LOCAL MARKET.

London, Jan. 18. Considering the state of the roads, there was quite a number of farmers at the market today. Should the sleighing become suitable for heavy traffic, there will be no doubt a considerable quantity of hay and oats offered which would find a ready sale. For all the stuff that was offered today there was a good demand and prices were firmer.

Grain-About 15 loads of oats were offered. Sales were made at \$1 05 to

straw sold at \$5 50 per ton.

Butter and Eggs-The supply of but-23c to 25c per dozen for fresh-laid, by the basket

Poultry—Turkeys were the principal supply; they sold well at 15c to 16c per pound, dressed. No changes in prices of other fowl.

Dressed Hogs-There were quite a few shade firmer, at \$9 per cwt; a few sold at

egetables and Roots-Potatoes were sold at 90c per bag; cabbages sold at 40c per dozen; onlons, \$1 per bag.

Apples—A few barrels and bags sold at to \$1 per bag and \$2 to \$2.75 per

Butchers' Meats—Beef was quite plentiful; sales slow, at \$5 to \$1 per cwt; only an extra choice carcass at the higher figure; lambs are scarce, at 11c per 1b; veal was easier today, at \$8 to \$8 50 per 1b.

The reasons underlying Mr. Cleveland's desire to give up the position are described by his friends as twofold. In the first place he was dissatisfied with the publicity which had been given his acceptance of the office, and in the second place he felt keenly the hostile criticism which the publicity had aroused.

Boar Re-Elected-Individual Communion Cups.

The annual meeting of St. Andrew's Presbyterian Church was held last of managers for 1905—the fifty-fifth annual-was presented. The document was exceedingly gratifying to the membership. It said, in part:

It is gratifying to see not only an evidence of loyalty and unity, but of the church, and one more year of did, the cemetery could be preserved, prosperity and blessing. The revenue In many of the very large cities, for the year exhibits a total of \$7.-435 36, and a total disbursement of \$7,386 56, and with amount carried fortreasurer's hands is \$180 41. In view of ion of many present. the increased expenditure in the maintenance of the church and school property, your managers would urge upon the congregation the desirability of regular and increased giving by envelope each Sabbath. In accordance with the resolution passed at the last annual meeting, empowering the managers to erect a suitable Sabbath school building, a joint meeting of managers, Sabbath School Association and the men of the congregation, was '...'ld and with their united efforts, together with the marked liberality of some members and of the congregation as a whole, we were enabled to proceed with the work, and we expect the school will be ready for occupancy in February. We so far feel assured that the total expenditure will be within the limit placed at that meeting of \$20,000. We are much gratified to report that the usual grant to London Junction Church can be withheld for this year, stalled them, and they were giving and that a very encouraging report of its growth and self-support has been

The growth of the cty toward the northeast makes it imperative that something should be done. Some memhers were of the orinion that the cemetery should be closed i mediately, place. They also were of the opinion that the cemetery would have to be sold, and the bodies removed to some other place. Considerable opposition to this idea developed. Many of those who owned lots in the cemetery desired to be buried there. They doubted that the city would encroach on the property for many years. And, if it cemeteries are to be found in the heart of the city. They were no disgrace, but were rather a glory to the city. Mr. J. Gordon McIntosh was reelected secretary-treasurer for the coming year.

The estimated expenditure for 1906 is \$8,325. The treasurer's report showed receipts of \$7,566 97 and expenditures \$7,386 56, leaving a balance of \$180 41 in the bank.

Mr. J. W. McIntosh and Mr. John Lochead were re-elected auditors. The question of individual communion cups were introduced, and sent on to the session to consider. Nearly all the progressive churches had inentire satisfaction. Even Old, St. Andrew's, one of the most conservative churches in Ontario, had adopted them Considerable opposition to the installation of the cups developed however. CASTORIA. The Kind You Have Always Bought Chart Hillchire BOILS ALL OVER HIS

FACE AND NECK BURDOCK BLOOD BITTERS DID FOR HIM WHAT FOUR DOCTORS

FAILED TO DO KEEWATIN, ONT., July 28th. 1905. MESSRS. THE T. MILBURN CO., LTD.,

TORONTO, ONT. DEAR Sirs:—I am writing to let you know what Burdock Blood Bitters has done for me. I am a young man, twenty years old, and a year ago last March I began to feel dull and sick, and was greatly troubled with boils coming out on my face and neck, mostly on the latter. I would no sooner get rid of one than

I would have, perhaps, two or three more I had four doctors trying to cure me but they had very little success. They would stop them for a month or six weeks and then they would be as bad as ever again.

would be as bad as ever again.

Almost every patent medicine, advertised to cure boils, I could get hold of, I tried, but still without success. At last one day, last spring, someone happened to say: "why not try taking Burdock Blood Bitters for the blood?" I was willing to try anything and immediately sent for a bottle, but at the time was doubtful if it would be of any use. However, I used that bottle and while I was taking it I began to feel better, although I still kept having a few boils but not nearly such bad ones. I did not missany work, while otherwise, I used to miss, sometimes, a week out of every mon.h. I kept on taking the medicine until I had taken six bottles, and needless to say, I was not sorry I did so when I tell you I have not had a boil appear for the past three months. Everybody was surprised when they heard that Burdock Blood Bitters had done for me what four doctors failed to do. If any sufferers are afflicted with boils, I would strongly advise them to use B.B.B. It makes you feel like a new man. I always keep a bottle in the house, now, as I think it is a medicine that should be in every household.

Yours truly.

Yours truly, HENRY A. SMITH
