### AYER'S PILLS,

A safe and singularly successful remedy for the cure of all Bilious Diseases—Constipation, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Headache, Neuralgia, Irritability, Indurated Glands, Piles in the Breast, Side, Back, and Limbs, Female complaints, &c., &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and such sicknesses and sufferings might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a course habit of biliousness prevails; besides it soon generates various and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Children, Females, and the aged.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process, in a state of purity and combined together in such a manner as to insure the best results. This system of composition has been found to be the most efficient remedy than had hitherto been obtained by any process. The result is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of acrimony and injurious qualities; by this, each individual virtue only is desired for the curative effect is present. All the inert and obnoxious qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-evident the effect should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that my medicines should be taken under the control of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Formula by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British America. If, however, any one who has not received them, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, how few would be taken if their composition was known! Their life consists in their mystery. I have no mysteries.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject, freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its efficacy was known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their judgements were more than realized by their effects upon trial.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their regular action to health, and by expelling wherever they exist such dangerous humors as are the first origin of disease.

Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.
