Resolution of Condolence

A the regular meeting of L.O.L. No. 1029, held on Wednesday evening, April 16th, the following resolution of condolence with Bro. Wm. Henderson was passed unanimously:—

TO WILLIAM HENDERSON,

To William Henderson,
Dear Sir and Brother—
On behalf of the members of L.O.L.
No. 1029, we desire to express our sympathy towards you and your mother in this, the hour of great affliction, and feel what you have lost, what you have suffered, in the death of your dear and only sister, who was known and highly esteemed by us all, the same trials have taught us that for ills so immeasurable time and silence are the only medicine. We will not, therefore, by useless words, open afresh your griefs. It is some comfort to us and to you that the time is not far distant when we shall meet with the friends we have loved and lost, and whom we shall still love and never lose again. God bless you and support you under your heavy affliction.

Signed on behalf of L.O.L. No. 1029.

NERVOUS DISEASES IN THE SPRING

Cured by Toning the Blood and Strengthening the Nerves.

It is the opinion of the best medical authorities, after long observation, that nervous diseases are more common and nervous diseases are more common and more serious in the spring than at any other time of the year. Vital changes in the system, after long winter months, may cause much more trouble than the familiar spring weakness and weariness from which most people suffer as the result of indoor life, in poorly ventilated and often overheated buildings. Official records prove that in April and May neuralgia, St. Vitus dance, epilepsy and other forms of nerve troubles are at their worst, and that then, more than any other time, a blood-making, nerverestoring tonic is needed.

The antiquated custom of taking purgatives in the spring is useless for

restoring tonic is needed.

The antiquated custom of taking purgatives in the spring is useless, for the system really needs strengthening, while purgatives only gallop through the bowels, leaving you weaker. Dr. Williams' Pink Pills are the best medicine, for they actually make the new, rich, red blood that feeds the starved nerves, and thus cure the many forms of nervous disorders. They cure also such other forms of spring troubles as headaches, poor appetite, weakness in the limbs, as well as remove unsightly pimples and eruptions. In fact they unfallingly bring new health and strength to weak, tired and depressed men, women and children.
