Difficult Digestion

That is dyspepsia. It makes life miserable.

Its sufferers eat not because they WANT to-but simply because they

They complain of a bad taste in the mouth, a tenderness at the pit of the stomach, a feeling of puffy fulness, headache, heartburn and what not.

Hood's Sarsaparilla cured Joseph F. Laine, Flanagan, Ky., who writes: "I was troubled with dyspepsia for a number of years and took medicine that did me no good. I was advised by friends to try Hood's Sarsaparilla which I did and it put my bowels in perfect condition, gave me strength and energy and made me feel like a new person."

Hood's Sarsaparilla Promises to cure and keeps the promise. Beware of substitutes. Buy Hood's and only Hood's.

GET THEIR PAY.

The Census Man Happy in the Pessession of a Good-Sized Check.

The census enumerators of London have received their pay. As soon as Commissioner Harvey received the checks he sent them to each man, and that ends their connection with the department, so far as this job is concerned. The work in London was done in an expeditious and wholly satisfactory way by the men chosen for the position. To a great extent this was the result of their own intelligent endeavors, but much credit must be given to Commissioner Harvey, who spared neither time nor trouble in assisting and directing the enumerators.

Verdict Against Plaintiff in Winterbottom Case.

for Misfeasance on Part of Policemen.

In the court of appeal, before Armour, C.J.O., Osler, Maclennan, Moss, Lister, J.J.A., the following judgment has been

given: Winterbottom vs. London Police Commissioners-Judgment (oral) on appeal by plaintiff from judgment of Robertson, J., dismissing the action brought to recover damages for injuries received by plaintiff, who, while riding a bicycle on Carling street, in the city of London, was run down by the defendants' police wagon. The jury assessed the damages at \$1,000. The trial judge held that, having regard to section 462 of the municipal act, it was not the intention of the legislature to make a board liable for any misfeasance on the part of policemen under their control; that there is no legal liability cast on the defendants; Halford vs. New Bedford, 16 Grey 297 approved in McSorley vs. Mayor, 6 S. C. R. at p. 544 per Ritchie, C.J.C.; that the law applicable to this case is laid down in Hesketh vs. Toronto, 25 A. R. per Burton, C.J.O., at p. 451; and that here the patrol wagon was not the property of the defendants, nor were the horses; both belonged to the corporation of the city, and their establishment for the use of the police did not make defendants liable. Appeal dismissed with costs. I. F. Hellmuth for plaintiff; T. G. Meredith (London) for defendants. damages for injuries received by plaintiff,

BLOODTHIRSTY BROTHER-IN-LAW!

Regrets He Did Not Carry Out His Threat of Murder

"I'm guilty to all of it," said Wm. Woolison in the dock at police court yesterday morning, when arraigned on charges of assaulting his brother-inlaw, Harvey Steele, and threatening to kill him. "I said I'd kill him, and more than that, I should have done it." Woolison, who stuttered so badly that at times he was barely intelligible, went on to explain that his blood-thirsty feelings towards Steele were caused by the alleged ill-treatment inflicted by the complainant upon his wife, defendant's sister. Woolison realized that his threats against Steele were prejudicing his case in the eyes of the bench, but he evidently did not "All I can say is, he's a dog, and the whole of it is not over yet. If you've got anything to give me for this, give it to me." The police magistrate said he dared not let the prisoner go with such vengeful feelings rioting in his soul, and so remanded him till tomorrow. All the way to the jail Woolison continued to make similar statements to the constable charge, and among other things he said, "They'll have the bother of hang-

The victims of the accident were racing round the old track near Fort George, in opposite directions. Sutton was mounted on Jodan, while Reid rode Nimrod. The two race horses had both outstripped their several competiitors when the riders saw one another. Sutton and Reid realized their danger instantly, and in trying to avoid it, both swerved behind the judges' stand. The next instant a terrible crash was The flying beasts stuck head to head and the collision broke their necks. The two riders were hurled several feet through the air, and were picked up wounded and bleeding. Sutton's injuries are the most serious. His collar-bone is broken on the left side and his skull is fractured over the left eye. Reid's right leg is broken below the knee.

LOOTING IN PEKIN WARM DEBATE

DISMISS CASE. Foreign Soldiers Charged With Making Brutal Seizures.

> Helpless Women and Children Were Slain Wantonly and Needlessly.

