MODERN HOUSE PLANS FOR EVERYBODY.—For village and country residences, costing from \$250 to \$8,000, including full descriptions and estimates in detail of materials, labor, cost, and many practical suggestions. By S. B. Reed, architect. Illustrated, 12mo, pp 243. The Orange Judd Company. Price, postpaid, \$1.

From its first appearance, House Plans for Everybody has occupied the first rank among architectural books. The plans comprise almost every variety of arrangement and style; each one is accompanied by a detailed description of its convenience and construction; and its cost is shown by careful estimates, made to correspond with a uniform standard of prices at present rates. So carefully have the standard features of home buildings been considered in the original edition that there was but little need to change the text, or floor plans. In the matter of outward dress, however, nearly all the elevations have been redrawn, with special regard to modern ideas and tastes and in this respect it is especially invaluable.

The Richest Woman's Story.

How Hetty Green, the famous financier, who enjoys the distinction of being the richest woman in America, has made and kept her millions will be told for the first time in the June Ladies' Home Journal. In view of Mrs. Green's vast wealth, so great that she herself cannot exactly compute it, the story of her home life will also be especially interesting, by reason of its extreme simplicity. In the article Mrs. Green tells how she has bought and sold railroads and towns, and how she has compelled political managers to do her bidding—showing the enormous power of money in these golden days. Her daily life, too, is interesting, for early and late she is at her task of watching her wealth and eagerly adding to it, being a stranger to almost any other recreation. Several pictures of the woman with millions, made expressly for the article, will give it additional interest.
