ARLEY NICHOLS HAS SIGNED

Last Season's Second Baseman Has Finally Come Into the Fold -Will Report Here With Other Players on Monday-May Get Harry Furssedon, of Toronto Team.

Charley Nichols, London's great little second baseman, sprang a surprise on the local management yesterday when he mailed his 1912 contract with his signature attached. Nichols has been the real holdout of the team, and it was bought that some trouble would be experienced in cattley him. thought that some trouble would be experienced in getting him to sign up. However, he agreed to the terms offered him by the London club, and he will report here for duty on Monday.

Nichols would have saved himself a lot of trouble if he had signed up a ittle earlier. The local management began to fear that he would not come to terms, so they signed up two or three second basemen who are reputed to be good ones. As a result, there will be much competition for Charley's job, and the little Toledo lad will have to display the best that is in him if he hopes to land it. However, there is a chance for Nichols if he is beaten out of his New York former position. The local directors are of the opinion that he would make a first-class fielder, and he may be tried out at this position. Nichols is fast on the bases, and he is one of the best long-distance hitters in the league. The official Canadian League averages credit him with playing 111 games with the London team, while London is only credited with playing 110. His catting average was .252, and he finished third in the league for two-baggers, getting no less than 20 of these extra base-hits. He was ninth in threeaggers, with a total of five. He was eighth in run-getting, scoring no less than 64 times. His record is one of the best in the league, and taking him all round, Nichols is a valuable man. His fielding often bordered on the sensational, and the memory of his wenderful catch in the last game played in London last year, when he ran nearly out to left field and grabbed what looked like a sure single, still lingers with the fans who saw the game. Nichols is a clean-cut young fellow, takes an interest in the game every moment, and s a hard worker. There is no reason why he should not make good this

FURSSEDON MAY PLAY FOR LONDON.

It is not improbable that Pitcher Harry Furssedon, who was tried out by Joe Kelley's Toronto team this spring, but who needs a little more seasoning, will play for London in the Canadian League this season. Furssedon is a voungster picked from the St. Mary's team in the Toronto City League. He has all kinds of curves and speed to burn, but needs a little more training. has all kinds of curves and speed to burn, but needs a little more training. Baker, 3... 6 0 3 3 0 Martin, s. Manager Kelley has given the London team first chance at him, and if terms need another good pitcher, and it is thought that "Fuzzy" (as he is known in Toronto), will make good. If the deal is put through he will be in London next week. The Ottawa team is also after him, but as they have been offered first chance at a couple of other Toronto pitchers, it is likely they will pass

up Furssedon.

The work at Tecumseh Park was finished yesterday, and the outfield presents a fine appearance. It is as flat as a pavement, and there should be some ast fielding pulled off at the park this summer. All the little ridges have been plowed out and the hollows filled in. A big four-ton roller has been kept at work rolling it for the past two or three days, and the field is as level as a prairie now. The infield will not be given the final touches until another big shower softens up the ground a bit. The big roller will then be put on it and it will be levelled up. It is likely that the outfield will be given another rolling following a rain storm, as this will pack it down fine and will make it more solid than at present.

The London club are advertising for tenders on the refreshment and score-card privileges for the season. It is also the intention of the club-to put backs on a good many of the grand stand seats. This will be a big improvement, and will add to the comfort of a seat in the grand stand. New cushions will also be supplied for the reserved seats.

Newark, N. J., April 25 .- Opportune nitting by Toronto, coupled with misplays by Newark, and the inability of the indians to take advantage of like opportunities, allowed the Maple Leafs to wall off with the odd game of the series this afternoon by a score of 5 runs to 2. The heavy hitters under Joe Kelley's wing heavy hitters under Joe Kelley's wing gave an exhibition of spring slugging that caused the fans to sit up and take notice. Ten hits were made off Gaskell, the Braves' hurler, and half of these were for three-quarters of the circuit.
