The cfty's railway experts early this would be at King street as has been work among the non-Anglo-Saxons of previously proposed by the company. The company's officials wanted time to consider the counter-proposal and promised to meet the city's representatives later this year. The city wants this conference held in the near future. Sir Henry, in looking over the plans was surprised at the estimated cost of the work, approximately \$500,000, exclusive of property damages, which it is claimed by the city would not be high. The president, however, pointed out that the situation in this city was only one of many that exist throughout Canada, a legacy of the old companies. and that it was impossible to meet all requests at once, even though the need might be urgent, as only Parliament could provide the necessary funds for

capital expenditure. Sir Henry's visit to the city was sequel to the invitation from the Waterloo County Canadian Club, which he addressed this evening. The president of the Canadian National Railways was greeted by the largest crowd at any meeting of the club in many years. The president confined his remarks largely to the work of the Canadian railways and to the improved ANY TARIFF CHANGE IS financial position, concluding with an appeal in the interests of immigration. After the address he was the guest of the Rotary Club at the carnival in the market building, which is being put on to raise funds for the benefit of crippled children and which he formally opened at the request of the officers of

Interesting Sessions Held By West Middlesex Branch.

MOUNT BRYDGES, Oct. 30. - The autumn meeting of the Rural Deanery, of West Middlesex, and of the Deanery Women's Auxiliary, was held in St. Jude's Church, Mount Brydges, on Wednesday, October 22. The day's program began with the celebraton of holy communion, the rector, the Rev. Rural Dean Croley, being the celebrant, being assisted by the Rev. Capt. Pugsley, the latter of whom also preached an eloquent and impressive sermon At the business meeting following, The held at the home of Dr. Wood, it was found in the discussion on the Huron College repairs fund, "that while some of the parishes in the deanery had completed the canvass with splendid results, some had not been canvassed at all, while in others the work had only been partly done. It was urged that the canvass be completed at the earliest convenience of those interested. In discussing the diocesan budget appointments, Rev. Mr. Pugsley thought hat every parish should aim at rais-

ing their full apportionment and thus have the deanery stand 100 per cent. on A fine dinner was served by the ladies of the parish and a hearty vote of thanks was extended to them and Rural Dean and Mrs. Croley for their kind hospitality, on motion of Rev. Capt. Pugsley and Rev. H. E. Bray. On reassembling in the church for the afternoon session the rural dean extended a hearty welcome to all and the

first address was given by the Rev. A. A. Bice, on the "Anglican Young People's Association," which was most practical and helpful, emphasizing amongst other things that the members build upon the foundation of the association, namely worship, work, fellowship and edification. The aim was to keep the boys and girls clean and to retain them in the church as active and useful members and exemplary citizens in the community. An interesting address was given by

the Eskimos and Indians East of Hudson Bay for 32 years. The Eskimos had responded in a marked degree to his earnest labors there during that time, as they were all now baptized Christians and could all sing, read and write. The gospel of Jesus and His love appealed strongly to them. They delighted in attending divine service, doing so two or three times every Sun-They also had family prayer in
