Alvinston will rebuild the cement sidewalks on Main street this summer.

Mr. and Mrs. Hugh McLachlan, of Alvinston, celebrated the 52nd anniversary of their marriage recently.

J. B. Allard, egg dealer, of Thamesville, was fined \$50 and costs on three charges of buying ungraded eggs.

Peter McBrayne has been appointed road superintendent for the township of Zone at a salary of \$3 per day.

We are putting up the following motto in a conspicuous place in our office. "No, we don't know any word of any number of letters meaning anything."

Isabella Rebecca Hodgins, the 17-year-old Lucan high school girl, who disappeared from her home on March 9th, was discovered by high county constable Robert Whiting, working as a domestic near Courtright.

There is today adjacent to Toronto a whole township without a single farm, or at any rate without one farm being worked. There are two farm holdings in York township, but neither is operated.

An unusual consignment passed through Montreal recently in the care of the Dominion Express Company when six Rocky Mountain sheep were shipped to Austria to form part of a zoological exhibit there.

Adam Morningstar, Chippewa, was fined \$25 with costs for selling a skunk skin without a license. That is the minimum fine. Mr. Morningstar was dismantling an old barn and killed seven skunks.

Word was received last week of the death at Bath, N.Y., of Mrs. Chas Robinson (nee Alice Toohill) a former Metcalfe girl. She was a sister of Wm. L. and Robert F. Toohill and Miss Sarah Toohill, of Napier.

J. T. Patton, manager of the Bell Telephone Co. in Sarnia for the past ten years, has been transferred to Stratford to assume the district managership there the first of April. His successor in this district has not yet been announced.

One-fourth pound maple sugar, one-half cup water, boiled together till it will spin. Whisk boiling hot into the beaten whites of two eggs and one-half cup thick cream and a little lemon juice to taste and you will have a nice pudding sauce.

A fine large barn belonging to Dan McCaw, 10th concession east, just outside the Petrolia corporation was completely destroyed by fire early Tuesday morning, with a loss of \$6000; part of which is covered by insurance. All of the stock and part of the implements and remainder of last season's crops were destroyed. The origin of the fire is not definitely known, but is attributed to the electric storm which passed over this locality early Monday evening. It is believed the fire smoldered for a considerable time unnoticed. The owner was not aware of the blaze until the collapse of the walls awakened him.

While returning from shopping Mrs. David Templeton, an old resident of Copleston, was stricken with paralysis and lapsed into unconsciousness just as she arrived at her home late Monday afternoon. For an hour or more she lay unnoticed in the yard exposed to the cold wind. Her husband, who is also a victim of a stroke and is incapable of helping himself missed his wife, and thinking something had happened, made a noise by thumping on the wall. This attracted a passerby who found the woman, in an unconscious condition. She died that evening without regaining consciousness.

In this week's issue our readers will notice an advertisement of Bonds of the Government of the Argentine Republic. This is the first time that Bonds of a Foreign Government have been announced for subscription in this district. The event is noteworthy because it marks the entrance of Canadian investors into the world's financial markets. These bonds which are advertised by the well known firm of B. A. Daly & Company, Toronto, are part of the issue recently floated in New York. The Argentine Republic is the most prosperous of the South American countries. It has the greatest foreign trade. Its leading city, Buenos Ayres, is one of the most beautiful capitals in the world. The population of the Argentine is larger than that of Canada, and the average wealth of its people is very high, about \$1,533 per capita. The total debt is very low only \$133, as compared to Canada's \$350.

Staunton Semi-trimmed Wallpaper Saves time

NO more scissors or straight-edge required for trimming wallpaper. NO more sticky litter laying around when papering is being done. A quicker and a better job with wallpapers in the newest and most pleasing patterns and colorings, that cost no more than the old-fashioned sort.

We have ready for your inspection a complete new line of these STAUNTON SEMI-TRIMMED wallpapers. Drop in today or tomorrow and look them over.

SPRING WEATHER HARD ON BABY

The Canadian Spring weather—one day mild and bright; the next raw and blustery, is extremely hard on the baby. Conditions are such that the mother cannot take the little one out for the fresh air so much to be desired. He is confined to the house which is often overheated and badly ventilated. He catches cold; his little stomach and bowels become disordered and the mother soon has a sick baby to look after. To prevent this an occasional dose of Baby's Own Tablets should be given. They regulate the stomach and bowels, thus preventing colds, simple fevers, colic or any other of the many minor ills of childhood. The Tablets are sold by medicine dealers or by mail at 25c a box from The Dr. Williams' Medicine Co., Brockville, Ont.