> Washington, June 21.-The report of Gen. Chaffee on the campaign in China is being prepared for publication at the war department. Some of Gen. Chaffee's comments are interesting. At one point, he says:

"For about three weeks following the arrival of the relief column at Pekin the condition in and about the city and along the line of communica-tion was bad. Looting in the city, uncontrolled foraging in the surround-ing country, and seizure by soldiers of everything a Chinaman might have, as vegetables, eggs, chickens, sheep, cattle, etc., whether being brought to the city or found on the farm; in discriminate and generally unprovoked shooting of Chinese, in city, country, and along the line of march, and the river—all this did not tend, as was natural, to gain for the troops the confidence of the masses, with whom, it is certain, we have no quarrel, but were in need of their labor.
"It is safe to say that where one

real Boxer has been killed since the capture of Pekin, 50 harmless coolies or laborers on farms, including not a few women and children, have been slain. No doubt the Boxer element is largely mixed with the mass of population, and by slaying a lot, one or more Boxers might be taken in." Gen. Chaffee spoke of the restraint he placed on American troops. The Japanese commander also made it known that general war on all sides

was not intended. Gen. Chaffee says he opposed entering the Forbidden City unless looting was prohibited. This was agreed to, and he thinks but little looting has been done there, though articles have been offered for sale, said to have been taken from the Forbidden City.

DAY OF ROUTINE AT THE HEIGHTS

Daily Drill, Drill, Having Its Effect on the Appearance of the Regiment.

Friday was an off day at the campnothing but routine drilling was done and no shooting to speak of. The officers rather like these quiet days; they are able to do practical, uninterrupted work, that soon shows in the men's appearance and smartness. Artillery and infantry sweltered through extended movements and one maneuver and another all morning long. The officers are greatly pleased with this camp; the regiments are large, the men of good physique and well trained, and the bands are excellent.

"They are all doing splendidly," a staff-officer said today. "We're immensely pleased with this brigade. It's a pleasure to work with them. The men have a good idea of what is required of them, and they'll quickly get into much better shape than they are." The medical inspection of the men

was completed. Thursday Surgeon-Major O'Reilly inspected the 11th and 16th Field Batteries, of Quelph, and no men were rejected. The men in the 29th Waterloo Regiment have all been vaccinated and they passed their medical examination very creditably. A church service will be held on the heights on Sunday morning, in which the several corps will take part. The Seventh Regiment and band will also take part in the parade. There is no doubt that many hundreds of visitors will attend the morning service.

It is expected that No. 7 Bearer Company of Hamilton will arrive in camp some time on Sunday. The corps will return to Hamilton en Wednesday afternoon next. Three men from each of the 22n1 (Oxford) Rifles and the 30th (Wellington) Rifles were confined in the hos-

pital Thursday. Sergts. Foster and Beales have been taken on the strength of the brigade as instructors of musketry, and Corp. Taylor has been appointed recruiting sergeant for the camp. The Wolseley Barracks cricket club will play with a team chosen from the

brigade tomorrow afternoon.

After No. 7 Company of the 32nd Regiment had arrived in Wiarton from the camp in this city, the members presented Capt. Buckley with a handsome gold-headed cane. The presentation was a complete surprise the captain, who expressed his thanks in feeling terms, at the same time complimenting the men for their exem-plary behavior, discipline and attention to duty during the time spent at camp.

Question of Select Vestries Discussed at Length.

Should Women Vote at Vestries-Annual Meeting Brought to a Conclusion.

The Synod of Huron convened at 10:15 a.m. yesterday. The usual prayers were offered by the dean. The rules of order were suspended on motion of Rev. J. Ardill, and the congratulation of the synod were presented to the bishop on the anniversary of his lordship's 65th birthday. The bishop returned thanks in a few words, expressing his gratitude for the progress made during the year, for the sympathy accorded him by the members of the synod.

RAVAGES OF CONSUMPTION.

Rev. D. Williams presented the report of the committee on statistics, stating that recent inquiries in regard to the birth rate of Ontario had shown that the startling statistics presented by the synod in 1898, and the death rate from consumption, is appalling. No fewer than 3,000 have died from this cause in Ontario. It has been proved that this is not hereditary, but infectious, and therefore curable. On motion the report was subsequently adopted.

SELECT VESTRIES. The discussion regarding the pro-

posed canon on select vestries was resumed, the synod going into commit-tee of the whole. The first clause was amended to provide that vestries may revert to the former method by declaring the canon no longer in force. A second amendment was proposed by R. Bayley, K.C., providing this canon shall only go into force with the consent of the incumbent for the time being. After considerable discussion for and against, the motion was carried. The next clause was amended to read that the rector and vestry shall elect or appoint not less than four nor more than twelve select vestrymen from among the members of the vestry, etc., and adding at the end of the clause, "One half of the number of such select vestrymen shall be appointed by the incumbent and the other half thereof elected by the members of such vestry. In case the incumbent shall neglect to appoint onehalf of such vestry, such shall be by the vestry; or if the vestry neglect to elect them, an incumbent shall elect the whole." A good deal of debate took place, but the amendment eventually carried.

IN REGARD TO VACANCIES. The next clause in regard to vacancies was amended to read that if the vacancy occur from among those appointed by the rector, he shall appoint the successor, as if from among those elected by the vestry the successor shall be filled by the select vestry until the next election. The clause as amended was adopted.

