ELGIN COUNTY COUNCIL.

The Toll Road Question the Most Important of the Session.

At the June meeting of the council last week, all the members were present. In opening the session Warden Turner, said that no new business of importance had been brought to his attention. He reviewed the application to abolish tolls on the L. & P. S. gravel road, which would be the most important business for consideration at this session, also told of the municipal representatives from all parts of the province, who met the government, and asked that section 606 of the Municipal Act be amended so that municipalities would not be civilly responsible for accidents on highways. Although no action was taken, he believed it possible to secure a modification of the section, if the proposed amendment is not accepted.

Mr. Turner also dealt with the proposed charge in the formation of county council to the old system of reeves, and mayors of townships, villages and towns. He had assumed Mr. Monteith, Minister of Education that the present act was giving the greatest satisfaction. The bill was withdrawn at the request of Premier Whitney, who stated that the matter would be further considered and re-introduced next session. This should be accepted as a notice, and an effort made to ascertain the real objections to the present system. He suggested that the committee on petitions and legislation give their special attention, with a view to bringing full particulars before this council in their November session. A voluminous batch of reports and communications were then presented and referred to their special committees and the initial meeting closed in order that they might be considered.

On Thursday, D. H. Price and M. E. Lyon made a strong plea for a grant of \$100, for the East Elgin Fair, and J. R. Gaw made a similar claim for the West Elgin Fair. After the discussion, the council granted both requests, on motion of McKenney and Luton. On recommendations of the Public Improvement Committee, it was decided to rebuild the Wiley bridge, Dunwich, across the Thames.

The Educational Committee reported recommending that the report of the Inspector be received and adopted, and that 200 copies of the same be printed for distribution in the several school sections in the County, and that the statement of the Tillsonburg and Ridgeway High Schools be received and that the same be submitted to the County Clerk and Solicitor to deal with and adjust.—Adopted.

A statement was read from County Treasurer John McCausland, as to estimated expenditure for the year. There was \$10,000 due to the Molson's bank, and \$365 in the County's credit. He asked that a by-law be passed authorizing the Warden and Treasurer to borrow \$20,000 to meet current expenses if required until the county rate for the present year is paid. The Finance Committee who recommended that a by-law to borrow \$20,000 be passed as requested by the council.

The Clerk read the following report of A. J. Leitch, Chairman of the special roads committee: "That, in accordance with resolution passed at your last session we made application for a private bill to confirm By-law No. 677, providing for the purchase of the interest of the London and Port Stanley toll road, and had a statement of the county's position in reference thereto, printed.

Your committee attended at Toronto on two occasions. (a) To bring the matter formally to the attention of the Premier and the members of his Cabinet. (b) To advise the solicitor when the bill was considered in committee had the active support of the solicitors and the representatives of the townships of Yarmouth and Southwold and Port Stanley and the ratepayers along the road. The bill as reported for was adopted with some slight additions which provide for the recognition of the lessee as owner of the road and in addition to other matters the arbitrator is to determine what sum, if any, the County of Elgin should allow the City of St. Thomas, towards paying the cost of putting that portion of the said road and bridges thereon, within the limits of the City of St. Thomas, including boundary bridges, in proper repair. Your committee were agreeable to this and also to addition of words binding county to purchase the road at the price fixed by arbitration.

The appointment of an arbitrator for both the county and city will be a first consideration. The procedure, as laid down in the act of 1902, is that the county and city are to appoint by by-law some member of the council or some officer thereof to act on their behalf in the appointment of such arbitrator. If the representative of the county and city cannot agree within twenty-one days, the judge of the county court may make the appointment. The lessor or owner of the road is then to be notified to appoint an arbitrator unless all parties agree on the appointment of a sole arbitrator.

Your committee believe it is desirable to have the arbitration brought on at once, so that the toll gates may be removed at as early a date as possible.

We would recommend that your committee have full power to confer with the city of St. Thomas for the purpose of arriving at an agreement as to their proportion of contribution and with the owner of the road as to the amount to be paid for the same.

That a by-law be passed appointing a member or officers to act on behalf of this council in the appointment of arbitrator under the provisions of the Toll Roads Expropriation Act if such an appointment is necessary.

The report was adopted.

On motion of Councillors McKenney and Stratton, it was decided to pass a by-law to appoint A. J. Leitch to act with the city in selecting an arbitrator re the L. & P. S. gravel road.

A motion to grant \$300 for the endowment of a cot at the Gravenhurst Sanatorium was put and lost.

It was moved by Councillor McKenney, seconded by Councillor Praeglin, and carried, that the assessment equalization of the different municipalities in the county be the same as last year. It was not considered advisable to change the equalization, owing to the new assessment law being in operation.

On Friday, the closing day, a communication was read from J. Connell, county clerk of Kent, enclosing a resolution passed by the Kent County Council. The resolution asked that the councils of Elgin, Essex and Lambton each appoint at their June

sessions a committee of three of their members to unite with a committee of three from the county of Kent, together with the committee of three doctors from the Chatham Board of Health, to discuss the matter of a consumptive hospital for those cases of the disease which have passed the incipient stage, said hospital to be opened and maintained by the combined county councils of Essex, Kent, Elgin and Lambton. The general committee, when appointed to be called together in Chatham by the Warden of Kent. The communication was filed.

Arch. MacColl, secretary of the West Elgin Farmers' Institute, wrote, stating that the officers of the two Elgin Institutes had been asked to try and secure from the County Council a grant for a fruit show at Toronto this fall. No action was taken.

The court house commission reported that the expenditure on the building, including the caretaker's salary for the past year, was \$971.47, and that the sum of \$800 be placed in the estimates to meet this expenditure for the present year.

A by-law was passed fixing equalization of the various municipalities at the same as last year and the rate at 1-10 mile on the dollar. The total amount to be raised is \$36,891.

Council adjourned to meet on Tuesday, November 28.

LEARN DRESSMAKING

IN TWO WEEKS.

Why spend from six to nine months learning Dressmaking in a shop, when I can teach you more in two weeks? I teach you everything from measuring to finish, in the making of ladies' and children's garments. I have taught over 200 girls in this way within the past three years and all were more than satisfied. If you are the wife or daughter of a farmer, mechanic, laborer, merchant or millman, you should learn dressmaking. You should at least know how to cut, fit and make your own garments. No accomplishment you can acquire will prove of such life-long value to you as a practical knowledge of dressmaking. You can, by saving dressmakers' bills, be able to dress much better with the same amount of money than you probably do now. I teach you how to put together, not only the lining, but all the outer goods, in coats, skirts, waists, wrappers, sleeves, in fact everything in dressmaking. And you are losing nothing by trying, for if you are not satisfied at the end of the term there will be no charge. Charge for full course only \$10, when you are through, if satisfied, in only \$10, when you are through, if satisfied, in only \$10, when you are through, if satisfied, in only \$10.

I will also, at the same time, teach the first part of this course, consisting of shirt waists, sleeves and skirts only, and teach system. Charge for this course will be \$5.

You will never have a better opportunity than now. Will you or will you not take advantage of it? I am holding a certificate to teach.

I will teach at Aylmer from July 6 to 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, August 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21,
