ROSE IS RIGHT.

Rose in withdrawing his challenge for the America's cup, remarks: "Mr. Rose has done right in withdrawing. Had he not done so, it would have been a disgrace to the international significance of the cup. It is to be regretted that the cup is not now attached to it. If the cup is to retain significance in the eyes of English yachtsmen it must be sailed for under unobstructed course, and Lord Dunraven has unquestionably the first right to a match under such conditions."

The expedition is expected to return to England in the autumn.

SUPPRESSING THE YOUNG TURKISH PARTY.

London, Oct. 24.—The Standard publishes a dispatch from Constantinople saying that most sinister stories come regarding the vengeance wreaked on the young Turkish party. Various versions are given to what happened to the party, but it is generally admitted that he was severely tortured in the Yildiz prison before he was removed to the Beshiktash prison, where he was then beaten on the stomach with clubs in the presence of many witnesses. He was then sent back to Yildiz prison, where he is supposed to have died. It is stated that his wife is insane, and it is also stated, although it is impossible to obtain quite satisfactory proof of the assertion, that about 50 of the leading members of the party were arrested on Saturday night, and the school of medicine, where they were held, was tried and executed, nominally for being guilty of excesses during the recent riots. These strong measures have effectively dampened the ardor of the party, which lacked organization and power necessary to cope with the officials. On Saturday the Sultan had his brothers, Mohammed Murad Efendi and Mehmed Reshad Efendi, brought to Yildiz, where it is believed they are still kept. The Sultan's recent vigor has taken the spirit out of his opponents. Referring to the new scheme of reform, it is merely a reiteration of the old law, which has been systematically ignored in the past. The whole question must soon be reopened.

STEAD ON MONROEISM.

London, Oct. 24.—Mr. W. T. Stead has a long article this afternoon in the Westminster Gazette on Monroeism, during the course of which he says: "Englishmen would do well not to belittle the significance of the ebullition of American sentiment on the question of the Venezuelan frontier. It must be taken with the usual discount, and is no doubt due to the system by which foreign affairs are discussed by bawling journalists, rather than by suave statesmen. It is serious, nevertheless, that gravity consists in facts, and neither of which have anything to do with the merits of the question in dispute. In the first place, for the first time since the late fiscal year, the State and the army have some reason to be proud, and which sooner or later they will use against somebody. In the second place, it is equally significant that the American side to show cause why they should not be removed, 36 are reprimanded for trifling offenses, and 134 are called on to show cause why they should not be punished for such derelictions as entering the streets drinking soda-water while on duty, etc.

There is a rumor current in Grand Trunk circles at Montreal that in the near future the Brockville and Bellevue shops and trainmen's quarters will be removed to Kingston. This would mean that the Montreal freight gangs, including the passenger engine-men and firemen, who now run to Bellevue, would have to run through to Kingston. With the double track almost the entire distance from Montreal to Toronto, this arrangement would be quite feasible, the amount of time occupied to Kingston now being about 100 minutes.

On Oct. 11 some person placed a 44-inch iron scrap (angle splice) on the C. P. R. track near Hewitt, in the township of Wainfleet. A short time after it was placed on the track the pay-car came along, but before the train reached it the obstacle was removed by Samuel Robbins. On Oct. 16 the angle splice was again placed on the track and a train struck it. Detective Heenan took the matter in hand and succeeded in arresting John Higgins, a 14-year-old colored boy. The prisoner was arraigned before Police Magistrate Hollands and pleaded guilty. He was remanded till Oct. 29 for sentence. Green is a tough young customer. He admits setting fires to fences, which the farmers would claim started from engines.

The Latest Sensation.

How the Resignation of Mr. White, N. P. for Cardwell is Viewed.

Remarkable Confession by a Leading Conservative Newspaper.

(From the Toronto Star.)

If Mr. White resigned his seat in disgust and despair at the Government's procrastination, he cannot be congratulated on his reason, but the incident illustrates the growing dissatisfaction of Conservatives with the half-dozen petty politicians who have seized control of the party and are selfishly exploiting their power for their own aggrandizement. The Conservative loss in Montreal yesterday is not a hopeful augury of success in the coming general campaign.

(From the Hamilton Spectator, Conservative.)

The political sensation of the day is the resignation of Mr. White, M. P. for Cardwell. Mr. White intimates that his business interests necessitate his withdrawal from politics. But few people will accept that as the real reason. The Montreal Gazette does not suffer from the absence of Mr. White when his duties take him to Ottawa. There are very few people who know the circumstances who will not think that the real reason for the resignation is the fact that the Government has refused to make the long-promised appointment of Mr. White to the customs collectorship at Montreal. Mr. White was promised that job years ago; but on one excuse or another, the Government has insisted upon him keeping his seat in the Commons. In view of Sir Mackenzie Bowell's promise to introduce "remedial legislation" and force it through next session, it is easily understood why the Government wishes Mr. White to remain in his seat until that matter is disposed of—his successor would probably vote against the Government's scheme. It is understood that there are several others in exactly the same fix—who have been promised office, but are held in their seats by the Government. A majority for the Manitoba coercion bill. The Government cannot afford to shelve these men and take chances on the votes of their successors.

The political exigencies have multiplied since the Government rushed into the Manitoba school muddle. (From the Hamilton Herald.)

One way and another the Conservative party seems to have fallen upon pretty evil days.

Gray (Bible), secretary, and Eugene Stock, editorial secretary of the Church Missionary Society, of London, Eng., were also present.

Jamieson, of the Detroit Savings Bank; Gen. Trowbridge, Mrs. Tilley, of London; Rev. Canon Richardson; W. Aikman, jr., of Detroit; Dean Ridley and the Bishop.

BLAZING FORESTS.

Green Bay, Wis., Oct. 24.—This city is surrounded by forest fires, which are made especially dangerous by a strong north wind. Between here and Keweenaw the fires are approaching dangerously near the tracks of the Keweenaw, Green Bay and Western Railway. Near Luxemburg several families have been burned out. On the line of the Aphaee and Western road, near Cassy, the situation is serious, and it requires a united and persistent effort of every available man to prevent destruction of the bridges at that point.