The next clause provides that such vestry shall meet quarterly, or oftener, if the members so decide, or at the call of the rector, or of a churchwarden, or of any other two members, and was amended by specifying the object of such meeting.

The last clause, that the select vesery shall possess all the powers and privileges now possessed by the wardens, who shall nevertheless perform the duties and functions heretofore performed by churchwardens, but subject to the direction and control select vestry, who shall manage and direct the temporal affairs of the church and parish, called forth a lively debate, and was amended by striking out the word "control" after "direction," on motion of Canon Young and M. Wilson, K.C. A new clause was added, providing that the action of such select vestry shall be subject to the direction and control of the church if they shall choose to exercise such right. The clause passed, and the whole canon, as amended, was reported to the synod, and received its second reading, and was finally passed.

ADMISSION OF WOMEN. Mr. H. Macklin brought forward the proposed canon on the admission of women to vote in the vestries. Mr Macklin stated that he was actuated by two motives. One was to do an act of simple justice to the women of the church, and the other to promote the best interests of the church. He moved the first reading. After discussion it was referred back to the executive committee, with instructions to bring in a report at the next synod. Resolutions proposed by Rev. J. F. Wright were allowed to drop, as also were those proposed by Revs. J. L. Strong and W. Henderson. The re-port in regard to the provincial synod was presented by Matthew Wilson, K. C., who explained the relative positions of the general and provin-

cial synods. The following resolution

was adopted: Moved by Matthew Wilson, K.C.,, seconded by Rev. Canon Young, (1) That the Provincial Synod and General Synod be memoralized by the Bynod of Huron to so amend the constitution and canons of the Provincial Synod: (a) As to recognize and give effect to the General Synod and to the supreme court of appeal and the board of missions by such synod established. (b) As to abolish or materially reduce the number of sessions and consequent expense of the Provincial Synod; and (c) as to conduce to the strength, usefulness and efficiency of the General Synod. (2) That draft canons be prepared and submitted with such memorials for the consideraction of both houses of the Provincial Synod at its forthcoming session.
(3) That in the event of the Provincial Synod system being maintained in active operation, it is advisable to form a Provincial Synod with boundaries conterminous of the civil prorince and with a constitution in harmony with and subservient to the General Synod, to meet only when the necessities of the church or the province may require.

SESSION CONCLUDES. The synod concluded its session this fternoon at 2:15. The bishop, after afternoon at 2:15. a few brief remarks referring to the work that had been done, announced doxology, after which he closed with the benediction.

INTERESTING RELICS

IN THE SYNOD Gun Carriages That Were Sunk in Lake Champlain in 1778 Brought Up

Burlington, Vt., June 21.—J. G. Falcon, a Chicago diver, made the greatest find of relics yesterday ever known on Lake Champlain. He visited the spot where the schooner Royal Savage, commanded by Gen. Benedict Arrold, was sunk in 1776 by the British. He secured three gun carriages and about 30 cannon balls and shot. Two of the former will be sent to the Smithsonian Institution at Washington, D.C., and the other has been given to the city of Burlington. The relics were discovered in about 30 feet of water, and the diver spent about two hours on the spot. The carriages are made of oak and iron, the former now being petrified. The ironwork is covered with bunches of rust, some of them being as large as a man's first. Mr. Falcon intends to make further investigations, and hopes to discover some of the cannon and treasure that was supposed to have been on the ship. The discovery is a valuable one from a historical standpoint. At the time the schooner was sunk the private papers of Benedict Arnold were lost, and it is hoped that they may be found.

GOOD TEMPLARS

Closing of Grand Lodge's Annual Meeting-Oppose Governmental Control of Liquor Traffic.

Toronto, June 21.—The Good Temp-lar Grand Lodge, at its closing meeting yesterday passed unanimously a resolution against a policy of govern-mental control of the liquor traffic. The resolution regretted the inaction of the Dominion Government, and declared the unswerving allegiance of the Independent Order of Good Templars to the principle of total prohibition. The recommendation of the grand chief templar that the members vote only for candidates for the legislature who are favorable to temper-

ance measures, was adopted.

A resolution of condolence was ordered to be forwarded to Bro. Dr. Oronhyatekha, past right worthy grand templar, on the death of his wife, who was also a member of the grand lodge. The next place of meeting was fixed for Hamilton, on June 18, 1902. The various constitutional changes placed before the grand lodge on Wednesday were left over for next annual meeting. CHILDREN NOT PUPPETS. Toronto, June 21.-The reports of the various committees were passed by the public school board last night without material amendments. Messrs. R. E. Land and J. Castell University E. Land and J. Castell Hop-kins voiced the request of a deputation from the citizens' com-mittee that the school board and pupils participate in the proposed Dominion Day celebration. The matter was referred to the chairmen of the various committees to take action, but not before Trustee Douglas had re-gistered a vigorous protest against the school children being made puppets and playthings, to be ordered about by some gentlemen who wanted to show themselves, but who were no more loyal
