and in a day or two it got sore and very itchy and blood poison set in. We did everything for it but it would heal one place and break out at another and kept on this way for three months. Finally I thought of Dr. Chase's Ointment and in a week's time we noticed a wonderful change. By the use of three boxes he was completely cured and the wound healed up. There has not been a sign of a spot on him since."
 Wherever there is itching or irritation of the skin or a sore that refuses to heal you can apply Dr. Chase's Ointment with every assurance that the results will be prompt and satisfactory. It comes in a box, at all dealers, or Edmondson, Bates & Co., Toronto. Write for free copy Dr. Chase's Recipes.

Donald Brian at Altar With "Merry Widow."

Well of all things—Donald Brian has up and married "The Merry Widow."
 "The Merry Widow" in this case is not "The Merry Widow" of the play, but is, or was, Mrs. Florence Meagher Gleason, daughter of the late Joseph J. Gleason, who was a wealthy real estate man of Westchester county, New York. She married Charles H. Pope, a New York broker, and was not happy. Mrs. Pope sued for divorce. She secured her final decree a year ago.
 Last July Mrs. Pope saw "The Merry Widow." She admired Donald Brian from the start. It came to pass that Brian was presented to her. The liking was mutual. Donald Brian outdid his role of Prince Danilo in urgent love-making. The marriage took place recently at Mr. Brian's apartments, No. 40 Washington Square South, New York. The maid of honor was Miss Rose Drummond and the best man was Walter J. Gleason, the bride's brother.
 [The Donald Brian referred to above is the nephew of our one and only Thos. Brien, Inspector of Weights and Measures and at present residing at Topsail.—Ed. Tel.]

Leaving here at 6 p.m. will be the Florizel, Adventure, Bellaventure, Bonaventure and Beothic. Organ Recital.

Mr. A. H. Allan's Organ Recital at the C. of E. Cathedral last evening was a musical treat well worth hearing. The selections were highly classical and included Tocatta and Fuge in D minor (vol. 4, No. 4)—Bach; Solemn Melody, Walford Davies; Sketches for Pedal Piano, Op. 58, Schumann, No. 3, in F minor; No. 4, in D flat major, Preludes, Op. 28, Chopin, No. 4, in E minor; No. 20, in C minor, Fantasia in F minor, Mozart. The Collect was that used at Organ Recitals at Salisbury Cathedral.

REPORT NOT CORRECT.—In reference to the rumour about Mr. A. O'Reilly purchasing the interest of the late Mr. Miller in the firm of Callahan, Glass & Co. we find on enquiry that the report is not correct.

Took Away the Doors.

A man named John Skeans came into court to-day and made a complaint to those in authority there. The burden of it was that some short while ago he was being taken from his home by the police, when one of the doors in his house (the outer one which is rather old) was broken. He since signed an agreement with his landlady to pay her \$10 if two good doors were placed there. This was done, but he could not find it convenient up to the present to pay the stipulated sum. Last night, he alleges, some person acting for his landlady came and took the doors away. The opinion of the court was that the act was illegal and that he has cause for action.

McMurdo's Store News

SATURDAY, Mar. 12, 1910.
 Glaxo, the new Infant's Food is in a sense, the oldest infant's food in existence—it is simply full-cream dried milk. And by a new process, the milk is so treated that the product nearly resembles mother's milk in that the clot formed by the action of rennet on its solution is not the tough, leathery curd produced in cow's milk, but the fine granular precipitate of the infant's natural food. It is absolutely germ-free. If you are dissatisfied with the way your child is getting on, and think of changing its food, get Glaxo. Price, 40c., 80c., and \$2.00 a tin.
 In stock: Salvia; Fig Pills; 108 Nox-a-Cold.

Not Notified.

Up to 11 a.m. to-day the police had no notification that a man named Reid had been missing from the Florizel, as referred to elsewhere. However, they incidentally heard that he had been seen on Water Street last evening. The sack found was an old one which might have been thrown in the harbor by any person, but to make sure of the matter Supt. Grimes this forenoon instructed Head Constable Peet to go to the ship and ascertain if any such man is missing. The police do not think he is or they would have been apprised.

Muscular and Mental Fatigue Broken Sleep and Bad Dreams Cured by a Simple Remedy.

"My sickness had so many curious symptoms that I think I shall try and describe them," writes Mrs. A. Maury. "Muscular fatigue seemed to follow even slight exertion. I would soon feel the weakness of the muscles of the back, limbs and arms. Even the faked position of light sewing would be sufficient to bring on tiredness, in a little while, if I picked up a book the letters would look blurred, and if I didn't drop it, headache would result. My thoughts would not flow freely—I was irritable, irrational, and insomnia seemed at last to be setting down upon me. Finally I saw I had to give up trying to do things, and began taking raw eggs and milk, whether I had appetite or not. I also took Ferrozone. I am glad now I did this. Ferrozone gave me an appetite and aided digestion of my food. I could soon see how my blood was being renewed, and its color reddened. When my blood improved my nerves also improved, and by persistence with Ferrozone, lots of food and rest, I recovered perfectly from the load of worries and sickness that made my life so miserable. I urge every ailing, weak or worried woman to use Ferrozone, one or two tablets with meals."
 "It's a vitalizing nourishing tonic—full of the properties needed for rebuilding the body—that's what Ferrozone is—try it—50c. per box, six for \$2.50, all dealers or The Catarhzone Co., Kingston, Canada.
