mond drill being operated upon the Gold Drop claim, in Greenwood camp, under Mr. Turner's direction, who is the representative here of the company holding Hop picking on the Coldstream ranch will commence in the course of a few days.

the bond on the property, the Montreal and British Columbia Promoting and Prospecting Company, has broken les and depths Up to the present it has been extremely difficult to determine the trend of the vein, owing to the formation and other features, but now it may safely be said the drill, as it were, has caught on, and the result in the future will be much

more intelligent prospecting.

Mr. Burns, the contractor having in hand the job of sinking the shaft on the Old Ironsides claim in Greenwood camp, is pushing the work along with his usual characteristic energy, and it is now down a depth of about 40 teet.

Some kind of disease is making its presence felt among the horses of the neighborhood, several cases of sickness being reported and some deaths having taken place.
