THE LONDON CORPORATION ACT
for sale at this Office in Pamphlet Form.

A. W. GIBBS,
(SUCCESSOR TO CHARLES G. MOORE.)
MOFFATT'S VEGETABLE
LIFE MEDICINES.

THESE medicines are indicated for their
effect in purifying the springs and channels of life,
and ending on with health and vigor.
In many hundred certified cases which
have been made public, and in almost every
species of disease which the human frame
is liable to, the happy effects of Moffatt's Life Pills
and phlegm bitters have been gratefully and
publicly acknowledged by the persons and bene-
fited, and who were previously unacquainted
with the beautifully philosophical principles
upon which they are compounded, and upon
which they consequently act.

The Life Medicines recommend themselves
in diseases of every form and description—
These first operations are to loosen from the coats
of the stomach and bowels, the various in-
flamed and morbid humors, and to remove the
obstructions of the small intestines. Other medicines only partially cleanse
these and leave such collected masses behind
as to produce habitual constiveness, with all
its evils, or sudden diarrhoea, with its im-
mense evacuations. This first operation is well known to all
regular anatomists, who examine the human
bowels after death; and hence the prejudice
of these Well informed men against such
medicines—no medicines prepared or heretofore
thence the public by ignorant persons. The se-
rious and dangerous consequences of such
medicines are to be avoided by the use of the
Life Medicines, which are to be taken in
the liver and the lungs, the beneficial action
of the Life Medicines is to be seen in the
red color of the agency of the liver and
lungs, and in the healthy action of the
system, and triumphantly mounts the banner
of health in the blooming cheek.

Most valuable Life Medicines have been
thoroughly tested, and pronounced a sovereign
remedy for dyspepsia, flatulency, indigestion
of the food, and all the morbid humors, such
as cholera, rheumatism, neuralgia, sciatica,
and all kinds of neuralgia, sciatica, and
