HEN you are figuring on the man upon whom to put your change in the Bayley-Allen battle this next week, you are confronted by a problem which you might as well toss up a coin to decide. The men are certainly the most evenly matched pair who ever performed in a padded ring in Canada and there have been but very few battles in the world which were harder to decide than that Bassano conflict.

Speaking of picking the winner reminds us of a certain gentleman who should be on the inside if any one should and if there were anything crook ed about the meeting you would naturally think that Eddie Brusso would be the man to be up to it Eddie, you know, is Tommy Burns' brother and helps the latter peddle neckties. Money was Chicago, August 28.—Chicago bunched hits off Sallee today in the first inning and defeated St. Louis in the opening game 5 to 4. The distance between the two clubs in the race is now series. After the Orioles had tied the touts any man to win. Eddie, however, gathered score of the first game in the eighth, from Tommy's conversation that Billy Allen was the Leafs got after Vickers for three the man who would come up on top at Bassano and so Eddie placed fifty bones on the ex-cham-The second game was a five inning pion. It is not necessary to say that Eddie didn't affair, and was won by the Birds, 4 to win very much on that bet. Eddie isn't betting on the battle next week.

DOB EDWARDS was another man who got New York, Aug. 28.—New York and Cleveland broke teven on their double header here today, Cleveland winning the first 6 to 3, with Vean Gregs pitching. Warhop returned the New Buffalo, Aug. 28.—The Grays and very evenly matched," replied Tommy. "Either hold of the wrong end of the Bassano bat-

Bob picked the experienced man and lost. It will be just as treacherous and uncertain this time as last. Bayley is the champion now and Allen an ex-champion. Allen admits that he held his opponent too lightly and is sure there will be a different result next week. Joe Bayley is just as confident as he was before the Bassano battle when he said: "If I can't lick that fellow, I will ump in the pond,"

So, if you are inclined to be a betting man, ou may as well shut your eyes whirl around until you are dizzy, then place your finger on the name of the man you select. The odds are even. scorer does.

NO NEW DEFENDER

HAN'S "Homeplate" was the scene of qui a lively discussion the night of the fifteen innings game which the Bronchos wo from Red Deer. The argument was over whic pitcher, Standridge or Barenkamp, should receive the credit for the victory. Pete Standridge, you remember, was chased to the bench by the um pire in the sixth inning, the score being one to nothing in favor of Calgary.

There was a man on second and one out a the time of Peter's exit. Bill Barenkamp went into the game without warming up and in the first inning of his term of office, this man, Daniels who was on second when Bill undertook the job scored which tied up the game. Then Red Dee went ahead 3 to 1 in the eighth. The Bronks tied the score in the ninth and finally won or in the fifteenth. Now the question is: who ge the credit for the victory in the records?

A question like this must be decided uport mmon sense basis. If the game had been lo there would have been no question but the de feat would be credited to Big Bill. It was during his term of office that the game was won and should and does get the credit for the victory The following was the ruling made by Joe Jackson, president of the baseball writers' assoc iation of the United Staes in a similar quesion

"If a pitcher is taken out with the score again him, the game, if lost is charged to him, UNLES IT IS LATER TIED UP WITH HIS SUCCE SOR ON THE SLAB. IN THAT CASE BECOMES THE SUCCESSOR'S CONTEST T WIN OR LOSE. If a pitcher is taken out wi the score in his favor, and his club wins th game, he is credited with a victory, unless th score be tied or the other team go ahead whe his successor is on the rubber. A pitcher going in with the score a tie is credited with a victory defeat as the case may be.

The whole thing is decided upon a comm sense basis, as it would be obviously unfair credit a pitcher with winning a game he did no win, nor to charge him with losing a game fo which he was not responsible. Keep this in mind and you can easily decide for yourself what is just and fair to each pitcher-and that is the way the
